SENATE PASSES TAX-CUTTING BILL

House Votes $340,969,342 Farm Fund Cut

Truman Will Take Off For Capital Today

Convinced It Is Safe To Leave His Mother

GRANDVIEW, Mo., May 28. (AP)—President Truman, convinced that it is now safe to leave his ailing mother, decided tonight to return to Washington at 9 a. m. (EST) tomorrow.

His press secretary, Charles G. Ross, disclosed that his wife and daughter, Margaret, will fly back with him to the White House.

The President, Ross announced, will return to Kansas City Friday, June 6, to attend the annual reunion of the Thirty-Fifth Division of which he was a member during World War One.

Mr. Truman will address a memorial service on Saturday night and leave for Washington again the following Sunday.

Will Arrive At 2 P. M. EDT

Ross disclosed plans for the President's departure, a few minutes after the President himself said his doctor had told him it would be safe for him to return to the White House.

The 9 a. m. (EST) takeoff from the Fairfax Airport in nearby Kansas should put the presidential plane, the so-called "Sacred Cow," in Washington about 2 p. m. Washington Eastern Daylight Time.

Returning to Kansas City from his mother's bedside shortly after 5 p. m. (Eastern Standard Time), the President told reporters:

"The news is good. She is holding her own. The doctors think it is safe enough for me to return to the White House tomorrow."

The 94-year-old patient's temperature was normal, "her respiration, excellent and her pulse, good," said a bulletin from Brig. Gen. Wallace H. Graham, the White House physician.

Her condition, the aftermath of complications developing from inactivity as a result of a hip fracture suffered in mid-February, reached a low point last Saturday night. Since then there has been steady improvement, interrupted only once by a "bad night" Monday, ascribed to a chill from which she rallied quickly.

President's Voice Husky

The President plans to return to Grandview next week to check up on his mother's condition again when he keeps a long-standing engagement to address the annual reunion of the Thirty-Fifth Division.

Looking chipper and cheerful, the Chief Executive, departing for his twelfth day at his mother's bedside, said he was happy over an earlier telephone conversation with his sister, Miss Mary Jane Truman.

His voice husky from what he said was "too much talking," he told reporters who met him in the lobby of the Hotel Muehlebach in Kansas City that his mother was progressing so satisfactorily that he might consider returning to the White House this weekend.

Evidence In Alleged Election Fraud Stolen

KANSAS CITY, May 28, (AP) — Evidence upon which a state grand jury returned 81 vote fraud indictments was stolen today.

Thieves broke down two steel doors in the vault of the Kansas City Board of Election Commissioners and rifled the contents of three metal poll boxes containing ballots, poll books and tally sheets.

This was evidence used by the grand jury during a two months investigation of alleged vote juggling in the August Democratic primary election, which attained national prominence when President Truman urged defeat of Rep. Roger C. Slaughter, Democratic congressman from the Fifth Missouri District. Slaughter was running in a district adjacent to Truman's home district.

Rail Fares Rise June 1

WASHINGTON, May 28 (AP)—The recently-authorized 10 per cent increase in basic railroad passenger fares in the East will become effective next Sunday, June 1.

Murray Found Guilty In Jap Diamond Theft

COL. EDWARD J. MURRAY

Court Recesses To Determine Sentence

YOKOHAMA, Thursday, May 29 (AP)—Col. Edward J. Murray, of Palo Alto, Calif., was convicted today by an Army court-martial board which tried him on charges of misappropriation of some 500 diamonds while he was custodian of the Bank of Japan vaults.

There was no immediate announcement whether Murray had been found guilty of more than one of the charges. There were two formal charges, including six separate specifications.

The court-martial board of several generals and one colonel, which had deliberated the case since a recess shortly after 9 a. m., reentered the courtroom at 10:40 and asked the prosecutor, Capt. Andrew H. Bachison, Oak Harbor, Wash., to read the defendant's personal data.

Sentence To Be Detremined

Under court-martial procedure, this was a clear evidence the court had convicted him, for an acquittal would perforce have been announced immediately.

The court then recessed again to determine the sentence to be imposed.

On the first charge—violation of the 95th Article of War, by misappropriating some 500 diamonds "in custody of the United States, charged to him as custodial officer," the maximum and only sentence is dismissal from the service.

The second charge includes five specifications—two involving misappropriation of diamonds (500 about March 20, 1946, and four about January 19, 1947), and three involving failure to declare jewels and pay customs duty on them when re-entering the United States. Sentence on this second charge would be at the discretion of the court.

Personal Data Is Read

As the board returned to the courtroom after its first recess, Prosecutor Bachison asked if the court desired Murray's personal data to be read.

Maj. Gen. William Chase, Providence, R. I., president of the board, said "yes."

Bachison then faced Murray, who stood with sagging shoulders as the personal data was read aloud. Murray showed no emotion, except by a quick, repeated blinking of his eyes.

The defendant, dressed in regulation khaki uniform, wore his combat infantrymen's badge and ribbons denoting the Silver Star and Legion of Merit. He had led infantry in combat in the Philippines campaign of 1944-45.

Red Films, White House Are Linked; Probe Is Ordered

NLRB Also Accused; Background Omitted

WASHINGTON, May 28 — (AP) — The House Unamerican Activities Committee ordered an investigation today to follow up a subcommittee report that "some of the most flagrant Communist propaganda films were produced as a result of White House pressure."

The subcommittee offered no details or explanation beyond that one short statement. It did not say when, by or to whom the pressure was applied, or who was in the White House at the time. It withheld the number and names of the pictures.

During recent hearings in Hollywood, Film Actor Robert Taylor told the subcommittee a government representative forced him to appear against his will in the picture "Song Of Russia," which he considered Russian propaganda.

U. S. Representative Identified

Rep J. Parnell Thomas (R-N.J.), subcommittee chairman, identified the government representative as Dowell Mellet, former administrative assistant to President Roosevelt and now a Washington columnist. Mellett told reporters at the time the accusation was "too damned silly to deny."

Louis B. Mayer, film executive, in a statement May 18, denied that "Song Of Russia" is Communistic. He said it contains "no Russian ideology, to my knowledge."

Taylor and Jack Warner, Warner Brothers executive, testified to the subcommittee in closed meetings, as did a number of other Hollywood figures.

Today's report was handed the full Unamerican Activities Committee by Chairman J. Parnell Thomas (R-N.J.). Thomas and Rep. McDowell (R-Pa.) made the investigation in the movie capital.

Committee Approves Report

Thomas told reporters the full committee approved the report and its recommendations.

Naming both the White House and National Labor Relations Board while omitting any background, the subcommittee recommended:

"That an investigation be instituted to determine the responsibility and extent of the influence and interference on the part of government agencies or officials in the production of flagrant Communist propaganda films."

All the subcommittee said of NLRB was that it "has given great aid to the Communists in their efforts to infiltrate and control the motion picture industry."

Grafton Theater, Six Stores Burn

GRAFTON, W. Va., May 28 (AP)—An early morning fire which had blazed for an hour before it was discovered burned out the Grafton treater and six stores in the heart of the city today, causing a loss estimated by property owners at more than $400,000.

Firefighters from surrounding communities joined the Grafton volunteers in a three-hour battle before quelling the flames which at one time leaped 150 feet in the air.

Eyswitnesses said the first flames appeared to originate in the vicinity of the projection booth of the theater which occupied most of the four-story Brinkman block on the city's principal main street.

Answering the call at 3:55 a. m., (EST), firemen had barely had time to turn their water hoses on the fire when an explosion shattered all of the new glass fronts recently built on a number of the stores which occupied the block.

The blast toppled part of the theater wall. Belching flames attracted a crowd.

The flames spread from the theater east along Main Street and destroyed Bonafede's Grocery, the Loar Jewelry Store, a Western Auto Appliance store, a Sears Roebuck catalog order store and the C. B. Miller shoe store.

15-Year-Old Baltimore Girl Attacked By Negro

BALTIMORE, May 28. (AP)—A 15-year-old girl, left alone in her house last night, was attacked by a young negro, and no one came to her aid because neighbors thought her screams were part of a radio program, police reported.

A hospital report said there was "evidence of criminal assault," in the case.

Police are holding a man, and a special detail of detectives has been assigned to the case, Chief Inspector M. Joseph Wallace said.

"This is one case that cannot be left unsolved," Wallace declared.

The girl told police she came downstairs to answer a doorbell and was met by the man, who shoved her to the rear of a hallway and attacked her, beating her with a stick and choking her with his hands.

$847,601,976 Bill Approved By 315-38 Vote

$40,000,000 Is Added In Compromise Move

WASHINGTON, May 28. (AP)—The House passed, 315 to 38, and sent to the Senate tonight a $847,601,976 agriculture appropriation bill for 1948, with total reductions of $340,969,342 below the President's budget requests.

Except for the addition of $40,000,000 in a compromise move, there were no major changes in the bill from the form in which it was approved by the House Appropriations Committee.

Just prior to passage the House rejected 180 to 174 a motion to send the bill back to committee with instructions to increase it by roughly $165,000,000.

The added $40,000,000 is part of a $148,000,000 fund the Agriculture Department had expected to receive next year from import duties. The Appropriations Committee had recommended that the entire fund be turned into the Treasury but agreed at the last minute to allow the department to use the $40,000,000.

The fund, known as "Section 32" money, is used by the department for programs to encourage exportation and domestic consumption of agricultural commodities.

As it finally cleared the House following two days of debate, the bill carried a cut of 28.7 per cent below the President's budget. The Appropriations Committee had recommended a 32 per cent cut, or $383,427,742 from the $1,188,571,318 budget.

The action boosted to an estimated $2,630,000,000 the total cuts approved by the House this year in its drive to chop $6,000,000,000 from the President's overall budget of $37,500,000,000 for the 1948 fiscal year, starting July 1, 1947.

Acceptance of the $40,000,000 increase on motion of Rep. Dirksen (R-Ill), who handled the bill for the Appropriations Committee, was the only big change. Efforts to make substantial increases in funds for the school lunch program, for soil conservation payments and for Rural Electrification Administration loans failed despite the solid backing of Democrats and a few Republicans.

Two amendments cutting a total of $600,000 from the committee's figures were adopted, while four others adding $3,058,400 were approved.

In the hot debate on the bill Democrats had accused the Republicans of wrecking the farm program.

The measure proves that "the Republican Party is dominated by the eastern wing of the party," Democratic Whip McCormack, of Massachusetts, said.

McCormack said credit for restoration of the $40,000,000 in "Section 32" money belonged to Democrats and a few Republicans whose "militant fight" forced the compromise.

In explanation of the amendment, Dirksen told the House he had discussed the move with Chairman Hope (R-Kans) of the Agriculture Committee, who had criticized the Appropriations group's original action and had threatened a fight to restore the entire $148,000,000.

Four Housing Controls Are Ended Or Relaxed

WASHINGTON, May 28 (AP)—The government today announced four major changes ending or easing war-born housing controls, effective June 1.

Starting Sunday, these are the changes:

1. Federal housing permits will no longer be required for those who want to build homes for themselves or for veterans.

2. The one-bathroom limitation on new houses is dropped.

3. The 1,500 square foot restriction on floor space for homes is expanded to 2,000 square feet.

4. Repair or alteration allowances are increased from $400 to $1,000 for dwellings and from $1,000 to $2,500 for commercial and small industrial structures.

"TRAIN OF TOMORROW"—A streamlined, Diesel-electric powered "Train of Tomorrow," with upper-level observation decks in cars, was inspected yesterday at Soldier Field, Chicago. Ceremonies of christening occurred.

Single Provision Separates Labor Bill Conferees

Curbs On Bargaining Abandoned By House

WASHINGTON, May 28—(AP)—House and Senate conferees today achieved accord on all but a single provision of a compromise labor bill which imposes sweeping limitations on union activities and strikes.

Sen. Taft (R-Ohio) announced that most of the curbs contained in separate bills passed by the two houses are still in the final draft, but the House agreed to abandon a section of its measure which outlawed industry-wide collective bargaining in nearly every case.

The House also gave up a provision which authorized private employers to seek injunctions against jurisdictional strikes and secondary boycotts.

Taft told reporters the only issue still unresolved is whether to exclude food processors from coverage by the Wagner Collective Bargaining act. The House is insisting on this, while the Senate is dead set against it.

The legislation has aroused bitter opposition from union leaders, who call it "slave legislation" intended to smash unions. Its supporters say it is needed to reduce what they describe as undue advantages held by organized labor at the bargaining table and to curb neeedless strikes.

The Ohio Senator said the committee expects to iron out the remaining differences tomorrow, then draw up a formal conference report.

When this is ready, probably by the end of the week, the final draft of the bill will go first to the House and then the Senate for ratification.

Then the measure will go to the White House and an uncertain fate. President Truman has declined to state publicly whether he will sign or veto the bill. Labor union leaders have urged a veto.

In reply to a question as to whether the Senate could muster the required two-thirds majority to override a possible veto, Taft replied:

"I don't think I had better say yet."

May's Son And Marshall Testify At Bribe Trial

WASHINGTON, May 28—(AP)—Ex-Congressman Andrew J. May's son Robert said today that he held a war contract for 60,000 shell boxes with a Garsson munitions firm.

The younger May's witness stand disclosure came at the end of a busy day at the May-Garsson fraud trial—including testimony from Secretary of State Marshall which differed with a story the elder May had told the jury.

Marshall, former Army Chief of Staff, said that in 1945 the Army made "very heavy" cutbacks in ammunition orders as need slacked off, whereas May had said it was "screaming" for shells then, prompting him to appeal a Garsson contract cut.

CIO FORD WORKERS REJECT WAGE BOOST EQUAL TO 15 CENTS

DETROIT, May 28—(AP)—The CIO United Auto Workers today rejected an offer from the Ford Motor Company of the equivalent of a 15-cent-an-hour wage increase for 130,000 production employes because it did not include an old-age retirement plan.

The offer called for an 11½ cent hourly wage increase plus six paid annually holidays, a pattern similar to that accepted in other auto plants.

With the retirement plan, a spokesman added, the wage offer might be acceptable.

However, Ford went ahead with plans for a 10 per cent hike for 20,000 salaried employes, to become effective June 1. It was announced in conjunction with the offer to the UAW-CIO.

Sales Tax Foes Plan Legal Test

BALTIMORE, May 28. (AP)—A state-wide organization of businessmen and others opposed to Maryland's new two per cent sales tax plans to set in motion tomorrow a legal test by which they hope to have it outlawed.

Samuel J. Fisher, attorney for the Maryland Economic Council, said today he would present to Secretary of State John B. Funk at Annapolis a sheaf of petitions asking for a referendum on the sales levy.

Robert I. Black, of Norbeck, president of the council, said the petitions already have 16,000 notarized signatures.

Funk, a close adviser of Gov. Lane, has not announced what action he will take on the petitions.

A member of the Lane administration said the Secretary's first move probebly will be to ask the Attorney General for a formal opinion on whether he should entertain the petitions.

Attorney General Hall Hammond already has announced what his opinion will be. He reported to Gov. Lane two days ago that the sales tax measure is not subject to a popular vote.

The section of the Maryland Constitution which provides for a referendum on acts of the legislature exempts those which deal with appropriations and "maintaining the government.

If Funk refuses to recognize the referendum petitions, the economic council has at least two moves open to it.

1. Go into a circuit court and ask for a writ enjoining the state comptroller from collecting the tax starting July 1.

2. Go into a circuit court and seek of writ of mandamus requiring that the question be put on the ballot at the next state-wide election —in 1948.

Black has promised a fight to the Court of Appeals if a lower court rules against the Economic Council.

Cars With 1947 Tags Will Be Impounded

BALTIMORE, May 28 (AP)—The order went out to Maryland police tonight to impound all automobiles bearing 1947 license plates after midnight because the tags became extinct at that hour.

Officers explained the machines seized will be held until owners obtain and affix the new plates. The owners also will be summoned to traffic court.

Degree For Sen. O'Conor

PITTSBURGH, May 28 (AP) — United States Sen. Herbert R. O'Conor, of Maryland, and Maj. Gen. Thomas J. Hanley, Jr., of Harrisburg, Pa., commanding general of the Eleventh Air Force, will receive honorary LL.D. degrees at Duquesne University's 69th annual commencement exercises Sunday, June 8, when 253 students will graduate. Sen. O'Conor will deliver the commencement address.

Prosecutor Tries To Shake Youth's Story Of Killings

Statement Boy Shot On Impulse Doubted

LAPEER, Mich., May 28—(AP)—A county prosecutor began an effort today to prove that Oliver Terpening, Jr., 16-year-old farm boy, killed four young neighbors during an attempt to rape one of them, a pretty 'teen-ager whose childhood kisses he shared.

As the youth's court preliminaries bogged down temporarily, Prosecutor Kenneth H. Smith tried to shake an earlier statement that Terpening shot the children "because I wondered what it would feel like to put a bullet through a human being."

In a 20-minute appearance in Justice Court, the youthful defendant waived examination and was bound over for Circuit Court arraignment June 2 on a murder charge in the death of his playmates.

Boy's Statement Questioned

The young victims, whose bodies were found Monday on flower-speckled Sugar Loaf Hill near their Imlay City, Mich., farm home, were Barbara Smith, 16, Stanley, 14, Gladys, 12, and Janet, 2.

Smith questioned the boy's statement to state police that he shot Stanley on a few moments' impulse and then turned his .22 caliber hunting rifle on the girls as they picked flowers.

The prosecutor, no relation to the victims, said he "firmly believed" that Terpening acted only after he was surprised by the others in an attempt to assault Barbara, with whom, in childhood, he played "postoffice," a kissing game.

Lapeer County authorities reported at the time the bodies were discovered by a horrified older sister of the Smith children, that Barbara's slacks had been pulled down.

None Of Victims Raped

However, Terpening insisted since his arrest during a runaway flight to Toledo, O., Tuesday morning, that he did not molest Barbara nor the other two girls.

Two medical examiners confirmed that none of the children had been raped.

Waiver of Juvenile Court jurisdiction was held up for several hours until Mrs. Mattie Arnold, 51-year-old mother of the accused boy, arrived in Lapeer in the saddened ending of a California honeymoon.

The short, stocky woman signed a waiver and Probate Judge Glenn L. Hollenbeck ordered the boy turned over to authorities for appearance in Justice Court as a criminal rather than a juvenile defendant.

Slash Would Be Effective First Of July

Cuts Up To 30 Per Cent Are Provided

WASHINGTON, May 28, (AP) — A $4,000,000,000-a-year income tax cut was voted late today by the Senate, 52 to 34.

The bill, which reduces the payments of most taxpayers by 20 to 30 per cent, now goes back to the House, which already has passed tax reduction legislation of similar nature.

There is one big difference between the two bills, however. The House voted to make the reduction retroactive to last January 1; the Senate decided to make it effective this coming July 1.

This, and other differences, probably will be ironed out in a Senate-House conference committee. Then President Truman will be confronted with the question whether he shall sign a bill he doesn't like.

Only today, Secretary of the Treasury Snyder told reporters he has no idea whether the President will sign.

How Reductions Would Work

The Senate bill provides these percentage reductions:

Thirty per cent off for persons whose net income, after exemptions and deductions, is $1,000 or less.

From 30 to 20 per cent for persons with net incomes of $1,000 to $1,400.

Twenty per cent for incomes of $1,400 to $79,700.

Fifteen per cent from $79,700 to $302,400.

Ten and one-half per cent on all above $302,400.

The bill also provides an additional $500 personal exemption for taxpayers over 65 years of age, and for their spouses too, if they have reached 65.

Before the final vote, the Senate slapped down, 58 to 28, an attempt by Sen. Lucas (D-Ill.) to scrap the whole pending measure and substitute another, featured by a $100 increase in personal exemptions and a cut of two percentage points in each surtax rate. He said this would be fairer to those in the low income brackets.

Proposed Amendments Killed

Before Lucas called up his substitute, the Senate killed the following proposed amendments:

By Sen. McClellan (D-Ark.), to increase the personal income tax exemption from $500 to $750 for single persons, and from $1,000 to $1,500 for married couples. The vote was 44 against to 27 for.

By McClellan, to recognize family partnerships for federal tax purposes. This was defeated 54 to 29.

By Sen. McCarran (D-Nev.), to permit the deduction for tax purposes for capital investments in business, up to $125,000 or half of a single business' net income, whichever is smaller. This was rejected 60 to 16.

Md. Senators Divided

WASHINGTON, May 28, (AP) — Here's how senators from Maryland and West Virginia voted when the Senate passed today legislation to reduce income taxes:

Republicans for the bill—Revercomb of West Virginia.

Democrat for—O'Conor of Maryland.

Democrats against — Kilgore, of West Virginia; Tydings, of Maryland.

"Voice Of America" Wins Second Legislative Test

WASHINGTON, May 28—(AP)—A measure authorizing the administration to operate a foreign information program—including the "Voice of America" broadcasts — survived its second legislative test today. It won its way to the House floor after undergoing sharp criticism within the rules committee.

By a vote of seven to five, the Rules Committee ordered the bill to the floor for two hours of debate —probably beginning Tuesday.

Previously, the House Foreign Affairs Committee had given the measure its unanimous blessing.

Tension Rises

Both GOP, Demos Predict Victory In Congressional Baseball Clash

WASHINGTON, May 28 (AP) — Tension increased in political Washington today.

Quick, furtive conferences. . . hasty huddles in the cloak rooms. . . battle plans made and then rejected.

Both sides predicted victory. Both seemed to be looking confidently toward June 7, when the Republicans play the Democrats in a game of alleged baseball.

The proceeds go to the local police boys' clubs. And congressmen not only will play, but also will sell everything from tickets to peanuts.

The rival managers, Reps. Bishop (R-Ill) and Emory Price (D-Fla), issued identical statements:

"Right will triumph. We foresee an easy victory."

But a study of the congressional letters of acceptance shows there may be trouble ahead.

For instance, the Democrats may have too much talent.

"Being one of the greatest ball players ever to come out of our beloved southland," Rep. Rivers (D-SC) accepted with pleasure.

And Rep. Madden (D-Ind) answered with one sentence: "I am a pitcher, and a good one."

On the other hand, the Republicans have their troubles, too. Most of them want to be umpires. Rep. Hill (R-Colo) possibly disclosed why.

"If I could arrange to be umpire," he wrote, "I can tell you in advance who would win."

Rep. McGregor (R-Ohio) said he played in two previous benefit games, and added:

"Owing to the fact that I was able to get out of bed in two weeks, I am glad to take the chance again."

"Patent Pending"

Invalid Brothers Report Perfecting Static-Free AM Radio Receiving Set

BALTIMORE, May 28—(AP)—Two invalid brothers who have been repairing radios for a living said today they had perfected a receiving set which eliminates the biggest bug of modern broadcasting—static.

C. Baker and Robert L. Story developed the receiver in their repair shop, with Baker doing most of the "inventing." He has been working with radios for 22 years.

"We regard this as the most important development in radio since 1925, when the superheterodyne was introduced," Baker said today.

If their set can do all the brothers claim, it might conceiveably revolutionize the radio market.

Their receiver is for amplitude modulation broadcasts, the prevailing type at present. If practicable, it would match the principal advantage of the developing frequency modulation system—absence of static—while retaining long-range reception.

Baker said his new set picks up AM broadcasts which sound better than FM.

The Storys have been battling against nature for the last seven years to produce their new type set. Both are invalids.

Their receiver is in a "patent pending" status with the government and the brothers are ready to negotiate for its production. Until they are protected with patents, they decline to discuss technical aspects of their development.

The Storys demonstrated recently to a leading radio engineer.

They ran a screwdriver blade up and down the antenna—no static. They turned on a buffer motor right next to the set. No interruption in the reception. A nearby thunderstorm produced no effects.

Truman Will Take Off For Capital Today

Convinced It Is Safe To Leave His Mother

GRANDVIEW, Mo., May 28. (AP)—President Truman, convinced that it is now safe to leave his ailing mother, decided tonight to return to Washington at 9 a. m. (EST) tomorrow.

His press secretary, Charles G. Ross, disclosed that his wife and daughter, Margaret, will fly back with him to the White House.

The President, Ross announced, will return to Kansas City Friday, June 6, to attend the annual reunion of the Thirty-Fifth Division of which he was a member during World War One.

Mr. Truman will address a memorial service on Saturday night and leave for Washington again the following Sunday.

Will Arrive At 2 P. M. EDT

Ross disclosed plans for the President's departure, a few minutes after the President himself said his doctor had told him it would be safe for him to return to the White House.

The 9 a. m. (EST) takeoff from the Fairfax Airport in nearby Kansas should put the presidential plane, the so-called "Sacred Cow," in Washington about 2 p. m. Washington Eastern Daylight Time.

Returning to Kansas City from his mother's bedside shortly after 5 p. m. (Eastern Standard Time), the President told reporters:

"The news is good. She is holding her own. The doctors think it is safe enough for me to return to the White House tomorrow."

The 94-year-old patient's temperature was normal, "her respiration, excellent and her pulse, good," said a bulletin from Brig. Gen. Wallace H. Graham, the White House physician.

Her condition, the aftermath of complications developing from inactivity as a result of a hip fracture suffered in mid-February, reached a low point last Saturday night. Since then there has been steady improvement, interrupted only once by a "bad night" Monday, ascribed to a chill from which she rallied quickly.

President's Voice Husky

The President plans to return to Grandview next week to check up on his mother's condition again when he keeps a long-standing engagement to address the annual reunion of the Thirty-Fifth Division.

Looking chipper and cheerful, the Chief Executive, departing for his twelfth day at his mother's bedside, said he was happy over an earlier telephone conversation with his sister, Miss Mary Jane Truman.

His voice husky from what he said was "too much talking," he told reporters who met him in the lobby of the Hotel Muehlebach in Kansas City that his mother was progressing so satisfactorily that he might consider returning to the White House this weekend.

Evidence In Alleged Election Fraud Stolen

KANSAS CITY, May 28, (AP) — Evidence upon which a state grand jury returned 81 vote fraud indictments was stolen today.

Thieves broke down two steel doors in the vault of the Kansas City Board of Election Commissioners and rifled the contents of three metal poll boxes containing ballots, poll books and tally sheets.

This was evidence used by the grand jury during a two months investigation of alleged vote juggling in the August Democratic primary election, which attained national prominence when President Truman urged defeat of Rep. Roger C. Slaughter, Democratic congressman from the Fifth Missouri District. Slaughter was running in a district adjacent to Truman's home district.

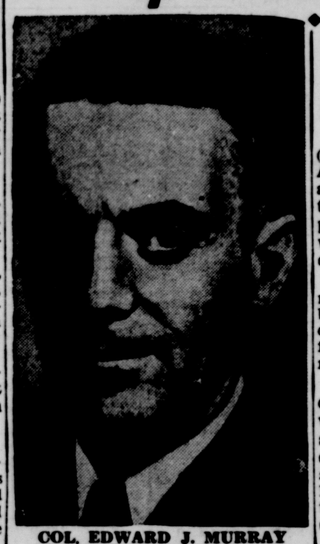
Murray Found Guilty In Jap Diamond Theft



COL. EDWARD J. MURRAY

Court Recesses To Determine Sentence

YOKOHAMA, Thursday, May 29 (AP)—Col. Edward J. Murray, of Palo Alto, Calif., was convicted today by an Army court-martial board which tried him on charges of misappropriation of some 500 diamonds while he was custodian of the Bank of Japan vaults.

There was no immediate announcement whether Murray had been found guilty of more than one of the charges. There were two formal charges, including six separate specifications.

The court-martial board of several generals and one colonel, which had deliberated the case since a recess shortly after 9 a. m., reentered the courtroom at 10:40 and asked the prosecutor, Capt. Andrew H. Bachison, Oak Harbor, Wash., to read the defendant's personal data.

Sentence To Be Detremined

Under court-martial procedure, this was a clear evidence the court had convicted him, for an acquittal would perforce have been announced immediately.

The court then recessed again to determine the sentence to be imposed.

On the first charge—violation of the 95th Article of War, by misappropriating some 500 diamonds "in custody of the United States, charged to him as custodial officer," the maximum and only sentence is dismissal from the service.

The second charge includes five specifications—two involving misappropriation of diamonds (500 about March 20, 1946, and four about January 19, 1947), and three involving failure to declare jewels and pay customs duty on them when re-entering the United States. Sentence on this second charge would be at the discretion of the court.

Personal Data Is Read

As the board returned to the courtroom after its first recess, Prosecutor Bachison asked if the court desired Murray's personal data to be read.

Maj. Gen. William Chase, Providence, R. I., president of the board, said "yes."

Bachison then faced Murray, who stood with sagging shoulders as the personal data was read aloud. Murray showed no emotion, except by a quick, repeated blinking of his eyes.

The defendant, dressed in regulation khaki uniform, wore his combat infantrymen's badge and ribbons denoting the Silver Star and Legion of Merit. He had led infantry in combat in the Philippines campaign of 1944-45.

Red Films, White House Are Linked; Probe Is Ordered

NLRB Also Accused; Background Omitted

WASHINGTON, May 28 — (AP) — The House Unamerican Activities Committee ordered an investigation today to follow up a subcommittee report that "some of the most flagrant Communist propaganda films were produced as a result of White House pressure."

The subcommittee offered no details or explanation beyond that one short statement. It did not say when, by or to whom the pressure was applied, or who was in the White House at the time. It withheld the number and names of the pictures.

During recent hearings in Hollywood, Film Actor Robert Taylor told the subcommittee a government representative forced him to appear against his will in the picture "Song Of Russia," which he considered Russian propaganda.

U. S. Representative Identified

Rep J. Parnell Thomas (R-N.J.), subcommittee chairman, identified the government representative as Dowell Mellet, former administrative assistant to President Roosevelt and now a Washington columnist. Mellett told reporters at the time the accusation was "too damned silly to deny."

Louis B. Mayer, film executive, in a statement May 18, denied that "Song Of Russia" is Communistic. He said it contains "no Russian ideology, to my knowledge."

Taylor and Jack Warner, Warner Brothers executive, testified to the subcommittee in closed meetings, as did a number of other Hollywood figures.

Today's report was handed the full Unamerican Activities Committee by Chairman J. Parnell Thomas (R-N.J.). Thomas and Rep. McDowell (R-Pa.) made the investigation in the movie capital.

Committee Approves Report

Thomas told reporters the full committee approved the report and its recommendations.

Naming both the White House and National Labor Relations Board while omitting any background, the subcommittee recommended:

"That an investigation be instituted to determine the responsibility and extent of the influence and interference on the part of government agencies or officials in the production of flagrant Communist propaganda films."

All the subcommittee said of NLRB was that it "has given great aid to the Communists in their efforts to infiltrate and control the motion picture industry."

Grafton Theater, Six Stores Burn

GRAFTON, W. Va., May 28 (AP)—An early morning fire which had blazed for an hour before it was discovered burned out the Grafton treater and six stores in the heart of the city today, causing a loss estimated by property owners at more than $400,000.

Firefighters from surrounding communities joined the Grafton volunteers in a three-hour battle before quelling the flames which at one time leaped 150 feet in the air.

Eyswitnesses said the first flames appeared to originate in the vicinity of the projection booth of the theater which occupied most of the four-story Brinkman block on the city's principal main street.

Answering the call at 3:55 a. m., (EST), firemen had barely had time to turn their water hoses on the fire when an explosion shattered all of the new glass fronts recently built on a number of the stores which occupied the block.

The blast toppled part of the theater wall. Belching flames attracted a crowd.

The flames spread from the theater east along Main Street and destroyed Bonafede's Grocery, the Loar Jewelry Store, a Western Auto Appliance store, a Sears Roebuck catalog order store and the C. B. Miller shoe store.

15-Year-Old Baltimore Girl Attacked By Negro

BALTIMORE, May 28. (AP)—A 15-year-old girl, left alone in her house last night, was attacked by a young negro, and no one came to her aid because neighbors thought her screams were part of a radio program, police reported.

A hospital report said there was "evidence of criminal assault," in the case.

Police are holding a man, and a special detail of detectives has been assigned to the case, Chief Inspector M. Joseph Wallace said.

"This is one case that cannot be left unsolved," Wallace declared.

The girl told police she came downstairs to answer a doorbell and was met by the man, who shoved her to the rear of a hallway and attacked her, beating her with a stick and choking her with his hands.

$847,601,976 Bill Approved By 315-38 Vote

$40,000,000 Is Added In Compromise Move

WASHINGTON, May 28. (AP)—The House passed, 315 to 38, and sent to the Senate tonight a $847,601,976 agriculture appropriation bill for 1948, with total reductions of $340,969,342 below the President's budget requests.

Except for the addition of $40,000,000 in a compromise move, there were no major changes in the bill from the form in which it was approved by the House Appropriations Committee.

Just prior to passage the House rejected 180 to 174-a motion to send the bill back to committee with instructions to increase it by roughly $165,000,000.

The added $40,000,000 is part of a $148,000,000 fund the Agriculture Department had expected to receive next year from import duties. The Appropriations Committee had recommended that the entire fund be turned into the Treasury but agreed at the last minute to allow the department to use the $40,000,000.

The fund, known as "Section 32" money, is used by the department for programs to encourage exportation and domestic consumption of agricultural commodities.

As it finally cleared the House following two days of debate, the bill carried a cut of 28.7 per cent below the President's budget. The Appropriations Committee had recommended a 32 per cent cut, or $383,427,742 from the $1,188,571,318 budget.

The action boosted to an estimated $2,630,000,000 the total cuts approved by the House this year in its drive to chop $6,000,000,000 from the President's overall budget of $37,500,000,000 for the 1948 fiscal year, starting July 1, 1947.

Acceptance of the $40,000,000 increase on motion of Rep. Dirksen (R-Ill), who handled the bill for the Appropriations Committee, was the only big change. Efforts to make substantial increases in funds for the school lunch program, for soil conservation payments and for Rural Electrification Administration loans failed despite the solid backing of Democrats and a few Republicans.

Two amendments cutting a total of $600,000 from the committee's figures were adopted, while four others adding $3,058,400 were approved.

In the hot debate on the bill Democrats had accused the Republicans of wrecking the farm program.

The measure proves that "the Republican Party is dominated by the eastern wing of the party," Democratic Whip McCormack, of Massachusetts, said.

McCormack said credit for restoration of the $40,000,000 in "Section 32" money belonged to Democrats and a few Republicans whose "militant fight" forced the compromise.

In explanation of the amendment, Dirksen told the House he had discussed the move with Chairman Hope (R-Kans) of the Agriculture Committee, who had criticized the Appropriations group's original action and had threatened a fight to restore the entire $148,000,000.

Four Housing Controls Are Ended Or Relaxed

WASHINGTON, May 28 (AP)—The government today announced four major changes ending or easing war-born housing controls, effective June 1.

Starting Sunday, these are the changes:

1. Federal housing permits will no longer be required for those who want to build homes for themselves or for veterans.

2. The one-bathroom limitation on new houses is dropped.

3. The 1,500 square foot restriction on floor space for homes is expanded to 2,000 square feet.

4. Repair or alteration allowances are increased from $400 to $1,000 for dwellings and from $1,000 to $2,500 for commercial and small industrial structures.

"TRAIN OF TOMORROW"—A streamlined, Diesel-electric powered "Train of Tomorrow," with upper-level observation decks in cars, was inspected yesterday at Soldier Field, Chicago. Ceremonies of christening occurred.

Single Provision Separates Labor Bill Conferees

Curbs On Bargaining Abandoned By House

WASHINGTON, May 28—(AP)—House and Senate conferees today achieved accord on all but a single provision of a compromise labor bill which imposes sweeping limitations on union activities and strikes.

Sen. Taft (R-Ohio) announced that most of the curbs contained in separate bills passed by the two houses are still in the final draft, but the House agreed to abandon a section of its measure which outlawed industry-wide collective bargaining in nearly every case.

The House also gave up a provision which authorized private employers to seek injunctions against jurisdictional strikes and secondary boycotts.

Taft told reporters the only issue still unresolved is whether to exclude food processors from coverage by the Wagner Collective Bargaining act. The House is insisting on this, while the Senate is dead set against it.

The legislation has aroused bitter opposition from union leaders, who call it "slave legislation" intended to smash unions. Its supporters say it is needed to reduce what they describe as undue advantages held by organized labor at the bargaining table and to curb neeedless strikes.

The Ohio Senator said the committee expects to iron out the remaining differences tomorrow, then draw up a formal conference report.

When this is ready, probably by the end of the week, the final draft of the bill will go first to the House and then the Senate for ratification.

Then the measure will go to the White House and an uncertain fate. President Truman has declined to state publicly whether he will sign or veto the bill. Labor union leaders have urged a veto.

In reply to a question as to whether the Senate could muster the required two-thirds majority to override a possible veto, Taft replied:

"I don't think I had better say yet."

May's Son And Marshall Testify At Bribe Trial

WASHINGTON, May 28—(AP)—Ex-Congressman Andrew J. May's son Robert said today that he held a war contract for 60,000 shell boxes with a Garsson munitions firm.

The younger May's witness stand disclosure came at the end of a busy day at the May-Garsson fraud trial—including testimony from Secretary of State Marshall which differed with a story the elder May had told the jury.

Marshall, former Army Chief of Staff, said that in 1945 the Army made "very heavy" cutbacks in ammunition orders as need slacked off, whereas May had said it was "screaming" for shells then, prompting him to appeal a Garsson contract cut.

CIO FORD WORKERS REJECT WAGE BOOST EQUAL TO 15 CENTS

DETROIT, May 28—(AP)—The CIO United Auto Workers today rejected an offer from the Ford Motor Company of the equivalent of a 15-cent-an-hour wage increase for 130,000 production employes because it did not include an old-age retirement plan.

The offer called for an 11½ cent hourly wage increase plus six paid annually holidays, a pattern similar to that accepted in other auto plants.

With the retirement plan, a spokesman added, the wage offer might be acceptable.

However, Ford went ahead with plans for a 10 per cent hike for 20,000 salaried employes, to become effective June 1. It was announced in conjunction with the offer to the UAW-CIO.

Sales Tax Foes Plan Legal Test

BALTIMORE, May 28. (AP)—A state-wide organization of businessmen and others opposed to Maryland's new two per cent sales tax plans to set in motion tomorrow a legal test by which they hope to have it outlawed.

Samuel J. Fisher, attorney for the Maryland Economic Council, said today he would present to Secretary of State John B. Funk at Annapolis a sheaf of petitions asking for a referendum on the sales levy.

Robert I. Black, of Norbeck, president of the council, said the petitions already have 16,000 notarized signatures.

Funk, a close adviser of Gov. Lane, has not announced what action he will take on the petitions.

A member of the Lane administration said the Secretary's first move probebly will be to ask the Attorney General for a formal opinion on whether he should entertain the petitions.

Attorney General Hall Hammond already has announced what his opinion will be. He reported to Gov. Lane two days ago that the sales tax measure is not subject to a popular vote.

The section of the Maryland Constitution which provides for a referendum on acts of the legislature exempts those which deal with appropriations and "maintaining the government.

If Funk refuses to recognize the referendum petitions, the economic council has at least two moves open to it.

1. Go into a circuit court and ask for a writ enjoining the state comptroller from collecting the tax starting July 1.

2. Go into a circuit court and seek of writ of mandamus requiring that the question be put on the ballot at the next state-wide election—in 1948.

Black has promised a fight to the Court of Appeals if a lower court rules against the Economic Council.

Cars With 1947 Tags Will Be Impounded

BALTIMORE, May 28 (AP)—The order went out to Maryland police tonight to impound all automobiles bearing 1947 license plates after midnight because the tags became extinct at that hour.

Officers explained the machines seized will be held until owners obtain and affix the new plates. The owners also will be summoned to traffic court.

Degree For Sen. O'Conor

PITTSBURGH, May 28 (AP) — United States Sen. Herbert R. O'Conor, of Maryland, and Maj. Gen. Thomas J. Hanley, Jr., of Harrisburg, Pa., commanding general of the Eleventh Air Force, will receive honorary LL.D. degrees at Duquesne University's 69th annual commencement exercises Sunday, June 8, when 253 students will graduate. Sen. O'Conor will deliver the commencement address.

Prosecutor Tries To Shake Youth's Story Of Killings

Statement Boy Shot On Impulse Doubted

LAPEER, Mich., May 28—(AP)—A county prosecutor began an effort today to prove that Oliver Terpening, Jr., 16-year-old farm boy, killed four young neighbors during an attempt to rape one of them, a pretty 'teenager whose childhood kisses he shared.

As the youth's court preliminaries bogged down temporarily, Prosecutor Kenneth H. Smith tried to shake an earlier statement that Terpening shot the children "because I wondered what it would feel like to put a bullet through a human being."

In a 20-minute appearance in Justice Court, the youthful defendant waived examination and was bound over for Circuit Court arraignment June 2 on a murder charge in the death of his playmates.

Boy's Statement Questioned

The young victims, whose bodies were found Monday on flower-speckled Sugar Loaf Hill near their Imlay City, Mich., farm home, were Barbara Smith, 16, Stanley, 14, Gladys, 12, and Janet, 2.

Smith questioned the boy's statement to state police that he shot Stanley on a few moments' impulse and then turned his .22 caliber hunting rifle on the girls as they picked flowers.

The prosecutor, no relation to the victims, said he "firmly believed" that Terpening acted only after he was surprised by the others in an attempt to assault Barbara, with whom, in childhood, he played "postoffice," a kissing game.

Lapeer County authorities reported at the time the bodies were discovered by a horrified older sister of the Smith children, that Barbara's slacks had been pulled down.

None Of Victims Raped

However, Terpening insisted since his arrest during a runaway flight to Toledo, O., Tuesday morning, that he did not molest Barbara nor the other two girls.

Two medical examiners confirmed that none of the children had been raped.

Waiver of Juvenile Court jurisdiction was held up for several hours until Mrs. Mattie Arnold, 51-year-old mother of the accused boy, arrived in Lapeer in the saddened ending of a California honeymoon.

The short, stocky woman signed a waiver and Probate Judge Glenn L. Hollenbeck ordered the boy turned over to authorities for appearance in Justice Court as a criminal rather than a juvenile defendant.

Slash Would Be Effective First Of July

Cuts Up To 30 Per Cent Are Provided

WASHINGTON, May 28, (AP) — A $4,000,000,000-a-year income tax cut was voted late today by the Senate, 52 to 34.

The bill, which reduces the payments of most taxpayers by 20 to 30 per cent, now goes back to the House, which already has passed tax reduction legislation of similar nature.

There is one big difference between the two bills, however. The House voted to make the reduction retroactive to last January 1; the Senate decided to make it effective this coming July 1.

This, and other differences, probably will be ironed out in a Senate-House conference committee. Then President Truman will be confronted with the question whether he shall sign a bill he doesn't like.

Only today, Secretary of the Treasury Snyder told reporters he has no idea whether the President will sign.

How Reductions Would Work

The Senate bill provides these percentage reductions:

Thirty per cent off for persons whose net income, after exemptions and deductions, is $1,000 or less.

From 30 to 20 per cent for persons with net incomes of $1,000 to $1,400.

Twenty per cent for incomes of $1,400 to $79,700.

Fifteen per cent from $79,700 to $302,400.

Ten and one-half per cent on all above $302,400.

The bill also provides an additional $500 personal exemption for taxpayers over 65 years of age, and for their spouses too, if they have reached 65.

Before the final vote, the Senate slapped down, 58 to 28, an attempt by Sen. Lucas (D-Ill.) to scrap the whole pending measure and substitute another, featured by a $100 increase in personal exemptions and a cut of two percentage points in each surtax rate. He said this would be fairer to those in the low income brackets.

Proposed Amendments Killed

Before Lucas called up his substitute, the Senate killed the following proposed amendments:

By Sen. McClellan (D-Ark.), to increase the personal income tax exemption from $500 to $750 for single persons, and from $1,000 to $1,500 for married couples. The vote was 44 against to 27 for.

By McClellan, to recognize family partnerships for federal tax purposes. This was defeated 54 to 29.

By Sen. McCarran (D-Nev.), to permit the deduction for tax purposes for capital investments in business, up to $125,000 or half of a single business' net income, whichever is smaller. This was rejected 60 to 16.

Md. Senators Divided

WASHINGTON, May 28, (AP) — Here's how senators from Maryland and West Virginia voted when the Senate passed today legislation to reduce income taxes:

Republicans for the bill—Revercomb of West Virginia.

Democrat for—O'Conor of Maryland.

Democrats against — Kilgore, of West Virginia; Tydings, of Maryland.

"Voice Of America" Wins Second Legislative Test

WASHINGTON, May 28—(AP)—A measure authorizing the administration to operate a foreign information program—including the "Voice of America" broadcasts—survived its second legislative test today. It won its way to the House floor after undergoing sharp criticism within the rules committee.

By a vote of seven to five, the Rules Committee ordered the bill to the floor for two hours of debate—probably beginning Tuesday.

Previously, the House Foreign Affairs Committee had given the measure its unanimous blessing.

Tension Rises

Both GOP, Demos Predict Victory In Congressional Baseball Clash

WASHINGTON, May 28 (AP) — Tension increased in political Washington today.

Quick, furtive conferences. . . hasty hudles in the cloak rooms. . . . battle plans made and then rejected.

Both sides predicted victory. Both seemed to be looking confidently toward June 7, when the Republicans play the Democrats in a game of alleged baseball.

The proceeds go to the local police boys' clubs. And congressmen not only will play, but also will sell everything from tickets to peanuts.

The rival managers, Reps. Bishop (R-Ill) and Emory Price (D-Fla), issued identical statements:

"Right will triumph. We foresee an easy victory."

But a study of the congressional letters of acceptance shows there may be trouble ahead.

For instance, the Democrats may have too much talent.

"Being one of the greatest ball players ever to come out of our beloved southland," Rep. Rivers (D-SC) accepted with pleasure.

And Rep. Madden (D-Ind) answered with one sentence: "I am a pitcher, and a good one."

On the other hand, the Republicans have their troubles, too. Most of them want to be umpires. Rep. Hill (R-Colo) possibly disclosed why.

"If I could arrange to be umpire," he wrote, "I can tell you in advance who would win."

Rep. McGregor (R-Ohio) said he played in two previous benefit games, and added:

"Owing to the fact that I was able to get out of bed in two weeks, I am glad to take the chance again."

"Patent Pending"

Invalid Brothers Report Perfecting Static-Free AM Radio Receiving Set

BALTIMORE, May 28—(AP)—Two invalid brothers who have been repairing radios for a living said today they had perfected a receiving set which eliminates the biggest bug of modern broadcasting—static.

C. Baker and Robert L. Story developed the receiver in their repair shop, with Baker doing most of the "inventing." He has been working with radios for 22 years.

"We regard this as the most important development in radio since 1925, when the superheterodyne was introduced," Baker said today.

If their set can do all the brothers claim, it might conceiveably revolutionize the radio market.

Their receiver is for amplitude modulation broadcasts, the prevailing type at present. If practicable, it would match the principal advantage of the developing frequency modulation system—absence of static—while retaining long-range reception.

Baker said his new set picks up AM broadcasts which sound better than FM.

The Storys have been battling against nature for the last seven years to produce their new type set. Both are invalids.

Their receiver is in a "patent pending" status with the government and the brothers are ready to negotiate for its production. Until they are protected with patents, they decline to discuss technical aspects of their development.

The Storys demonstrated recently to a leading radio engineer.

They ran a screwdriver blade up and down the antenna—no static. They turned on a buffer motor right next to the set. No interruption in the reception. A nearby thunderstorm produced no effects.

UMW Committee To Hear Report On Negotiations

No Accord Reached, Union Official Says

WASHINGTON, May 28 (AP) — John L. Lewis tonight called his policy committee and district presidents into meeting tomorrow morning to receive a "progress" report on negotiations with the soft coal operators.

Neither Lewis nor the operators would discuss their talks but one union official replied with a flat "no" when asked whether a contract has been agreed upon for submitting to the 200-man policy committee of the United Mine Workers.

The committee has been standing by for weeks while UMW President Lewis opened negotiations with the operators. This group authorizes Lewis' major moves.

The union began negotiations with the southern coal producers today, and during a two-hour session the mine owners offered some "ideas" for discussion. They will be considered again tomorrow at a session beginning at 10:30 a. m. (EDT), said Conference Chairman Laurence E. Tierney, Jr., of Bluefield, W. Va. The UMW chief did not attend the southern talks.

Lewis and his negotiators met for only one hour with the representatives of the northern, midwestern and far western operators, who account for 75 percent of the nation's bituminous production.

Although it was the first conference since last Friday, the union committee left suddenly, followed by the call to the waiting policy committee.

Vacations Ordered

WASHINGTON, May 26, (AP) — The Coal Mines Administration ordered 10-day vacations with $100 pay today for some 350,000 miners employed in the 2,500 soft coal mines operated by the government.

Capt. N. H. Collisson, Federal Coal Mines Administrator, directed the vacation period to begin June 28, with payments of the $100 vacation checks to be made on the last pay day of June but not later than June 27.

Each miner with a full employment for the period of June 1946 to June 30, 1947, will qualify for the $100 vacation payment. Pro-rated payments will be made for miners with lesser service.

Lewis Heads District 50

WASHINGTON, May 28, (AP) — John L. Lewis has handed over the "functions and authority" of the presidency of the United Mine Workers' District 50 to his brother, A. D. (Denny) Lewis, it was disclosed today.

District 50, a catch-all union, was formed in 1936 to organize workers in all branches of industry, whether connected with coal or not.

The UMW president signed an order authorizing the change on May 24, as John Kmetz, who had been serving as head of District 50, left for Europe as an alternate delegate to the International Labor Organization in Geneva.

Disclosure of the shake-up in District 50 leadership was made in the UMW Journal.

Nude Man Beats Cleric, Wife And Daughter With 20-Pound Furnace Shaker

GROTON, Conn., May 28. (AP)—A nude assailant, wielding a heavy furnace shaker, battered a 55-year-old Baptist clergyman, the latter's wife and 16-year-old daughter, Evelyn, injuring father and daughter critically, as all three slept early today. Hours later no trace of the man had been found.

State Police Lieutenant William E. MacKenzie said an alarm was out for Cedric Carptenter, 27, of nearby Old Mystic, a carpenter by trade.

Carpenter is a brother-in-law of Mrs. Nicholas Shepler, 49-year-old wife of Rev. Nicholas Shepler, who, with their daughter were pummeled with the shaker estimated by MacKenzie to weigh nearly 20 pounds. All three victims were taken to a New London hospital.

The clergyman underwent an immediate operation which the hospital said he stood "fairly well." His daughter was said by a hospital spokesman to be in a semi-conscious condition.

Carpenter, a former Navy welterweight boxer, forced an entry through a rear door, MacKenzie said, stripped off his clothes before assaulting the Sheplers, then fled leaving behind his underwear, socks and coat.

Mr. Shepler was able to tell MacKenzie of the attack and to identify Carpenter as his assailant, the lieutenant said, but his daughter, whose screams aroused the neighborhood, was unconscious when police arrived.

Carpenter was described by police as having been recently separated from his wife, Mrs. Shepler's sister.

Atom Delegates Clash Over Veto

LAKE SUCCESS, May 28—(AP)—Atomic delegates from the United States, Britain and Canada clashed heatedly today with Russia's Andrei A. Gromyko over a Soviet proposal which would put atomic energy controls within reach of the United Nations Security Council's veto.

The representatives of the three western countries reaffirmed their opposition to any veto on punishment of any nation or individual for atomic crimes.

Gromyko insisted his proposal was in line with a United Nations General Assembly resolution on arms and atomic control. Furthermore, he said, the delegates would be discussing Russia's proposals "for the next two years" if they proceeded as slowly as they have in the last two months.

The clash came in a closed meeting of the working committee of the united Nations Atomic Energy Commission, which specifically is considering 12 amendments submitted by Gromyko to the commission's first report adopted last December.

The continued disagreement meant that no progress was made toward solving basic differences between the United States and Soviet Russia.

Petitions On Behalf Of Elgin Delivered

ANNAPOLIS, Md., May 28 (AP) — Petitions purportedly bearing the signatures of 6,666 persons seeking a referendum on the ouster of Motor Vehicles Commissioner W. Lee Elgin were delivered to the Secretary of State's office today.

The petitions were turned over to the Secretary's staff by Paul Berman, Baltimore attorney.

Secretary John B. Funk was not here, but Louis J. O'Donnell, assistant to the Governor, said the petitions would be referred first to the Attorney General before they are certified.

The number of names will be checked by personnel in Funk's office, but the Attorney General will have the job of determining their validity and their proper form as outlined in statutes.

Bank Cashier Outsmarts Bandit After Kidnaping

TRACY CITY, Tenn., May 28 (AP) —A fidgety and frustrated bandit kidnaped a 45-year-old banker, then left him trussed-up but unharmed early today after the banker played dumb about opening a vault containing a $40,000 payroll. The bandit fled, empty-handed.

Alvin Henderson, cashier of the First National Bank, was left tied-up in his own car on a country road near here after a forced trip at gunpoint to the bank shortly after midnight.

His 70-year-old mother, Mrs. Ida Henderson, was bound with strips of sheeting from a bed by the bandit who called at the Henderson home four blocks from the bank. She freed herself in a short time and spread the alarm.

Prisoner's Leap Short In Bid For Freedom

BALTIMORE, May 28. (AP)—A 37-year-old convict risked a 17-foot jump from a roof to the wall of the Maryland Penitentiary today, missed by about a yard, and fell at the feet of Guard Frederick Fredericks, who was eating his lunch.

James DeMichals, of Chicago, even though covered by a guard's gun, ran down the slanting roof of a prison shop, leaped, and dropped 22 feet, breaking his ankle, Warden Patrick Brady said.

Another prisoner, Peter Barnackie, made the same leap last December—successfully—and still is at large.

Execution Of 48 Nazis Completed

LANDSBERG, Germany, May 28 —(AP)—Twenty-six more guards and torturers of the Nazi's Mauthausen concentration camp—some making sardonic speeches about American justice—died on twin gallows today as United States hangmen completed the biggest Allied mass execution of convicted war criminals.

The executions this morning at Landsberg Prison, which were carried out in three and a half hours, brought the two-day total to 48. Twenty-two other guards and foremen of the camp were hanged yesterday in two hours and 37 minutes.

A last-minute stay was granted to Otto Striegel, 32, the Mauthausen mess sergeant. Defiantly, he demanded to know why he could not be hanged with his comrades. United States Army headquarters indicated a final decision in his case would be reached within 24 hours.

The highest-ranking Nazi among the condemned men, August Eigruber, 40, gauleiter of Upper Austria from 1939 to 1945, declared grimly a few moments before the trap was sprung:

"I regard it an honor for me to be tried and hanged by the most inhuman of all victors."

Wilhelm Henkel, 39, Mauthausen dentist, was the only one who cracked under the strain. Shaking with fright, he broke into wild sobs of "Lord help me," and screamed that he "thought American troops were here for justice and freedom."

UMW Committee To Hear Report On Negotiations

No Accord Reached, Union Official Says

WASHINGTON, May 28 (AP) — John L. Lewis tonight called his policy committee and district presidents into meeting tomorrow morning to receive a "progress" report on negotiations with the soft coal operators.

Neither Lewis nor the operators would discuss their talks but one union official replied with a flat "no" when asked whether a contract has been agreed upon for submitting to the 200-man policy committee of the United Mine Workers.

The committee has been standing by for weeks while UMW President Lewis opened negotiations with the operators. This group authorizes Lewis' major moves.

The union began negotiations with the southern coal producers today, and during a two-hour session the mine owners offered some "ideas" for discussion. They will be considered again tomorrow at a session beginning at 10:30 a. m. (EDT), said Conference Chairman Laurence E. Tierney, Jr., of Bluefield, W. Va. The UMW chief did not attend the southern talks.

Lewis and his negotiators met for only one hour with the representatives of the northern, midwestern and far western operators, who account for 75 percent of the nation's bituminous production.

Although it was the first conference since last Friday, the union committee left suddenly, followed by the call to the waiting policy committee.

Vacations Ordered

WASHINGTON, May 26, (AP) — The Coal Mines Administration ordered 10-day vacations with $100 pay today for some 350,000 miners employed in the 2,500 soft coal mines operated by the government.

Capt. N. H. Collisson, Federal Coal Mines Administrator, directed the vacation period to begin June 28, with payments of the $100 vacation checks to be made on the last pay day of June but not later than June 27.

Each miner with a full employment for the period of June 1946 to June 30, 1947, will qualify for the $100 vacation payment. Pro-rated payments will be made for miners with lesser service.

Lewis Heads District 50

WASHINGTON, May 28, (AP) — John L. Lewis has handed over the "functions and authority" of the presidency of the United Mine Workers' District 50 to his brother, A. D. (Denny) Lewis, it was disclosed today.

District 50, a catch-all union, was formed in 1936 to organize workers in all branches of industry, whether connected with coal or not.

The UMW president signed an order authorizing the change on May 24, as John Kmetz, who had been serving as head of District 50, left for Europe as an alternate delegate to the International Labor Organization in Geneva.

Disclosure of the shake-up in District 50 leadership was made in the UMW Journal.

Nude Man Beats Cleric, Wife And Daughter With 20-Pound Furnace Shaker

GROTON, Conn., May 28. (AP)—A nude assailant, wielding a heavy furnace shaker, battered a 55-year-old Baptist clergyman, the latter's wife and 16-year-old daughter, Evelyn, injuring father and daughter critically, as all three slept early today. Hours later no trace of the man had been found.

State Police Lieutenant William E. MacKenzie said an alarm was out for Cedric Carptenter, 27, of nearby Old Mystic, a carpenter by trade.

Carpenter is a brother-in-law of Mrs. Nicholas Shepler, 49-year-old wife of Rev. Nicholas Shepler, who, with their daughter were pummeled with the shaker estimated by MacKenzie to weigh nearly 20 pounds. All three victims were taken to a New London hospital.

The clergyman underwent an immediate operation which the hospital said he stood "fairly well." His daughter was said by a hospital spokesman to be in a semi-conscious condition.

Carpenter, a former Navy welterweight boxer, forced an entry through a rear door, MacKenzie said, stripped off his clothes before assaulting the Sheplers, then fled leaving behind his underwear, socks and coat.

Mr. Shepler was able to tell MacKenzie of the attack and to identify Carpenter as his assailant, the lieutenant said, but his daughter, whose screams aroused the neighborhood, was unconscious when police arrived.

Carpenter was described by police as having been recently separated from his wife, Mrs. Shepler's sister.

Atom Delegates Clash Over Veto

LAKE SUCCESS, May 28—(AP)—Atomic delegates from the United States, Britain and Canada clashed heatedly today with Russia's Andrei A. Gromyko over a Soviet proposal which would put atomic energy controls within reach of the United Nations Security Council's veto.

The representatives of the three western countries reaffirmed their opposition to any veto on punishment of any nation or individual for atomic crimes.

Gromyko insisted his proposal was in line with a United Nations General Assembly resolution on arms and atomic control. Furthermore, he said, the delegates would be discussing Russia's proposals "for the next two years" if they proceeded as slowly as they have in the last two months.

The clash came in a closed meeting of the working committee of the united Nations Atomic Energy Commission, which specifically is considering 12 amendments submitted by Gromyko to the commission's first report adopted last December.

The continued disagreement meant that no progress was made toward solving basic differences between the United States and Soviet Russia.

Petitions On Behalf Of Elgin Delivered

ANNAPOLIS, Md., May 28 (AP) — Petitions purportedly bearing the signatures of 6,666 persons seeking a referendum on the ouster of Motor Vehicles Commissioner W. Lee Elgin were delivered to the Secretary of State's office today.

The petitions were turned over to the Secretary's staff by Paul Berman, Baltimore attorney.

Secretary John B. Funk was not here, but Louis J. O'Donnell, assistant to the Governor, said the petitions would be referred first to the Attorney General before they are certified.

The number of names will be checked by personnel in Funk's office, but the Attorney General will have the job of determining their validity and their proper form as outlined in statutes.

The names were contained in 697 pages with printed headings.

Let's Make Memorial Day Safe On Our Highways

Commendation is due the Maryland Traffic Safety Commission for issuing a warning to all operators of motor vehicles who expect to use the highways during the three-day holiday over Decoration Day.

While the number of fatalities occurring on Maryland highways decreased during the early months of the year, suddenly and without reason they have started climbing, according to the Traffic Safety Commission. There is positively no excuse for having these careless and irresponsible drivers on our roads. During this three-day holiday, when thousands of careful drivers will be seeking a little pleasure, it becomes more imperative than ever that they be given all of the protection possible against the careless few.

The Commission, Col. Beverly Ober, superintendent of the Maryland State Police, the Department of Motor Vehicles and other enforcement agencies plan to make this holiday as safe as they can. Motorists are warned that state troopers and other officers will not issue "warnings" during this period. Every driver apprehended for violations that could provoke accidents, will be summoned into court—and rightly so.

Such violations include speeding, illegally passing stop signs or lights, crossing white lines, passing on curves, or any other violation that could cause an accident. After conviction the driver will then have to appear before the commissioner of motor vehicles to show cause why his driver's license should not be suspended or revoked. Of course a conviction for drunken driving will cause automatic revocation of driver's license—and it should. Any person who will operate an automobile while drunk—thus endangering the lives of other motorists and pedestrians as well—deserves no sympathy or consideration whatsoever and should be dealt with to the fullest extent of the law.

It seems to this paper that we can make this a safe holiday and it will not have to be a Memorial Day for the careless driver or his victims. Everyone, no matter where he is going, can start a little earlier, take more time, and arrive safely. There is no reason in the world to jeopardize the safe driver by the careless action of a few, and offenders, according to the state police, will be punished to the full extent of the law.

The Traffic Safety Commission, according to Isaac S. George, its chairman, is going to do all in its power to make this holiday a safe one on Maryland highways. The warning is issued to protect everyone, including the driver who has no respect for his own life and limb. The NEWS urges all drivers to exercise every precaution while on the highways and help make this the safest Memorial Day holiday on record in the state.

With both St. Louis ballclubs at the bottom of their respective leagues it begins to look as if the boys from Missouri are really being shown.

No Charge for Sympathy

Two bills, now kicking around in congressional committees, would admit some 100,000 displaced persons a year to the U. S. on immigration quotas unused during the war years 1940-46. There is little indication that these bills will soon reach the House and Senate floors, or that they will get far when and if they do.

This, it may be feared, is rather typical of the general American attitude toward Europe's unfortunates. And it seems safe to say that it is particularly typical of our attitude toward displaced Jews.

Perhaps it is unfair and unflattering to many people of good will to say this, but there are indications that some popular American support of Zionist aspirations arises from this attitude.

We are sorry for these first victims of Hitler's cruelty, that attitude seems to say. We want to see them established in freedom, happiness and prosperity. But for heaven's sake don't bring them over here! They'll just have to wait until this Palestine business is settled.

Such thoughts are not exclusively American. Most of the countries that could take displaced Europeans seem to let their sympathy stop just short of a point where they would have to put themselves out. That's why the DP camps of Europe and the island of Cyprus are still crowded.

There have been several reasons advanced why the U. S. should not permit immigrants to come in under unused quotas. Some fear that we should be admitting a horde of Communists. Others think the majority of immigrants might be public charges. Still others put forth the claim that they would cause unemployment and upset our economy.

Naturally, the immigration officials should not simply let down the bars and shut their eyes. There should be the usual screening of undesirables and potential indigents. But it is not unlikely that most displaced Europeans who wish to come here have friends or relatives in America who would vouch for their care until they were self-supporting.

As for the last objection, it is ridiculous to claim that a country of 140 million people with many sparsely populated states cannot assimilate 100,000 or 200,000 immigrants a year.

The present, non-accumulative immigration quota for this country is 153,929 a year. This makes 1,077,503 for the years 1940-46. During that time 340,429 alien immigrants were admitted to this country—200,799 of them Europeans. Thus there are 737,074 fewer immigrants than might have come in, except for the war, under our present immigration laws, which so many do not want to see relaxed.

Under those circumstances, it does seem that America could be doing more for some of the decent, blameless, homeless victims of Europe's war than it is doing at present.

All Mexican government officials are taking a 10-day vacation simultaneously. What is this—some new type of taxpayer relief?

Diminishing Returns

"Suppose you were offered $1 for your first hour's work, 75 cents for the second hour, 40 cents for the third hour, and 15 cents for the fourth hour, how long do you think you would work? Yet this is essentially what we ask the men who guide our businesses to do when we levy taxes under the present schedule." So said John W. Hanes, testifying in favor of income tax cut.

THE FORMATION OF KIDNEY STONES

PASSING a stone [calculus] is a painful episode and those who have had the experience are in no mood for a repeat performance. Rocks form in the kidneys under a variety of conditions. The urine contains numerous chemicals which are capable of changing into crystals especially when the secretion is oversaturated or highly concentrated. The degree of acidity or alkalinity is likewise important as crystallization is more likely to occur when the reaction of the urine is strongly one way or the other.

But this is not the entire story. Many persons who are prone to develop stones also have associated infections. Apparently the chemicals cling to bits of bacteria or other debris which in turn act as the nucleus for a future pebble. From then on they grow in much the same manner as pearls in an oyster shell.

Since the substances in urine are waste products from our edibles, diet also plays a role which explains to some extent why the disorder is more common in the inhabitants of some parts of the world. Some exist in India, southern China, Egypt, England, Iraq, France, and Russia. Much data have been accumulatd on Hindus, Arabs, and Chinese and it has been found that if they move or are transported elsewhere they continue to be "rock-makers" so long as they cling to their old tribal customs and foods. In America there has been a gradual decrease in the number of cases as our quantity, quality, and variety of edibles have improved.

If not passed spontaneously, removal by other means is in order lest the structures be damaged. Surgery is required when they are located in a kidney or high in the urinary tract. Small ones often travel downward but may be stopped on reaching a narrowed part of the tube near the opening to the bladder. Many ingenious devices have been invented to facilitate their elimination from this area without having to resort to operation.

In general, stones cannot be dissolved. Recently solution G was recommended where the calculus is due to overly alkaline urine. The preparation is injected from below and has been successful in ridding the bladder and, in a few instances, a kidney, of certain kinds of concretions. It is a long and tedious process but has been effective in cases of this type. Other acid products have also been tried.

Once a stone has formed, others are likely to make their appearance. To prevent additional trouble, infections and other disturbances in the urinary tract should be eradicated. Special examinations, possibly by specialists in this field, may be demanded. If the urine is extremely acid, the reaction can be modified thru diet and medication in order to discourage excessive production of gravel. The individual should drink a large quantity of liquids to avoid overconcentration.

LEG PAINS

Mrs. D. Writes: My little daughter wakes up at night with severe pains in the calf of her legs. She almost goes out of her mind because of the distress, but as soon as it disappears she is normal in every way. Any information will be appreciated.

REPLY

This sounds like leg cramps, an abnormality which is prone to occur when a muscle or nerve has been irritated thru strain of disease in neighboring parts or in the presence of circulatory disorders. By squeezing the structure with the hands, or applying heat, relief is obtained. Sometimes quinidine or quinine before retiring is helpful when the disturbance occurs night after night. We should always be careful to differentiate the condition from pain in the joints which may indicate a rheumatic infection.

SORE SHOULDER

M. L. writes: I am 63 years old and some months ago began to feel pain in the right shoulder with certain movements of the arm. Can you advise?

REPLY

Bursitis is the most common cause of this symptom but arthritis and neuritis must be considered also. I would suggest a thoro check-up because there are other possibilities.

CHILLS

G. S. writes: What causes creeping chills to come over me every once in a while?

REPLY

True chills are usually associated with fever, implying that infection exists. A chilly sensation is more common and is sometimes noted in the early stages of diseases such as the flu. In some instances they represent a nervous reaction and since you do not complain of any other symptoms the chances are that yours are on this basis. Long underwear or an extra blanket will help if they are due to the weather. All chills seem to creep up, down, or across from their starting point.

SPINAL DIFFICULTY

H. D. writes: I have been suffering from terrible backaches of the lower spine. X-ray disclosed that the small cushions between the vertebrae are shrinking. Can you explain what this means?

REPLY

This may represent one of two conditions, depending upon your age. Arthritis may be responsible if you are in the middle brackets or beyond. The other possibility is damage to the intervertebral discs, a disorder which is being recognized more often than ever before.

"DROPSY"

M. G. writes: I drop things constantly and my husband calls me clumsy, but I think I lack power in my hands. What do you think?

REPLY

Clumsiness is a possibility, but you ought to make certain that it is not due to stiffness from arteries or a nerve disorder. If the condition is marked, examination is in order.

TTING READY TO SWITCH THE LOAD

The Washington Merry-Go-Round

Unregistered Wool Lobbyists Weave Their Way Around Capital; Backstage Battle Brews Over Greece; Gen. Clay Clashes With War Department

Says DREW PEARSON

WASHINGTON—When Congress passed its very controversial wool bill—which will raise the tariff on wool—two men operated backstage to help write the legislation. They were: Clinton M. Hester and M. M. Kearney, who represent the Boston wool trade and the National Wool Trade Association.

However, despite the fact that Kearney and Hester acted as lobbyists in the ordinary understanding of the word, the strange thing is neither of them registered as lobbyists.

Hester had his brother, Ewart, registered as a lobbyist at a salary of only $5,000. But in wool trade circles, it is reported that C. M. Hester receives $18,000 from the wool traders. Three Congressmen admitted that Kearney and Hester lobbied with them on behalf of the wool bill, yet Congressmen let them get away with ignoring the lobbying law.

Battle Over Greece

A significant battle is going on backstage over how to handle Greek aid. Two Cabinet members, Secretary of Labor Schwellenbach and Secretary of the Treasury Snyder, have been adamant that the Greek Government drop its reactionary cabinet and restore civil liberties before we start pouring in the dollars. In various inter-Cabinet discussions, they and their representatives have stood pat on this.

However, the State Department's Loy Henderson says this would be interfering with Greek sovereignty. The matter is still being debated.

Note—Neutral foreign diplomats believe that if the State Department wins, you can just about kiss that quarter of a million dollars goodbye. It won't stop communism and it won't end hunger. It will wind up in the pockets of Greece's "sixty families."

Strike Holds Up G. I. Caskets

The War Department, which has been handling with painstaking care the unhappy work of returning the bodies of G. I. heroes from overseas, has run up against a snag. Strikes in the casket-making industry will probably make it impossible to bring the bodies home on schedule.

The work of returning about 200,000 war dead is much more difficult than most people can imagine. First of all, letters were sent to next of kin asking whether they wish their G. I. heroes returned to this country or buried in a military cemetery abroad. Actually, American military cemeteries overseas have been among the best kept and beautiful in the world. However, most relatives have elected to have the bodies returned.

The War Department had worked out a schedule for the shipment of caskets, but now strikes have occurred in two key companies manufacturing parts for caskets—Goodyear Aircraft and the Warren City Stamping Company.

"The outlook is most pessimistic," John H. Fanning, labor relations expert for the Judge Advocate General's office, has reported to Gen. Herman Feldman, Deputy Quartermaster General. "Both the companies and the union are being adamant. The attitude of the companies is that they are the only ones who make caskets and whether they are delayed a week or a month isn't particularly bad, because they don't have the commercial incentive."

When War Department officials visited the Goodyear Aircraft Corporation which is supplying parts to casket makers, the CIO union was quite cooperative and agreed to the removal of all finished parts on hand. However, the management objected.

At the Warren Stamping Company, also making parts for caskets, another officer of the same union refused any cooperation with the War Department. According to a War Department report he was "intoxicated and abusive," and said the only way casket parts could be removed from the plant "would be by troops under arms with the actual exertion of force."

Meanwhile, casket production for the Army has reached a dead stop.

British Arms for Greece

Despite official intimations to the contrary, Great Britain will definitely get about $65,000,000 out of the money we voted for Greece and Turkey. Here is how she will get it.

The Greek Army is British-trained and British-equipped. And the British have convinced the State Department that it would be dangerous to substitute American arms for British arms, because a Greek division at the front equipped with British guns might receive ammunition designed for American guns.

Therefore, the State Department has agreed to buy about $65,000,000 worth of additional British arms to supply the Greek Army.

Rebuilding Germany

One of the most significant arguments affecting the peace of the world has been going on long-distance between Washington and Berlin. It is over the rebuilding of Germany.

Finally, last Tuesday, Secretary of War Patterson ordered his assistant secretary, Howard Petersen, to fly to Germany to settle an argument face to face with General Clay. Clay and the War Department do not agree on the program for reviving Germany. The War Department plans to spend $750,000,000 additional to rebuild German industry. But General Clay is afraid rebuilding German industry also means rebuilding the German military.

The big question-mark is where to draw the line between civilian industry and warmaking industry. Once you build up German steel, for instance, you have the basis for a German war machine.

John L. Lewis Dickers

Biggest stumbling block in current negotiations between John L. Lewis and the coal-mine operators is the health and welfare fund.

Under a contract with the Government, 5 cents is paid into the miners' welfare fund for each ton of coal mined. Approximately $20,000,000 has been paid in so far, and the money is administered by a board of three—a miner, an operator, and a representative of the public.

Lewis is now demanding that the welfare-fund assessment be increased from 5 to 10 cents on each ton as of June 30—the date mines are returned to the operators.

It's suspected Lewis actually hopes to get 5 cents, the present assessment, but is demanding 10 cents for bargaining purposes.

So far, however, operator spokesmen have turned a deaf ear even to 5 cents, though some of the Southern operators have made a counter-proposal of 2½ cents a ton.

Meantime, Rep. Gerald Landis of Indiana has entered the picture with a plan to break the deadlock. Landis, an ex-coal miner, has suggested to operator spokesmen that they agree to continue paying 5 cents a ton into the welfare fund, with the condition that half the money collected be returned to local mining communities and kept in reserve to meet local relief needs of mine families not now covered by the welfare fund.

The operator spokesmen have tentatively accepted the Landis proposal, but Lewis, according to insides in the negotiations, will not agree to splitting up the welfare fund. In the end, however, this may be a compromise-way out.

Exposure Of Communism Is Given By AFL Publication

By SAMUEL B. PETTENGILL

I haven't seen a better exposure of communism than one by the American Federation of Labor in its "Monthly Survey." Coming from a great labor organization, this carries weight. I wish a copy were in every American home. Here are some excerpts:

"Although the Russian constitution gives a comprehensive list of individual rights on paper, in actual practice these rights are ignored. The will of the dictators is enforced by secret police, who . . . carry off to slave labor camps any persons 'who obstruct, oppose, or criticise...' No one so seized, whether guilty or innocent, has any right of protest, appeal or trial by an unbiased jury or court. Only 5% are ever released. . . . The number of slave labor camps in the USSR is so great . . . that practically every family has a close relative among the inmates... About one Russian in every 13 is in such a camp. In all there are some 20,000,000 slave laborers in Russian concentration camps—far more than Hitler enslaved."

"Every Russian worker is bound by the compusory labor system. He must accept wages and conditions imposed by bureaucrats on pain of arrest if he protests. He is tied to his job, and may not quit or strike. His union has no power to fix wages or hours."

"Before the war, the average Russian worker's living standard was lower than it had been before the days of Communism. In a recent study of pre-war living standards in 34 countries, made by prominent economists, Russia ranked seventh from the bottom, just above China and India."

"While the Russian worker lives in poverty in the Communist 'classless' society, Soviet engineers, managers and other high ranking officials of the regime live in the utmost luxury. The Russian worker's wage of 250 to 400 rubles a month compares with 15,000 to 20,000 roubles received monthly by these privileged groups. (A rouble is 20c.) 'The economic and social distance between the charwoman and the banker, the bookkeeper and the head of the trust . . . is if anything greater in Russia than in America.'"

"Average wage USA — $1.00 per hour; average wage USSR—25c per hour . . . A few USSR prices: Wrist watch: $400 to $700; coat for worker's wife, $250; cotton short, $80-$100; bottle of beer, $2.00."

". . . the poverty, slavery, and oppression which actually exist under Communism are concealed behind the 'iron curtain!" Soviet agents "cry out against periodic unemployment in capitalist countries, while more people are permanently hungry and starving in Soviet slave-labor camps than were ever temporarily hungry in the worst unemployment in any capitalist land."

"The people of Hungary voted 83% against Communism . . . The Communist minority gained control of two government ministries; Police and Communications. These posts were used to terrorize the people through the police . . . By printing vast quantities of paper money, they then reduced the buying power of Hungarian currency to less than one billionth. People's savings were wiped out, families lost their homes; hundreds of thousands were reduced to poverty."

". . . President Green before the House Committee on Un-American Activities, urged action to . . . eliminate Communists from domestic and international goverment agencies; he also urged publicity on activities of Communists, public disclosure of funds and their source, and measures to prohibit use of foreign funds in determining United States political issues. Outlawing the Communist Party would increase the difficulties of getting such information."

Republicans In Congress Doing Fine Job In Cutting Expenses

By DAVID LAWRENCE

WASHINGTON, May 28.—Nothing so unspectacular as cutting government expenses gets any cheers from the spectators—in fact, all one has heard thus far has been jeers. Yet the Republican majority in Congress is doing a job that hasn't been done for many years—certainly not since the Democratic party came into power in 1933, when, after having promised during the 1932 campaign a 25 per cent decrease in the federal budget expenses were deliberately increased.

The Republicans are cutting deep. Hence the cries of distress from the bureaucrats from coast to coast. In Washington, where the habit has been to "spend and spend and elect and elect"—as the saying went in New Deal days—the criticism of the Republicans is severe. Naturally those affected by the cut in expenses don't like it.

But what is surprising is that the taxpayers far and wide do not seem to appreciate what is being done in their behalf in the national capital. All they read in the press is that this or that important item has been cut and that the Republicans are going to get punished by this or that section of the electorate for having reduced certain expenditures.

Republicans Have Courage

Few things attest more to the courage of the Republicans than their readiness to cut agricultural and reclamation appropriations when these mean votes in western and middle western states that are predominantly Republican. The Democrats just can't understand it—they think their Republican brethren are committing political suicide.

When the House of Representatives, under the leadership of the chairman of the Appropriations committee, Representative John Taber of New York, promised to make substantial cuts, the critics scoffed. Before Mr. Taber could get the details arranged, they jeered again and said he couldn't possibly bring in any substantial cuts. But the House of Representatives has already cut about $2,300,000,000 toward the $4,500,000,000 set by the Senate as its goal, and the House plans further cuts on the War Department and the bill covering independent offices and agencies.

It was rumored that the Senate would restore virtually all the cuts and that economy would come to naught. But the Senate, in passing the Treasury, Justice and Labor Department bills, didn't make any material change from the House cuts.

When the critics are not arguing that the Republicans just can't make any big cuts, they are saying that the reductions are "phoney" or "paper cuts." All this merely spurs the Republican leadership on to prove their sincerity. The result has been the most drastic cuts in appropriations that have been made in a dozen years.

Now unquestionably some of the cuts are too severe and some things should not be eliminated, but experience teaches the legislators that they never can find out what is vital and what is superfluous unless they force a shake-out. The only way to do it is to cut and put the bureaucrats on the defensive. Usually those agencies which are cut come up with some way of managing to get along without as much money as before.

More Cuts Can Be Made

It should be borne in mind that most of the figures used in the press dispatches relate to actual appropriations. This is a different thing from actual expenditures in a budget because the treasury often spends money made available under the appropriation laws of previous years. There is, as a matter of fact, a lot of loose money around in the government—unexpended balances—that can be saved. The Republican majority, through its committees, is going through the government's finances this year with a fine-tooth comb. I tis a salutary development.

Much more economizing can be done. If, after the 1948 election, the Republicans continue in power, they will do even more cutting. For if they can reduce expenses as much as they have in the face of an approaching national election, they certainly will not hesitate to go further when they win public approval at the polls.

The United States Government has needed an economy wave for a long time. Extravagances grow with the years and soon items that were appropriated for a purpose a decade ago are listed as "essential." The belief that the government owes special favors with public funds is deeply ingrained and the thought that certain sums can be spent permanently, irrespective of the plight of the taxpayer, is widely held in bureaucratic circles.

The Republicans have been wise in proposing tax reduction. Without that urge they couldn't have cut the budget. Unfortunately, the Democrats have done everything they could to hamper the economy program. But the Republicans will emerge successfully in their legislative battle and by July 1st, when the next fiscal year begins, they will have lopped off a bigger percentage from the budget than any Congress ever cut from the budgets of a predecessor Congress.

THESE DAYS By George E. Sokolsky

How Much?

THE argument against the British loan when it was proposed here was that Great Britain could not solve her internal economic problems by borrowing $3,750,000,000 here. It was said then that the British problem was to produce goods, to get more work out of British labor, to end feather-bedding there, to apply the most efficient methods of management and engineering. It was said by the opponents of the loan that Britian would be tempted to use the dollars of the loan to accumulate consumer's good instead of capital and durable goods and that therefore when the loan was used up, Britain would have nothing to show for the money borrowed. In other words, Great Britain would have to come to this country for more.

That is exactly what has happened.

The Socialist government of Great Britain has been unable to mobilize British labor for increased production. When this government came into power, the British worker apparently assumed that Utopia had arrived. Why work? The government guaranteed subsistence from the cradle to the grave anyhow? Nationalization, the hope of the Socialists, did not increase efficiency. In a comparatively low wage country, the difference in income between those who do work and those who do not work is not sufficiently large to encourage working. Besides, the entire theory of British trade unionism has always been to limit the production of the individual worker. Feather-bedding is no new doctrine in that country, equality being recognized as the levelling of the efficient and the competent to the productivity of the average worker.

"Neo-Luddism" has been a costly concept in England. It is a restriction on the use of improved machinery, on labor-saving devices, on new techniques which result in greater production. The result is that Britain is behind this country, and even some of the smaller industrial countries, in the use of the most modern types of machinery and of managerial techniques.

British capitalists responded to the Labour Government altogether differently. They did not believe that Utopia had arrived rather they accepted Hell on Earth. They accepted monopoly and cartelization as their only hope. They assumed that the United States would see Britain through until the British people came to their senses. But no hopeful date for the return of common sense is suggested.

The British capitalist has no constructive program because he does not see where the money is to come from. He resents those Americans who say that Great Britain is done for and he sentimentally insists that there will always be a Britain, which is undoubtedly so. But he does not say what kind. He even resents any discussion on this side of the Atlantic of British credit, particularly by those hard-headed folks who insist that this country does not have the money to finance British failure to produce by means of socialism. He then points to Britain's sacrifices in the war, which were enormous, larger in comparison to any other country. He wants the United States to share in those sacrifices by providing dollars, not recognizing that it would be no aid to Britain if the U. S. went broke, too.

This country does not have the dollars to provide. The balances are growing frighteningly unfavorable to the United States when realistically interpreted. As it looks now, this country is to export about $5,000,000,000 over its trade balance to Europe and Asia annually—and we do not know for how many years. It means that American resources are to be siphoned off in the amount of what Europe and Asia can buy by some exchange of goods and services plus $5,000,000,000 which this country is to give away for nothing. No such amount is available in the United States. That is in some measure responsible for our high prices; it is responsible for our federal budget of more than $30,000,000,000, which load the American taxpayer cannot bear, particularly as, in 1946, 47.5 percent of the tax revenue came from the personal income tax. In 1932, the Customs provided 17.4 percent of our revenue, but in 1946 only 1 percent, which makes it clear where the burden falls. And it cannot fall there much longer.

Today's Talk

By GEORGE MATTHEW ADAMS

Glory Of Triple Spring

My friend Philip Wylie recently wrote an article that opened my eyes to a new appreciation of Spring. He left his Winter home in Miami, just as Spring was opening up, as celebrated by the glorious singing of the mocking bird. That was Spring number one.

Then, as my friend moved northward in his car, in Georgia and the Carolinas, another Spring of flowering beauty burst forth — azaleas, magnolias, dogwood, peach and cherry blossoms, and numerous others, in a riot of color and perfume. I saw the same, and experienced the thrill and wonder of it all. Then, in early northern May, another Spring—Spring number three—presented itself. But I wonder how many who wended their way Northward from a stay in the Southland ever thought about the fact that they were being presented to such a spectacle as a triple Spring?

Each day I have watched patiently and with wonder, each day's new growth, outside my library window. I await the return of each variety of bird that makes this home spot so endearing to me. The sap is stirring from the moist earth, trees and shrubs are breathing afresh. And each small growth of leaf each day adds a new touch of life and color to my Spring number three!

George Gissing's Henry Ryecroft musing upon his English Spring, wrote: "Spring is shining upon these lanes and meadows; I feel as if I must follow every winding track that opens by my way. Spring has restored to me something of the long-forgotten vigour of youth; I walk without weariness; I sing to myself like a boy, and the song is one I knew in boyhood."

There are millions who are deprived of the enjoyment of a triple Spring, but most of us can drink in the glory of at least one Spring, and thank God in our heart for such a beautiful celebration of Nature renewing its life once more. Even the single Spring triples itself — and more — by its succession of buds and blooms.

Let's Make Memorial Day Safe On Our Highways

Commendation is due the Maryland Traffic Safety Commission for issuing a warning to all operators of motor vehicles who expect to use the highways during the three-day holiday over Decoration Day.

While the number of fatalities occurring on Maryland highways decreased during the early months of the year, suddenly and without reason they have started climbing, according to the Traffic Safety Commission. There is positively no excuse for having these careless and irresponsible drivers on our roads. During this three-day holiday, when thousands of careful drivers will be seeking a little pleasure, it becomes more imperative than ever that they be given all of the protection possible against the careless few.

The Commission, Col. Beverly Ober, superintendent of the Maryland State Police, the Department of Motor Vehicles and other enforcement agencies plan to make this holiday as safe as they can. Motorists are warned that state troopers and other officers will not issue "warnings" during this period. Every driver apprehended for violations that could provoke accidents, will be summoned into court—and rightly so.

Such violations include speeding, illegally passing stop signs or lights, crossing white lines, passing on curves, or any other violation that could cause an accident. After conviction the driver will then have to appear before the commissioner of motor vehicles to show cause why his driver's license should not be suspended or revoked. Of course a conviction for drunken driving will cause automatic revocation of driver's license—and it should. Any person who will operate an automobile while drunk—thus endangering the lives of other motorists and pedestrians as well—deserves no sympathy or consideration whatsoever and should be dealt with to the fullest extent of the law.

It seems to this paper that we can make this a safe holiday and it will not have to be a Memorial Day for the careless driver or his victims. Everyone, no matter where he is going, can start a little earlier, take more time, and arrive safely. There is no reason in the world to jeopardize the safe driver by the careless action of a few, and offenders, according to the state police, will be punished to the full extent of the law.

The Traffic Safety Commission, according to Isaac S. George, its chairman, is going to do all in its power to make this holiday a safe one on Maryland highways. The warning is issued to protect everyone, including the driver who has no respect for his own life and limb. The NEWS urges all drivers to exercise every precaution while on the highways and help make this the safest Memorial Day holiday on record in the state.

With both St. Louis ballclubs at the bottom of their respective leagues it begins to look as if the boys from Missouri are really being shown.

No Charge for Sympathy

Two bills, now kicking around in congressional committees, would admit some 100,000 displaced persons a year to the U. S. on immigration quotas unused during the war years 1940-46. There is little indication that these bills will soon reach the House and Senate floors, or that they will get far when and if they do.

This, it may be feared, is rather typical of the general American attitude toward Europe's unfortunates. And it seems safe to say that it is particularly typical of our attitude toward displaced Jews.

Perhaps it is unfair and unflattering to many people of good will to say this, but there are indications that some popular American support of Zionist aspirations arises from this attitude.

We are sorry for these first victims of Hitler's cruelty, that attitude seems to say. We want to see them established in freedom, happiness and prosperity. But for heaven's sake don't bring them over here! They'll just have to wait until this Palestine business is settled.

Such thoughts are not exclusively American. Most of the countries that could take displaced Europeans seem to let their sympathy stop just short of a point where they would have to put themselves out. That's why the DP camps of Europe and the island of Cyprus are still crowded.

There have been several reasons advanced why the U. S. should not permit immigrants to come in under unused quotas. Some fear that we should be admitting a horde of Communists. Others think the majority of immigrants might be public charges. Still others put forth the claim that they would cause unemployment and upset our economy.

Naturally, the immigration officials should not simply let down the bars and shut their eyes. There should be the usual screening of undesirables and potential indigents. But it is not unlikely that most displaced Europeans who wish to come here have friends or relatives in America who would vouch for their care until they were self-supporting.

As for the last objection, it is ridiculous to claim that a country of 140 million people with many sparsely populated states cannot assimilate 100,000 or 200,000 immigrants a year.

The present, non-accumulative immigration quota for this country is 153,929 a year. This makes 1,077,503 for the years 1940-46. During that time 340,429 alien immigrants were admitted to this country—200,799 of them Europeans. Thus there are 737,074 fewer immigrants than might have come in, except for the war, under our present immigration laws, which so many do not want to see relaxed.

Under those circumstances, it does seem that America could be doing more for some of the decent, blameless, homeless victims of Europe's war than it is doing at present.

All Mexican government officials are taking a 10-day vacation simultaneously. What is this—some new type of taxpayer relief?

Diminishing Returns

"Suppose you were offered $1 for your first hour's work, 75 cents for the second hour, 40 cents for the third hour, and 15 cents for the fourth hour, how long do you think you would work? Yet this is essentially what we ask the men who guide our businesses to do when we levy taxes under the present schedule." So said John W. Hanes, testifying in favor of income tax cut.

THE FORMATION OF KIDNEY STONES

PASSING a stone [calculus] is a painful episode and those who have had the experience are in no mood for a repeat performance. Rocks form in the kidneys under a variety of conditions. The urine contains numerous chemicals which are capable of changing into crystals especially when the secretion is oversaturated or highly concentrated. The degree of acidity or alkalinity is likewise important as crystallization is more likely to occur when the reaction of the urine is strongly one way or the other.

But this is not the entire story. Many persons who are prone to develop stones also have associated infections. Apparently the chemicals cling to bits of bacteria or other debris which in turn act as the nucleus for a future pebble. From then on they grow in much the same manner as pearls in an oyster shell.

Since the substances in urine are waste products from our edibles, diet also plays a role which explains to some extent why the disorder is more common in the inhabitants of some parts of the world. Some exist in India, southern China, Egypt, England, Iraq, France, and Russia. Much data have been accumulatd on Hindus, Arabs, and Chinese and it has been found that if they move or are transported elsewhere they continue to be "rock-makers" so long as they cling to their old tribal customs and foods. In America there has been a gradual decrease in the number of cases as our quantity, quality, and variety of edibles have improved.

If not passed spontaneously, removal by other means is in order lest the structures be damaged. Surgery is required when they are located in a kidney or high in the urinary tract. Small ones often travel downward but may be stopped on reaching a narrowed part of the tube near the opening to the bladder. Many ingenious devices have been invented to facilitate their elimination from this area without having to resort to operation.

In general, stones cannot be dissolved. Recently solution G was recommended where the calculus is due to overly alkaline urine. The preparation is injected from below and has been successful in ridding the bladder and, in a few instances, a kidney, of certain kinds of concretions. It is a long and tedious process but has been effective in cases of this type. Other acid products have also been tried.

Once a stone has formed, others are likely to make their appearance. To prevent additional trouble, infections and other disturbances in the urinary tract should be eradicated. Special examinations, possibly by specialists in this field, may be demanded. If the urine is extremely acid, the reaction can be modified thru diet and medication in order to discourage excessive production of gravel. The individual should drink a large quantity of liquids to avoid overconcentration.

LEG PAINS

Mrs. D. Writes: My little daughter wakes up at night with severe pains in the calf of her legs. She almost goes out of her mind because of the distress, but as soon as it disappears she is normal in every way. Any information will be appreciated.

REPLY

This sounds like leg cramps, an abnormality which is prone to occur when a muscle or nerve has been irritated thru strain of disease in neighboring parts or in the presence of circulatory disorders. By squeezing the structure with the hands, or applying heat, relief is obtained. Sometimes quinidine or quinine before retiring is helpful when the disturbance occurs night after night. We should always be careful to differentiate the condition from pain in the joints which may indicate a rheumatic infection.

SORE SHOULDER

M. L. writes: I am 63 years old and some months ago began to feel pain in the right shoulder with certain movements of the arm. Can you advise?

REPLY

Bursitis is the most common cause of this symptom but arthritis and neuritis must be considered also. I would suggest a thoro check-up because there are other possibilities.

CHILLS

G. S. writes: What causes creeping chills to come over me every once in a while?

REPLY

True chills are usually associated with fever, implying that infection exists. A chilly sensation is more common and is sometimes noted in the early stages of diseases such as the flu. In some instances they represent a nervous reaction and since you do not complain of any other symptoms the chances are that yours are on this basis. Long underwear or an extra blanket will help if they are due to the weather. All chills seem to creep up, down, or across from their starting point.

SPINAL DIFFICULTY

H. D. writes: I have been suffering from terrible backaches of the lower spine. X-ray disclosed that the small cushions between the vertebrae are shrinking. Can you explain what this means?

REPLY

This may represent one of two conditions, depending upon your age. Arthritis may be responsible if you are in the middle brackets or beyond. The other possibility is damage to the intervertebral discs, a disorder which is being recognized more often than ever before.

"DROPSY"

M. G. writes: I drop things constantly and my husband calls me clumsy, but I think I lack power in my hands. What do you think?

REPLY

Clumsiness is a possibility, but you ought to make certain that it is not due to stiffness from arteries or a nerve disorder. If the condition is marked, examination is in order.

The Washington Merry-Go-Round

Unregistered Wool Lobbyists Weave Their Way Around Capital; Backstage Battle Brews Over Greece; Gen. Clay Clashes With War Department

Says DREW PEARSON

WASHINGTON—When Congress passed its very controversial wool bill—which will raise the tariff on wool—two men operated backstage to help write the legislation. They were: Clinton M. Hester and M. M. Kearney, who represent the Boston wool trade and the National Wool Trade Association.

However, despite the fact that Kearney and Hester acted as lobbyists in the ordinary understanding of the word, the strange thing is neither of them registered as lobbyists.

Hester had his brother, Ewart, registered as a lobbyist at a salary of only $5,000. But in wool trade circles, it is reported that C. M. Hester receives $18,000 from the wool traders. Three Congressmen admitted that Kearney and Hester lobbied with them on behalf of the wool bill, yet Congressmen let them get away with ignoring the lobbying law.

Battle Over Greece

A significant battle is going on backstage over how to handle Greek aid. Two Cabinet members, Secretary of Labor Schwellenbach and Secretary of the Treasury Snyder, have been adamant that the Greek Government drop its reactionary cabinet and restore civil liberties before we start pouring in the dollars. In various inter-Cabinet discussions, they and their representatives have stood pat on this.

However, the State Department's Loy Henderson says this would be interfering with Greek sovereignty. The matter is still being debated.

Note—Neutral foreign diplomats believe that if the State Department wins, you can just about kiss that quarter of a million dollars goodbye. It won't stop communism and it won't end hunger. It will wind up in the pockets of Greece's "sixty families."

Strike Holds Up G. I. Caskets

The War Department, which has been handling with painstaking care the unhappy work of returning the bodies of G. I. heroes from overseas, has run up against a snag. Strikes in the casket-making industry will probably make it impossible to bring the bodies home on schedule.

The work of returning about 200,000 war dead is much more difficult than most people can imagine. First of all, letters were sent to next of kin asking whether they wish their G. I. heroes returned to this country or buried in a military cemetery abroad. Actually, American military cemeteries overseas have been among the best kept and beautiful in the world. However, most relatives have elected to have the bodies returned.

The War Department had worked out a schedule for the shipment of caskets, but now strikes have occurred in two key companies manufacturing parts for caskets—Goodyear Aircraft and the Warren City Stamping Company.

"The outlook is most pessimistic," John H. Fanning, labor relations expert for the Judge Advocate General's office, has reported to Gen. Herman Feldman, Deputy Quartermaster General. "Both the companies and the union are being adamant. The attitude of the companies is that they are the only ones who make caskets and whether they are delayed a week or a month isn't particularly bad, because they don't have the commercial incentive."

When War Department officials visited the Goodyear Aircraft Corporation which is supplying parts to casket makers, the CIO union was quite cooperative and agreed to the removal of all finished parts on hand. However, the management objected.

At the Warren Stamping Company, also making parts for caskets, another officer of the same union refused any cooperation with the War Department. According to a War Department report he was "intoxicated and abusive," and said the only way casket parts could be removed from the plant "would be by troops under arms with the actual exertion of force."

Meanwhile, casket production for the Army has reached a dead stop.

British Arms for Greece

Despite official intimations to the contrary, Great Britain will definitely get about $65,000,000 out of the money we voted for Greece and Turkey. Here is how she will get it.

The Greek Army is British-trained and British-equipped. And the British have convinced the State Department that it would be dangerous to substitute American arms for British arms, because a Greek division at the front equipped with British guns might receive ammunition designed for American guns.

Therefore, the State Department has agreed to buy about $65,000,000 worth of additional British arms to supply the Greek Army.

Rebuilding Germany

One of the most significant arguments affecting the peace of the world has been going on long-distance between Washington and Berlin. It is over the rebuilding of Germany.

Finally, last Tuesday, Secretary of War Patterson ordered his assistant secretary, Howard Petersen, to fly to Germany to settle an argument face to face with General Clay. Clay and the War Department do not agree on the program for reviving Germany. The War Department plans to spend $750,000,000 additional to rebuild German industry. But General Clay is afraid rebuilding German industry also means rebuilding the German military.

The big question-mark is where to draw the line between civilian industry and warmaking industry. Once you build up German steel, for instance, you have the basis for a German war machine.

John L. Lewis Dickers

Biggest stumbling block in current negotiations between John L. Lewis and the coal-mine operators is the health and welfare fund.

Under a contract with the Government, 5 cents is paid into the miners' welfare fund for each ton of coal mined. Approximately $20,000,000 has been paid in so far, and the money is administered by a board of three—a miner, an operator, and a representative of the public.

Lewis is now demanding that the welfare-fund assessment be increased from 5 to 10 cents on each ton as of June 30—the date mines are returned to the operators.

It's suspected Lewis actually hopes to get 5 cents, the present assessment, but is demanding 10 cents for bargaining purposes.

So far, however, operator spokesmen have turned a deaf ear even to 5 cents, though some of the Southern operators have made a counter-proposal of 2½ cents a ton.

Meantime, Rep. Gerald Landis of Indiana has entered the picture with a plan to break the deadlock. Landis, an ex-coal miner, has suggested to operator spokesmen that they agree to continue paying 5 cents a ton into the welfare fund, with the condition that half the money collected be returned to local mining communities and kept in reserve to meet local relief needs of mine families not now covered by the welfare fund.

The operator spokesmen have tentatively accepted the Landis proposal, but Lewis, according to insides in the negotiations, will not agree to splitting up the welfare fund. In the end, however, this may be a compromise-way out.

Exposure Of Communism Is Given By AFL Publication

By SAMUEL B. PETTENGILL

I haven't seen a better exposure of communism than one by the American Federation of Labor in its "Monthly Survey." Coming from a great labor organization, this carries weight. I wish a copy were in every American home. Here are some excerpts:

"Although the Russian constitution gives a comprehensive list of individual rights on paper, in actual practice these rights are ignored. The will of the dictators is enforced by secret police, who . . . carry off to slave labor camps any persons 'who obstruct, oppose, or criticise...' No one so seized, whether guilty or innocent, has any right of protest, appeal or trial by an unbiased jury or court. Only 5% are ever released. . . . The number of slave labor camps in the USSR is so great . . . that practically every family has a close relative among the inmates... About one Russian in every 13 is in such a camp. In all there are some 20,000,000 slave laborers in Russian concentration camps—far more than Hitler enslaved."

"Every Russian worker is bound by the compusory labor system. He must accept wages and conditions imposed by bureaucrats on pain of arrest if he protests. He is tied to his job, and may not quit or strike. His union has no power to fix wages or hours."

"Before the war, the average Russian worker's living standard was lower than it had been before the days of Communism. In a recent study of pre-war living standards in 34 countries, made by prominent economists, Russia ranked seventh from the bottom, just above China and India."

"While the Russian worker lives in poverty in the Communist 'classless' society, Soviet engineers, managers and other high ranking officials of the regime live in the utmost luxury. The Russian worker's wage of 250 to 400 rubles a month compares with 15,000 to 20,000 roubles received monthly by these privileged groups. (A rouble is 20c.) 'The economic and social distance between the charwoman and the banker, the bookkeeper and the head of the trust . . . is if anything greater in Russia than in America.'"

"Average wage USA — $1.00 per hour; average wage USSR—25c per hour . . . A few USSR prices: Wrist watch: $400 to $700; coat for worker's wife, $250; cotton short, $80-$100; bottle of beer, $2.00."

". . . the poverty, slavery, and oppression which actually exist under Communism are concealed behind the 'iron curtain!'" Soviet agents "cry out against periodic unemployment in capitalist countries, while more people are permanently hungry and starving in Soviet slave-labor camps than were ever temporarily hungry in the worst unemployment in any capitalist land."

"The people of Hungary voted 83% against Communism . . . The Communist minority gained control of two government ministries; Police and Communications. These posts were used to terrorize the people through the police . . . By printing vast quantities of paper money, they then reduced the buying power of Hungarian currency to less than one billionth. People's savings were wiped out, families lost their homes; hundreds of thousands were reduced to poverty."

". . . President Green before the House Committee on Un-American Activities, urged action to . . . eliminate Communists from domestic and international goverment agencies; he also urged publicity on activities of Communists, public disclosure of funds and their source, and measures to prohibit use of foreign funds in determining United States political issues. Outlawing the Communist Party would increase the difficulties of getting such information."

Republicans In Congress Doing Fine Job In Cutting Expenses

By DAVID LAWRENCE

WASHINGTON, May 28.—Nothing so unspectacular as cutting government expenses gets any cheers from the spectators—in fact, all one has heard thus far has been jeers. Yet the Republican majority in Congress is doing a job that hasn't been done for many years—certainly not since the Democratic party came into power in 1933, when, after having promised during the 1932 campaign a 25 per cent decrease in the federal budget expenses were deliberately increased.

The Republicans are cutting deep. Hence the cries of distress from the bureaucrats from coast to coast. In Washington, where the habit has been to "spend and spend and elect and elect"—as the saying went in New Deal days—the criticism of the Republicans is severe. Naturally those affected by the cut in expenses don't like it.

But what is surprising is that the taxpayers far and wide do not seem to appreciate what is being done in their behalf in the national capital. All they read in the press is that this or that important item has been cut and that the Republicans are going to get punished by this or that section of the electorate for having reduced certain expenditures.

Republicans Have Courage

Few things attest more to the courage of the Republicans than their readiness to cut agricultural and reclamation appropriations when these mean votes in western and middle western states that are predominantly Republican. The Democrats just can't understand it—they think their Republican brethren are committing political suicide.

When the House of Representatives, under the leadership of the chairman of the Appropriations committee, Representative John Taber of New York, promised to make substantial cuts, the critics scoffed. Before Mr. Taber could get the details arranged, they jeered again and said he couldn't possibly bring in any substantial cuts. But the House of Representatives has already cut about $2,300,000,000 toward the $4,500,000,000 set by the Senate as its goal, and the House plans further cuts on the War Department and the bill covering independent offices and agencies.

It was rumored that the Senate would restore virtually all the cuts and that economy would come to naught. But the Senate, in passing the Treasury, Justice and Labor Department bills, didn't make any material change from the House cuts.

When the critics are not arguing that the Republicans just can't make any big cuts, they are saying that the reductions are "phoney" or "paper cuts." All this merely spurs the Republican leadership on to prove their sincerity. The result has been the most drastic cuts in appropriations that have been made in a dozen years.

Now unquestionably some of the cuts are too severe and some things should not be eliminated, but experience teaches the legislators that they never can find out what is vital and what is superfluous unless they force a shake-out. The only way to do it is to cut and put the bureaucrats on the defensive. Usually those agencies which are cut come up with some way of managing to get along without as much money as before.

More Cuts Can Be Made

It should be borne in mind that most of the figures used in the press dispatches relate to actual appropriations. This is a different thing from actual expenditures in a budget because the treasury often spends money made available under the appropriation laws of previous years. There is, as a matter of fact, a lot of loose money around in the government—unexpended balances—that can be saved. The Republican majority, through its committees, is going through the government's finances this year with a fine-tooth comb. I tis a salutary development.

Much more economizing can be done. If, after the 1948 election, the Republicans continue in power, they will do even more cutting. For if they can reduce expenses as much as they have in the face of an approaching national election, they certainly will not hesitate to go further when they win public approval at the polls.

The United States Government has needed an economy wave for a long time. Extravagances grow with the years and soon items that were appropriated for a purpose a decade ago are listed as "essential." The belief that the government owes special favors with public funds is deeply ingrained and the thought that certain sums can be spent permanently, irrespective of the plight of the taxpayer, is widely held in bureaucratic circles.

The Republicans have been wise in proposing tax reduction. Without that urge they couldn't have cut the budget. Unfortunately, the Democrats have done everything they could to hamper the economy program. But the Republicans will emerge successfully in their legislative battle and by July 1st, when the next fiscal year begins, they will have lopped off a bigger percentage from the budget than any Congress ever cut from the budgets of a predecessor Congress.

THESE DAYS By George E. Sokolsky

How Much?

THE argument against the British loan when it was proposed here was that Great Britain could not solve her internal economic problems by borrowing $3,750,000,000 here. It was said then that the British problem was to produce goods, to get more work out of British labor, to end feather-bedding there, to apply the most efficient methods of management and engineering. It was said by the opponents of the loan that Britian would be tempted to use the dollars of the loan to accumulate consumer's good instead of capital and durable goods and that therefore when the loan was used up, Britain would have nothing to show for the money borrowed. In other words, Great Britain would have to come to this country for more.

That is exactly what has happened.

The Socialist government of Great Britain has been unable to mobilize British labor for increased production. When this government came into power, the British worker apparently assumed that Utopia had arrived. Why work? The government guaranteed subsistence from the cradle to the grave anyhow? Nationalization, the hope of the Socialists, did not increase efficiency. In a comparatively low wage country, the difference in income between those who do work and those who do not work is not sufficiently large to encourage working. Besides, the entire theory of British trade unionism has always been to limit the production of the individual worker. Feather-bedding is no new doctrine in that country, equality being recognized as the levelling of the efficient and the competent to the productivity of the average worker.

"Neo-Luddism" has been a costly concept in England. It is a restriction on the use of improved machinery, on labor-saving devices, on new techniques which result in greater production. The result is that Britain is behind this country, and even some of the smaller industrial countries, in the use of the most modern types of machinery and of managerial techniques.

British capitalists responded to the Labour Government altogether differently. They did not believe that Utopia had arrived rather they accepted Hell on Earth. They accepted monopoly and cartelization as their only hope. They assumed that the United States would see Britain through until the British people came to their senses. But no hopeful date for the return of common sense is suggested.

The British capitalist has no constructive program because he does not see where the money is to come from. He resents those Americans who say that Great Britain is done for and he sentimentally insists that there will always be a Britain, which is undoubtedly so. But he does not say what kind. He even resents any discussion on this side of the Atlantic of British credit, particularly by those hard-headed folks who insist that this country does not have the money to finance British failure to produce by means of socialism. He then points to Britain's sacrifices in the war, which were enormous, larger in comparison to any other country. He wants the United States to share in those sacrifices by providing dollars, not recognizing that it would be no aid to Britain if the U. S. went broke, too.

This country does not have the dollars to provide. The balances are growing frighteningly unfavorable to the United States when realistically interpreted. As it looks now, this country is to export about $5,000,000,000 over its trade balance to Europe and Asia annually—and we do not know for how many years. It means that American resources are to be siphoned off in the amount of what Europe and Asia can buy by some exchange of goods and services plus $5,000,000,000 which this country is to give away for nothing. No such amount is available in the United States. That is in some measure responsible for our high prices; it is responsible for our federal budget of more than $30,000,000,000, which load the American taxpayer cannot bear, particularly as, in 1946, 47.5 percent of the tax revenue came from the personal income tax. In 1932, the Customs provided 17.4 percent of our revenue, but in 1946 only 1 percent, which makes it clear where the burden falls. And it cannot fall there much longer.

Today's Talk

By GEORGE MATTHEW ADAMS

Glory Of Triple Spring

My friend Philip Wylie recently wrote an article that opened my eyes to a new appreciation of Spring. He left his Winter home in Miami, just as Spring was opening up, as celebrated by the glorious singing of the mocking bird. That was Spring number one.

Then, as my friend moved northward in his car, in Georgia and the Carolinas, another Spring of flowering beauty burst forth — azaleas, magnolias, dogwood, peach and cherry blossoms, and numerous others, in a riot of color and perfume. I saw the same, and experienced the thrill and wonder of it all. Then, in early northern May, another Spring—Spring number three—presented itself. But I wonder how many who wended their way Northward from a stay in the Southland ever thought about the fact that they were being presented to such a spectacle as a triple Spring?

Each day I have watched patiently and with wonder, each day's new growth, outside my library window. I await the return of each variety of bird that makes this home spot so endearing to me. The sap is stirring from the moist earth, trees and shrubs are breathing afresh. And each small growth of leaf each day adds a new touch of life and color to my Spring number three!

George Gissing's Henry Ryecroft musing upon his English Spring, wrote: "Spring is shining upon these lanes and meadows; I feel as if I must follow every winding track that opens by my way. Spring has restored to me something of the long-forgotten vigour of youth; I walk without weariness; I sing to myself like a boy, and the song is one I knew in boyhood."

There are millions who are deprived of the enjoyment of a triple Spring, but most of us can drink in the glory of at least one Spring, and thank God in our heart for such a beautiful celebration of Nature renewing its life once more. Even the single Spring triples itself — and more — by its succession of buds and blooms.

Advice To The Lovelorn

Marriage Should Be Delayed When Fiance Boasts Of Conquests

By BEATRICE FAIRFAX

Famous Authority on Problems of Love and Marriage

Dear Miss Fairfax:

I have been going with a fellow for over a year, and we plan to marry soon.

He says that he loves me and is true to me, yet he keeps telling me about all his former girl friends who, he says, call him up or come around to see him. He says he tells them he is engaged, yet they still come after him.

It seems funny, because all this happens on the days I don't see him, and it makes me wonder if he is still taking them out. Every time he tells me these things it causes a quarrel and makes me feel miserable. I figure he must be encouraging these girls and not telling them he is engaged, because I don't think the right kind of girls would do as he says if they knew.

What do you think of this situation?

ALICE E.

Dear Alice:

I think very little indeed of such a situation, and I think, further, that it might be wise for you not to be in a hurry about your marriage.

No young man who is sincerely in love with a girl, and eager to marry her, would want her to feel unsure about his devotion to her. On the contrary, he would be doing his best all the time to make her feel that she is, and will be as long as he lives, the one girl in the world for him, and that she's so far out ahead of any other girls he's ever known that he can't imagine what he ever saw in any of them.

Of course there is the possibility that he's just teasing you, but a little of that kind of teasing goes a long way and it gets pretty tiresome when a man keeps it up. Also, if he's the kind to do this sort of thing now, it's likely that he'd carry the habit over into married life and keep telling you about all the women who are crazy about him.

Better delay that marriage a little longer until you're quite certain this young man is going to make you the kind of husband you want.

A Special Case

Dear Miss Fairfax:

I am a girl of 17 and will be 18 in June.

This summer I want to go to Idaho and Washington and then to California to stay. I have relations in all these places. I work, and am saving a lot of money for these trips.

My parents were divorced when I was 14, and since then I have lived with a married sister. Mother married again, and my stepfather is forever telling me what to wear, where to go and what to do. They both agree that I shouldn't take these trips, and say they will do anything to stop me.

What I want to know is, would you advise me to leave without telling them? When I'm 18, haven't I a right to do as I please? Have they any right to hold me back?

"HEADACHES"

Dear "Headaches":

I don't like to tell any girl to go against the wishes of her parents. Yet it seems to me that yours is rather a special case, since not only your father but even your mother relinquished their care of you when you were very young and turned you over to your married sister. You don't say what your sister thinks, and since she has been your counselor for the past four years, don't you think you might ask her advice.

Personally, I can't see any harm in your taking these trips if you are planning to stay with relatives wherever you go. I don't believe it would be very smart to go off on your own to places where you had no friends. As far as your legal right to act independently is concerned, you are permitted to marry in your state without the consent of your parents, so I should imagine they could not legally control you if you wished to leave home. But if you want to be absolutely in the clear on this, you should consult a lawyer.

Advice To The Lovelorn

Marriage Should Be Delayed When Fiance Boasts Of Conquests

By BEATRICE FAIRFAX

Famous Authority on Problems of Love and Marriage

Dear Miss Fairfax:

I have been going with a fellow for over a year, and we plan to marry soon.

He says that he loves me and is true to me, yet he keeps telling me about all his former girl friends who, he says, call him up or come around to see him. He says he tells them he is engaged, yet they still come after him.

It seems funny, because all this happens on the days I don't see him, and it makes me wonder if he is still taking them out. Every time he tells me these things it causes a quarrel and makes me feel miserable. I figure he must be encouraging these girls and not telling them he is engaged, because I don't think the right kind of girls would do as he says if they knew.

Graduation exercises for Catholic Girls Central High School will be held at the 11 o'clock mass Sunday in St. Patrick's church. Rev. Lawrence J. Kilkenny will read the mass and deliver the sermon, based on guidance in later life.

The diplomas and academic awards will be conferred by Rev. Thomas Hardesty after the mass. Rev. Charles Bogan will announce the names of the graduates who are Dorothy Blake, Joan Burke, Mary Campbell, Joan Carroll, Erma Chambers, Ruth Coniff, Wanda Frobes, Rosemarie Harbaugh, Helen Hergott, Norma Loraditch, Betty Mathews, Geraldine McGowan, Margaret Meyers, Mary Minke, Dorothy Prendergast, Angela Ruppert, Wilhelmenia Seib and Julia Trozzo.

With the seniors in cap and gown the line of march will begin at Carroll Hall at 10:45. The remainder of the student body will be attired in white, with the juniors forming a guard of honor in the church and the other classmen forming the guard of honor to the church.

Today class day will be held at 10:30 in the social center, when the usual program will be presented. Social events honoring the graduates have included a spaghetti dinner by Miss Trazzo at her home, Harrison Street, followed by a party at the home of Miss Carroll, Lincoln Street; Miss Ruppert entertained at her home, Frederick Street, and a theater party, given by the school, to see the picture, Henry V, following a lecture on the subject. Other members of the class will entertain with picnics, outings and parties and the sophomores will honor the graduates later.

Nu Phi Mu Sorority To Have June Rush Period

Plans for summer activities and a membership drive were formulated at the meeting of the Nu Phi Mu sorority earlier in the week at the Girl Scout headquarters, with Miss Mary Lou Sanner presiding. A picnic supper and swimming party will be held tomorrow at Constitution Park.

Miss Ruth Ellen Dayton was named chairman of social activities for the rush period during June.

FORMER RESIDENT—Announcement has been made of the marriage of Miss Jean Milne, daughter of Mrs. William Milne, Wilmington, Del., and the late Mr. Milne, to Edmund S. Mayo, Jr.

Wedding Of Jean Milne To E. S. Mayo, Jr., Announced

The wedding of Miss Jean Milne, daughter of Mrs. William Milne, Wilmington, Del., and the late Mr. Milne, former residents of Cumberland to Edmund S. Mayo, Jr., was solemnized March 8 in Hanover Presbyterian Church, Wilmington, with Rev. John Herrick Darling officiating.

Mrs. Harold G. Shaub, Jr., New Brunswick, N. J., was the matron of honor and bride's only attendant. Russell Mayo was his brother's best man and Harold T. Mayo, Cecil Scott and James Guthrie, Seaford, Del., were the ushers. Miss Sarah Hudson White played the traditional wedding marches and a recital of nuptial music.

The bride, who was given in marriage by her brother, William Milne, wore a gown of ivory brocaded taffeta with high neckline, full skirt with bustle and long train. Her fingertip length veil of illusion was held by a bandeau of orange blossoms. She carried a white Bible with orchid and showed of bouvardia and stephanotis.

Her matron of honor wore a gown of aqua brocade with cap sleeves, fitted bodice and full skirt. Her small petal hat and lace mitts were American Beauty red and her bouquet American Beauty roses.

The bride's mother was attired in a sea green crepe with American Beauty floral hat and corsage. The bridesmaid's mother wore a navy blue crepe with floral hat and pink roses corsage.

The bride attended Allegany High School while her father was employed at the Celanese, and Harcum Junior College, near Philadelphia. The bridegroom, a veteran of Army service in the Pacific, operates his own electrical business.

Following the ceremony a small reception was held after which Mr. Mayo and his bride left for New York. Since their return Mr. and Mrs. Mayo are residing at 2002 Park Drive, Wilmington. Out-of-town guests at the wedding included Mr. and Mrs. B. J. Lyons, Cumberland; Mrs. Andrew Milne, Miss Jeanette Milne, Mr. and Mrs. Andrew F. Milne and Dr. and Mrs. A. L. Hermanni, all of Paterson, N. J.

Mrs. Milne entertained in honor of her daughter and her bridal party at Hotel duPont preceding the rehearsal. Others who entertained for the bride were Mrs. Harold Shaub, Mrs. Ralph Sedgewick, Miss Catherine O'Gorman and the girls of the Organic Chemical department of the duPont Company.

The Middle Ages in Europe are usually designated as the period from the downfall of Rome, about 476, to the transition into the modern age, variously reckoned as early as 1450 and as late as 1520.

Midshipman Picks Sister For June Week

ANNAPOLIS, Md., May 28. (AP)—His classmates say that midshipman William E. Nylen, the biggest shot of them all at the Naval Academy today, is a "true liberty hound," who seldom let a weekend go without "dragging." That's Navy lingo for "dating."

But the 21-year-old Douglas Wyo., midshipman who captained the winning company in all-round brigade competition, fooled everybody when it came to choosing the colo. girl for June week, climax of a midshipman's life at Annapolis.

He picked his sister, Helen Gayle Nylen, 20, blonde and pretty, who is studying voice in Burbank, Calif.

ALONG THE POTOMAC TO WASHINGTON

By J. GLENN BEALL
(Member of Congress from Maryland Sixth District)

Twenty gone and 10 to go. I'm talking about weeks — weeks that congress has been in session and weeks left before adjournment on July 31.

In these weekly reports I have tried to keep you informed on the most important legislation — legislation that affects you directly and indirectly—Jhat has been introduced his session. I have also tried to give you a line on my activities as concerns the 6th Congressional District of Maryland.

Today let's review for a moment what has been accomplished in Congress so far and what is in prospect.

Although seventy-four laws have been enacted only two are of great importance. In foreign affairs Congress passed the Greco-Turk aid program. On the domestic front the act for outlawing portal-to-portal pay suits looms as the most important.

Before adjournment there are indications that the following program will be acted upon.

The final legislative action necessary to pass the most comprehensive piece of labor legislation since the enactment of the Wagner Act. The House and Senate Conferees will probably have finished the final draft of the Labor Bill by the time you read this.

A bill to reduce income taxes will probably pass. It is also probable that a greater cut in Federal personnel will come about. Also cuts in Federal spending.

There are many important questions to be considered besides those already mentioned, among which are the bill to set up a large-scale Federal housing program, something that I would like to see studied right now for the sake of the veterans who need housing desperately; the Federal program of health insurance, a subject on which the President sent us a message just the other day; proposals to widen the scope and extend social security and a bill to lift the wage floor set in the Wages and Hours Act (the wage floor is now 40 cents an hour).

Considering that this Eightieth Congress had 124 new members that knew little about the law-making process on Capitol Hill, that it was the first Congress to operate under the Congressional Reorganization Act of 1946 which was designed to "streamline" the law-making process, and that it was the first Congress in over sixteen years to be controlled by a party in opposition to the Executive Branch of the Government, I believe the record is good.

I do know that there have been more visitors at my office, more telephone calls and more letters than at any other session since I've been in Congress. And strangely enough I welcome every one of them. It assures me that the people in my district are interested in what is going on.

In The Shadow Of The Dome

Beginning July 1st Long, Maryland will become LaVale, Maryland. The name has been changed officially by the Post Office Department.

On behalf of many of my constituents I vigorously protested to several government agencies regarding their method of terminating the services of permanent Civil Service employees who have many years of service. It seems that several agencies are dismissing these persons and retaining those with less service.

I have had several of these cases brought to my attention during this past week. One employee has been given his notice of termination after approximately fifteen years' service. It is my purpose to have a complete investigation made of this practice as I feel it unfair to the employee. Of course, if it can be proven that the employees being dismissed are incompetent, that is a different story. However, I don't believe this is the situation in the number of persons I have talked with this past week.

The subcommittee of the Public Works Committee is considering a bill which would raise the amount of money given the Public Roads Bureau for administrative purposes. I am keenly interested in this because it will be of benefit to all concerned for the construction of better highways.

I have had many requests on the proper way to display the United States Flag. If you will write to me at 1530 New House Office Building, Washington, D. C., I will be glad to send you a booklet which explains complete details.

Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older THAN THEIR YEARS

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regaining glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Midshipman Picks Sister For June Week

ANNAPOLIS, Md., May 28. (AP)—His classmates say that midshipman William E. Nylen, the biggest shot of them all at the Naval Academy today, is a "true liberty hound," who seldom let a weekend go without "dragging." That's Navy lingo for "dating."

But the 21-year-old Douglas, Wyo., midshipman who captained the winning company in all-round brigade competition, fooled everybody when it came to choosing the color girl for June week, climax of a midshipman's life at Annapolis.

He picked his sister, Helen Gayle Nylen, 20, blonde and pretty, who is studying voice in Burbank, Calif.

ALONG THE POTOMAC TO WASHINGTON

By J. GLENN BEALL
(Member of Congress from Maryland Sixth District)

Twenty gone and 10 to go. I'm talking about weeks — weeks that Congress has been in session and weeks left before adjournment on July 31.

In these weekly reports I have tried to keep you informed on the most important legislation — legislation that affects you directly and indirectly—Jhat has been introduced this session. I have also tried to give you a line on my activities as concerns the 6th Congressional District of Maryland.

Today let's review for a moment what has been accomplished in Congress so far and what is in prospect.

Although seventy-four laws have been enacted only two are of great importance. In foreign affairs Congress passed the Greco-Turk aid program. On the domestic front the act for outlawing portal-to-portal pay suits looms as the most important.

Before adjournment there are indications that the following program will be acted upon.

The final legislative action necessary to pass the most comprehensive piece of labor legislation since the enactment of the Wagner Act. The House and Senate Conferees will probably have finished the final draft of the Labor Bill by the time you read this.

A bill to reduce income taxes will probably pass. It is also probable that a greater cut in Federal personnel will come about. Also cuts in Federal spending.

There are many important questions to be considered besides those already mentioned, among which are the bill to set up a large-scale Federal housing program, something that I would like to see studied right now for the sake of the veterans who need housing desperately; the Federal program of health insurance, a subject on which the President sent us a message just the other day; proposals to widen the scope and extend social security and a bill to lift the wage floor set in the Wages and Hours Act (the wage floor is now 40 cents an hour).

Considering that this Eightieth Congress had 124 new members that knew little about the law-making process on Capitol Hill, that it was the first Congress to operate under the Congressional Reorganization Act of 1946 which was designed to "streamline" the law-making process, and that it was the first Congress in over sixteen years to be controlled by a party in opposition to the Executive Branch of the Government, I believe the record is good.

I do know that there have been more visitors at my office, more telephone calls and more letters than at any other session since I've been in Congress. And strangely enough I welcome every one of them. It assures me that the people in my district are interested in what is going on.

In The Shadow Of The Dome

Beginning July 1st Long, Maryland will become LaVale, Maryland. The name has been changed officially by the Post Office Department.

On behalf of many of my constituents I vigorously protested to several government agencies regarding their method of terminating the services of permanent Civil Service employees who have many years of service. It seems that several agencies are dismissing these persons and retaining those with less service.

I have had several of these cases brought to my attention during this past week. One employee has been given his notice of termination after approximately fifteen years' service. It is my purpose to have a complete investigation made of this practice as I feel it unfair to the employee. Of course, if it can be proven that the employees being dismissed are incompetent, that is a different story. However, I don't believe that is the situation in the number of persons I have talked with this past week.

The subcommittee of the Public Works Committee is considering a bill which would raise the amount of money given the Public Roads Bureau for administrative purposes. I am keenly interested in this because it will be of benefit to all concerned for the construction of better highways.

I have had many requests on the proper way to display the United States Flag. If you will write to me at 1530 New House Office Building, Washington, D. C., I will be glad to send you a booklet which explains complete details.

Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older

THAN THEIR YEARS

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regaining glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

PITCHING HORSESHOES

By BILLY ROSE

I know a man who hired a professional killer to bump off a deer.

This man owns a fine estate up in Westchester. He's vice president and principal stockholder of one of the big whiskey companies. When I met him 20 years back, he was a beer salesman. A very good salesman indeed. For several seasons, he sold half the needed beer consumed from the Battery to Spuyten Duyvil Creek.

Around Broadway he was known as "Gloves" Gahagan. We called him "Gloves" because he never dirtied his fingers with such details as building an opposition brew-meister into the foundations of the George Washington Bridge. Such matters were handled by his organization.

A couple of weeks ago I ran into "Gloves" again. It was in the stationery store at Mt. Kisco Village, where Eleanor and I summer. Gahagan was togged out like an Abercrombie and Fitch ad.

"'Gloves!'" I exclaimed. "What are you doing in that country squire get-up?"

"Got a place not far from here," he said. "Gahagan Gables. Like for you to see it some time. I raise dahlias. Might have copped the prize at the flower show this Spring if not for that deer."

"What deer?" I asked.

"A deer," he explained. "With horns on his head. Like in the Disney pictures. There's one on my estate driving me nuts."

"Why nuts?" I said. "They're kind of pretty."

"Not to a fellow who raises dahlias," said Gahagan. "Every night that walking hat-rack comes out of the woods and chews up my best flowers. For dessert, he goes to work on the imported boxwood hedges that set me back three grand. The bum must think I'm running a deer delicatessen!"

"Why don't you get a gun and shoot him?" I asked.

The Laird of Gahagan Gables looked hurt. "You know better than that, Billy," he said. "'Gloves' never handled a gun in his life."

"Well," I offered, "why not have one of your old assistants come up and rub him out? Someone like Petroni."

The squire smiled sentimentally. "Poison Petroni, the undertaker's friend. It's worth thinking about."

I didn't see the flower fancier again until last Saturday. He was coming out of the village camera shop.

"How'd you make out with the deer?" I asked him.

"Not good," said the ex-beer salesman. "Early this morning he came around and chawed a chunk out of the welcome mat."

"What happened to Operation Petroni?" I asked.

"Oh, that," said Gahagan. "It didn't work out. I located Petroni and told him I had a job for him. Asked him to put the sawed-off in his car and drive up. Poison arrived the next morning. I explained the situation. Told him there was a hundred dollars in it for him. Handed him a box lunch and took him to the brook where the deer comes to drink."

"What went wrong?" I asked. "In the old days, Petroni never missed.

"I don't know," sighed "Gloves." You can't depend on people these days. Petroni came out of the woods a couple of hours later. Climbed into his car without saying a word. When I tried to give him the hundred, he wouldn't take it. Said he hadn't killed the deer. I asked him how come. Petroni gave me a funny answer.

"The deer showed up at the brook, all right. I was about to let him have it in the head when he looked up at me. Sort of friendly. He had the prettiest eyes I ever saw. Something like my old lady's. It would have been like shooting my own mother. And for that, a hundred bucks ain't enough!' "

RADIO IN REVIEW

By JOHN CROSBY

Basebal. Via Television

The difference between watching a baseball game in person and seeing it courtesy of television is, I should say, the difference between a play and a movie. In other words you don't get the full stage and that factor has both its advantages and disadvantages. Emphasis is placed on a few individuals but you never see the whole ball team in action.

The onlooker or observer or scrutator—sooner or later we'll have to get a standardized word for that—gets a better view of football, boxing or horse-racing on a television screen than he does in the stands. This isn't true of baseball. In baseball, the ball is small and it travels fast and far. A lot of people are involved in each play and they aren't at all close together. Baseball by television takes some getting used-to, particularly for regular patrons of the ball parks.

Nevertheless, after discounting that one small and not very important reservation, baseball by television is very good indeed and it's improving every day. There are more baseball games being televised this year than ever before and next year there will be still more. Right now all the home games of the three New York major league clubs (after all, Brooklyn is part of New York) are being televised. CBS is televising the Dodgers; NBC has taken over the Giants, and Dumont the Yankees. In Philadelphia, the home game of the Phillies and the Athletics are both televised and in Chicago the Balaban and Katz station is televising the Cub games. Out in Los Angeles the Paramount station television cameras are broadcasting the Los Angeles Pacific Coast League home games.

Parenthetically, it ought to be noted that N.B.C. had its choice of the Gianth and the Yankees, John Royal picked the Giants well before the season opened when most sportswriters were taking a very dim view of the Giants as a ball team. Today Mr. Royal is regarded around N.B.C. as something of a sports oracle.

All of this is small potatoes next fall to the 115 radio stations now carrying major and minor league ball games. Nevertheless, this is just the beginning and radio veterans point out that television is coming along in the nick of time. Fifteen years ago baseball games were carried by 50,000-watt stastations the nation over. In many cities, two or three stations carried the same major league game. Network stations, which originally fell on baseball games with happy cries as a means of filling in the long, long afternoons, are now bulging with money-making soap operas and audience participation shows. Today it is the small independents that carry the major and minor league games. The only 50,000-watt station in the nation still carrying major league baseball is W.H.N. in New York which broadcasts the Dodger games. And commerce is closing in on the Dodgers. Broadcast of the game is cut off if it continues after 5 p. m. because the time has been sold after that.

The number of ball fans viewing baseball by television today is way out of proportion to the number of sets in use. In New York, for instance, there are from 10,000 to 13,000 sets in use but each set is servicing anywhere from one to thirty people. Television is in what might be described as its taproom phase. In Brooklyn and Philadelphia, tavern proprietors are buying up every set they can lay their hands on, having discovered that ball games (or any sports event) by television is the greatest taproom draw since cockfighting was outlawed.

In Philadelphia, in fact, tap room proprietors are offering private owners as much as $200 over the retail price for their television sets, figuring to earn back the $200 in increased earnings in a couple of days. This situation is causing concern not only to temperace societies but also to some set manufacturers who would like to get the sets in the homes. Meanwhile the taprooms are innoculating thousands of potential purchasers with the television bug.

Peering with some hesitation into my crystal ball, I should venture to predict that 500,000 persons will be seeing ball games by television next season, and in 1949. . . . well, my crystal doesn't project that far. Let's just say millions.

Town Meeting To Celebrate 12th Anniversary

By C. E. BUTTERFIELD

NEW YORK, May 28.—America's Town meeting is celebrating its twelfth anniversary when it goes on the ABC air Thursday night at 8:30. In doing so it will discuss "How can we strengthen the family?"

Cooperating in the broadcast will be Charles P. Taft, president of the Federal Council of Churches and the Rt. Rev. Msgr. Luigi G. Ligutti, executive secretary of the National Catholic Rural Life conference. Also there will be two essay contest winners, Mrs. Annie Peters of Alexandria, La., and Thomas E. Gaddis of Los Angeles.

A preview broadcast for 15 minutes of the Indianapolis Motor speedway races, to be run off Memorial day, will come to MBS at 10:15. It will be filled with interviews and the like. . . . Burns and Allen, all set for vacation, will bid goodbye to NBC for a time at 7:30. Also on hand is to be Frances Langford, billed for the summer replacement.

When Family Theater goes on MBS at 9 there will be Maureen O'Sullivan and John Lund and Ann Blythe to play in "Three Way Love." . . . Dick Haymes of CBS at 8 will have a Memorial day operetta to last 12 minutes.

Another of the ABC series of AFL variety shows at 9:30 will be in the form of a concert to include Gladys Swarthout and Lawrence Tibbett. Percy Faith is conducting the orchestra. . . . More concert music, as available in the Antonini program on MBS at 8:30, is to include Dorothy Kirsten and Jan Peerce. . . . The Eastman Woodwind ensemble is to play the Story of Music for NBC at 10:30. This one is a woodwind quintet.

PITCHING HORSESHOES

By BILLY ROSE

I know a man who hired a professional killer to bump off a deer.

This man owns a fine estate up in Westchester. He's vice president and principal stockholder of one of the big whiskey companies. When I met him 20 years back, he was a beer salesman. A very good salesman indeed. For several seasons, he sold half the needed beer consumed from the Battery to Spuyten Duyvil Creek.

Around Broadway he was known as "Gloves" Gahagan. We called him "Gloves" because he never dirtied his fingers with such details as building an opposition brew-meister into the foundations of the George Washington Bridge. Such matters were handled by his organization.

A couple of weeks ago I ran into "Gloves" again. It was in the stationery store at Mt. Kisco Village, where Eleanor and I summer. Gahagan was togged out like an Abercrombie and Fitch ad.

"'Gloves!'" I exclaimed. "What are you doing in that country squire get-up?"

"Got a place not far from here," he said. "Gahagan Gables. Like for you to see it some time. I raise dahlias. Might have copped the prize at the flower show this Spring if not for that deer."

"What deer?" I asked.

"A deer," he explained. "With horns on his head. Like in the Disney pictures. There's one on my estate driving me nuts."

"Why nuts?" I said. "They're kind of pretty."

"Not to a fellow who raises dahlias," said Gahagan. "Every night that walking hat-rack comes out of the woods and chews up my best flowers. For dessert, he goes to work on the imported boxwood hedges that set me back three grand. The bum must think I'm running a deer delicatessen!"

"Why don't you get a gun and shoot him?" I asked.

The Laird of Gahagan Gables looked hurt. "You know better than that, Billy," he said. "'Gloves' never handled a gun in his life."

"Well," I offered, "why not have one of your old assistants come up and rub him out? Someone like Petroni."

The squire smiled sentimentally. "Poison Petroni, the undertaker's friend. It's worth thinking about."

I didn't see the flower fancier again until last Saturday. He was coming out of the village camera shop.

"How'd you make out with the deer?" I asked him.

"Not good," said the ex-beer salesman. "Early this morning he came around and chawed a chunk out of the welcome mat."

"What happened to Operation Petroni?" I asked.

"Oh, that," said Gahagan. "It didn't work out. I located Petroni and told him I had a job for him. Asked him to put the sawed-off in his car and drive up. Poison arrived the next morning. I explained the situation. Told him there was a hundred dollars in it for him. Handed him a box lunch and took him to the brook where the deer comes to drink."

"What went wrong?" I asked. "In the old days, Petroni never missed."

"I don't know," sighed "Gloves." You can't depend on people these days. Petroni came out of the woods a couple of hours later. Climbed into his car without saying a word. When I tried to give him the hundred, he wouldn't take it. Said he hadn't killed the deer. I asked him how come. Petroni gave me a funny answer.

"The deer showed up at the brook, all right. I was about to let him have it in the head when he looked up at me. Sort of friendly. He had the prettiest eyes I ever saw. Something like my old lady's. It would have been like shooting my own mother. And for that, a hundred bucks ain't enough!'"

RADIO IN REVIEW

By JOHN CROSBY

Baseball Via Television

The difference between watching a baseball game in person and seeing it courtesy of television is, I should say, the difference between a play and a movie. In other words you don't get the full stage and that factor has both its advantages and disadvantages. Emphasis is placed on a few individuals but you never see the whole ball team in action.

The onlooker or observer or scrutator—sooner or later we'll have to get a standardized word for that—gets a better view of football, boxing or horse-racing on a television screen than he does in the stands. This isn't true of baseball. In baseball, the ball is small and it travels fast and far. A lot of people are involved in each play and they aren't at all close together. Baseball by television takes some getting used-to, particularly for regular patrons of the ball parks.

Nevertheless, after discounting that one small and not very important reservation, baseball by television is very good indeed and it's improving every day. There are more baseball games being televised this year than ever before and next year there will be still more. Right now all the home games of the three New York major league clubs (after all, Brooklyn is part of New York) are being televised. CBS is televising the Dodgers; NBC has taken over the Giants, and Dumont the Yankees. In Philadelphia, the home game of the Phillies and the Athletics are both televised and in Chicago the Balaban and Katz station is televising the Cub games. Out in Los Angeles the Paramount station television cameras are broadcasting the Los Angeles Pacific Coast League home games.

Parenthetically, it ought to be noted that N.B.C. had its choice of the Gianth and the Yankees, John Royal picked the Giants well before the season opened when most sportswriters were taking a very dim view of the Giants as a ball team. Today Mr. Royal is regarded around N.B.C. as something of a sports oracle.

All of this is small potatoes next fall to the 115 radio stations now carrying major and minor league ball games. Nevertheless, this is just the beginning and radio veterans point out that television is coming along in the nick of time. Fifteen years ago baseball games were carried by 50,000-watt stastations the nation over. In many cities, two or three stations carried the same major league game. Network stations, which originally fell on baseball games with happy cries as a means of filling in the long, long afternoons, are now bulging with money-making soap operas and audience participation shows. Today it is the small independents that carry the major and minor league games. The only 50,000-watt station in the nation still carrying major league baseball is W.H.N. in New York which broadcasts the Dodger games. And commerce is closing in on the Dodgers. Broadcast of the game is cut off if it continues after 5 p. m. because the time has been sold after that.

The number of ball fans viewing baseball by television today is way out of proportion to the number of sets in use. In New York, for instance, there are from 10,000 to 13,000 sets in use but each set is servicing anywhere from one to thirty people. Television is in what might be described as its taproom phase. In Brooklyn and Philadelphia, tavern proprietors are buying up every set they can lay their hands on, having discovered that ball games (or any sports event) by television is the greatest taproom draw since cockfighting was outlawed.

In Philadelphia, in fact, tap room proprietors are offering private owners as much as $200 over the retail price for their television sets, figuring to earn back the $200 in increased earnings in a couple of days. This situation is causing concern not only to temperace societies but also to some set manufacturers who would like to get the sets in the homes. Meanwhile the taprooms are innoculating thousands of potential purchasers with the television bug.

Peering with some hesitation into my crystal ball, I should venture to predict that 500,000 persons will be seeing ball games by television next season, and in 1949. . . . well, my crystal doesn't project that far. Let's just say millions.

Town Meeting To Celebrate 12th Anniversary

By C. E. BUTTERFIELD

NEW YORK, May 28.—America's Town meeting is celebrating its twelfth anniversary when it goes on the ABC air Thursday night at 8:30. In doing so it will discuss "How can we strengthen the family?"

Cooperating in the broadcast will be Charles P. Taft, president of the Federal Council of Churches and the Rt. Rev. Msgr. Luigi G. Ligutti, executive secretary of the National Catholic Rural Life conference. Also there will be two essay contest winners, Mrs. Annie Peters of Alexandria, La., and Thomas E. Gaddis of Los Angeles.

A preview broadcast for 15 minutes of the Indianapolis Motor speedway races, to be run off Memorial day, will come to MBS at 10:15. It will be filled with interviews and the like. . . . Burns and Allen, all set for vacation, will bid goodbye to NBC for a time at 7:30. Also on hand is to be Frances Langford, billed for the summer replacement.

When Family Theater goes on MBS at 9 there will be Maureen O'Sullivan and John Lund and Ann Blythe to play in "Three Way Love." . . . Dick Haymes of CBS at 8 will have a Memorial day operetta to last 12 minutes.

Another of the ABC series of AFL variety shows at 9:30 will be in the form of a concert to include Gladys Swarthout and Lawrence Tibbett. Percy Faith is conducting the orchestra. . . . More concert music, as available in the Antonini program on MBS at 8:30, is to include Dorothy Kirsten and Jan Peerce. . . . The Eastman Woodwind ensemble is to play the Story of Music for NBC at 10:30. This one is a woodwind quintet.

This Wacky World

Modern Age Department: New Yorkers with television sets were invited to sit in their apartments and watch the eclipse over Brazil, replayed by courtesy of the National Broadcasting Co. . . . Next Wednesday, Mutual Network will broadcast conversations between passengers on a train speeding West for California and passengers in mid-ocean speeding East for England on the Queen Elizabeth. . . . One of the campaign promises of City Councilman Marcie Liberman, who is going to run for Mayor of Miami, is that he'll spray the entire city twice a month with DDT. . . . GIs fresh from Japan report that geisha girls are discarding their traditional kimonas for sweater-girl get-ups they see depicted in American magazines.

Ethel Barrymore

As of June 1, there will be no longer a shortage of elephants and the price per elephant will be reduced by 25%, according to a New York elephant agency (Eastrade, Inc.) . . . The slick, attractive new designs for automobile radiator caps have posed a new problem in juvenile delinquency. One teen age Philadelphian was caught with 40 stolen Buick torpedoes. . . . The picture "Dillinger," starring Lawrence Tierney, is currently playing Paris at a movie house known as the Bastille Palace. The star is currently languishing in a California Bastille known as the Hollywood jail. . . . The "Green Grass of Wyoming" picture will be filmed in Utah. . . . In Ethel Barrymore's next movie her cat will be given billing and screen credit reading "Cat played by Ethel Barrymore Colt, 3rd."

Clement Clink has been appointed city marshall in an Oregon town and placed in charge of the jail. (In case he doesn't know it, "clink," the American slang word for hoosegow dates from the 17th Century when an infamous English prison bore that name—per George E. Willison's "Saints and Strangers.") . . . As a demonstration against passage of the Taft-Hartley labor restricting legislation, apple-selling veterans will be paraded around Duffy Square next Tuesday. . . . Producer Victor Stoloff is basing his next Movie on the hi-jackers who raid American ships of penicillin and sell it in the black markets of Europe. Most of them are former Italian officers, he told some of us at El Borrach, who live in the "Casbah" of Genoa. . . . If you want to make $1,000 in a quick ten seconds you can try riding Big Sid, the Brahma steer, for that length of time at the World's Greatest Rodeo and Thrill Circus, coming to Yankee Stadium Memorial Day. Nobody has ever stayed on his back for more than three seconds. Big Syd, one of the world's toughest animals, gets his vitamins from a diet of grapefruit.

Ezio Pinza, who used to be a professional bicycle racer, will get another chance at a workout in his next movie, "Babes in Toyland," when he will sing Mephisto's serenade from "Faust" while riding a bicycle. . . . Musical Courier has awarded director-composer Edmund Goulding its annual award for "the best original song in motion pictures" for "Mam'selle," which he improvised as a musical background for the French cafe scene in "The Razor's Edge." Tin Pan Alleyites wise crack that "Mam'selle" is the stepdaughter of "I Kiss Your Hand, Madame." . . . A record of the "Whiffenpoof Song" made by Donald Richards sold more than a million copies, but since Richards was then appearing in the AAF's "Winged Victory" his name never appeared on the record because of Army regulations.

Incidental Intelligence: Attorney General Tom Clark will be taken over the bumps at the Circus Saints and Sinners Club luncheon Thursday, May 29, at the Waldorf-Astoria. . . . Evelyn Nesbit writes that her forthcoming book is a novel, not an autobiography, and that Gene Fowler suggested the title, "The Bosky Dell." . . . Tommy Dorsey to record a series of shows which will be launched next Fall on Station WMCA. . . . Wynne Gibson and Beverly Roberts have opened a theatrical producing office in the Empire State Building. . . . For this column's Preferred List: Columbia's albums, Italian Operatic Arias by Helen Traubel, and "A Night at Carnegie Hall," with solos by Lily Pons, Ezio Pinza and Rise Stevens, from the movie of that name. . . . Jackie Miles hilarious (and clean!) comedy routines at Bill Miller's Rivera, over on the Jersey side, which is a "must" for all New York visitors, being one of the sights of the town.

Listen World

By ELSIE ROBINSON

I wrote an article which I called "Sick of Film Filth." The answers piled high on my desk. It is not because there was any particular skill in my writing but because an enraged and disgusted America is speaking its mind.

Our papers are filled with articles on juvenile delinquency and with the hideous record of 'teen agers running amuck, killing and sobbing. But how can we expect children to be clean and gentle and decent when nightly we present examples of vicious cruelty and bawdiness?

E. Worthington Rhodes, publisher of the Philadelphia Tribune, sends an editorial on this subject which he recently wrote himself. He begins by quoting John Sutherland Bonnel, D. D.

"When Rome's youth became debased and enervated, when regard was lost for men's honor and women's purity, when the sanctity of the home was violated, when her literature became cynical and debased, her dominion ended. The moral life of any people rises or falls with the vitality or decay of its religious life."

I wish that space permitted me to repeat the magnificent editorial in full but I can at least give some paragraphs to show that he is on the fighting line with those of us who prefer decency.

"The only thing an author has to put in his book to get into 'big time' is a tremendous amount of illicit sex life with big quantities of curse words. This same thing is true of the theatre and motion pictures. The tougher the stories the bigger the crowds. The more naked the women the louder the applause. The dirtier the jokes the greater the laughter. The proponents of this filth say those who object to it are afraid of the facts of life, that if their minds were not aready debased they would accept such things as good clean fun. Naked chorus girls shaking their backsides in a manner which leaves nothing to the imagination may be lifting the moral standards of a nation but I'm willing to risk a dollar to a doughnut that many innocent women have had their heads bashed in by perverts who have their sexual passions inflamed looking at too many nude women and listening to suggestive jokes."

And lest you think that all the protests come from old fogies, here is one signed "A 'teen ager." "Dear Miss Robinson:

"I'd like to thank you for writing that article. Being a 'teen ager myself some people might think I would object to your blast on movies but I'm glad that someone finally decided to wake the people up to what's going on."

This one comes from the home of Yale University: "I believe that article is one of your best. The movies have degenerated to the lowest level. You will get plenty of support in your campaign against their filth. Hope you will write again on the same subject."

W. C. PERRY,
New Haven, Conn.

My own girlhood was not spent in exclusive circles. I lived in a frontier town in the far west and it was a tough town. But if any girl or woman had dressed or smoked or drunk as they do today, openly, they would have been ostracized from decent society.

I am not one of the old fogies nor do I think that all our movies should be cut down to the level of a six year old understanding. To the contrary I believe that there should be movies made especially for children—movies concerning animals and wild life and stories which reflect the history of America and revive its glories. I believe that the age of every child going to a movie should be investigated and it would in all probability be a good thing to investigate the brains of the mothers who give them 50 cents to go off without knowing what they are going to see.

Don't worry about hearing from me again on this subject. You are going to hear often and plenty. It's one of my pet raves.

Listen World

By ELSIE ROBINSON

I wrote an article which I called "Sick of Film Filth." The answers piled high on my desk. It is not because there was any particular skill in my writing but because an enraged and disgusted America is speaking its mind.

Our papers are filled with articles on juvenile delinquency and with the hideous record of 'teen agers running amuck, killing and sobbing. But how can we expect children to be clean and gentle and decent when nightly we present examples of vicious cruelty and bawdiness?

E. Worthington Rhodes, publisher of the Philadelphia Tribune, sends an editorial on this subject which he recently wrote himself. He begins by quoting John Sutherland Bonnel, D. D.

"When Rome's youth became debased and enervated, when regard was lost for men's honor and women's purity, when the sanctity of the home was violated, when her literature became cynical and debased, her dominion ended. The moral life of any people rises or falls with the vitality or decay of its religious life."

I wish that space permitted me to repeat the magnificent editorial in full but I can at least give some paragraphs to show that he is on the fighting line with those of us who prefer decency.

"The only thing an author has to put in his book to get into 'big time' is a tremendous amount of illicit sex life with big quantities of curse words. This same thing is true of the theatre and motion pictures. The tougher the stories the bigger the crowds. The more naked the women the louder the applause. The dirtier the jokes the greater the laughter. The proponents of this filth say those who object to it are afraid of the facts of life, that if their minds were not already debased they would accept such things as good clean fun. Naked chorus girls shaking their backsides in a manner which leaves nothing to the imagination may be lifting the moral standards of a nation but I'm willing to risk a dollar to a doughnut that many innocent women have had their heads bashed in by perverts who have their sexual passions inflamed looking at too many nude women and listening to suggestive jokes."

District Posts, VFW, Will Meet Here June 8

Eight Units Will Name Area Officers

A meeting of the Fifth District, Department of Maryland, Veterans of Foreign Wars, will be held here Sunday, June 8, for the purpose of electing a district commander and other district officers, it was announced last night by Commander Lee Thrasher of Henry Hart Post No. 1411.

Special arrangements have been made to hold the meeting at 1 p. m. in the third floor meeting hall of the Woodmen of the World Building, Union Street.

The district includes posts at Cumberland, Hagerstown, Frostburg, Mt. Savage, Lonaconing, Oakland, McCoole and Friendsville.

Present district commander is Robert Staglager, who is completing a two-year term. In addition to district commander, delegates to the meeting will ballot for a senior vice commander, junior vice commander, district chaplain, district judge advocate, adjutant and a quartermaster.

With the organization of new posts in the area since the end of World War II, local veterans expressed the hope and belief that the district organization can be completed and activated to the benefit of VFW posts and members of the Western Maryland area. It is also hoped that additional VFW posts can be organized in other Western Maryland communities, Thrasher said.

Among the possibilities mentioned for district commander, is immediate past commander, Raymond Reynolds, of the local post.

Dr. Hawkins Is Named Towson College Head

BALTIMORE, May 28—(AP)—The State Board of Education announced today the appointment of Dr. Earl T. Hawkins, director of instruction, as President of the Towson State Teachers College.

Dr. Hawkins will succeed Dr. M. Theresa Wiedefeld, whose retirement becomes effective August 31.

Dr. Hawkins was graduated from Western Maryland College in 1923, received his master's degree from Columbia in 1927, and his Ph. D. from Yale in 1942. He was principal of the Bel Air High School from 1928 to 1938.

He became state supervisor of high schools in 1938 and director of instruction in 1945.

At the meeting today, Tasker G. Lowndes, president of the state board, and Wendell Allen, Jr., vice president, were re-elected to their positions.

Memorial Observance Planned At Oldtown

Ross Shaw and members of the Cresap Society, will hold a Memorial Day service at the Methodist Cemetery, Oldtown, tomorrow at 9 a. m.

Shaw said last night that a flag, donated by Howard W. Jackson, former mayor of Baltimore, will be placed on the grave of Capt. Michael Cresap, grandson of the founder of Oldtown. Col. Thomas Cresap. Capt. Cresap died September 30, 1788.

DEATHS

GROGGS CHILD DIES

Mason Gene Groggs, 3-year-old son of Burley M. and Beulah Bell Miller Groggs, died yesterday afternoon about 2 o'clock at his home in Rawlings. He had been ill since Saturday.

Besides his parents, his is survived by six brothers and sisters. The body is at the Stein Funeral Home, here.

Camera Club Holds Monthly Show

At the monthly meeting of the Cumberland Camera Club last night, judges in the photo contest were members of the Gettysburg Camera Club. First prize honors in the black and white competition went to John R. King's "Rosary." In the color entries, William Price won first and second prizes.

Second place in the black and white was "Rhythm and Shadow" by Sam Dooley, third was Richard Sitzler's "Jet," fourth was "Danish Village" by Dorothy Willison, and fifth was a tie between Randolph Millholland's "Portrait" and Gladys King's "Abandoned." Forty six prints were entered in the show.

To stimulate interest among the local high schools, the Camera Club is holding a meeting for all students interested in forming camera clubs at the Public Library June 3 at 7:30 p. m.

Judges from the Gettysburg Club were Dr. Dunning Idle, president of the club, Dr. C. A. Sloat and Paul Pensinger.

Two Army Specialists To Be Here June 3-6

Two Signal Corps specialists from Fort Monmouth, N. J., will be stationed at the local Army recruiting office on temporary duty from June 3 to 6 and will be available for lectures on phases of new Army signal methods to high school graduates of the area.

Army recruiters also signed two men for duty in the Regular Army yesterday. Norman E. Faith, 223 Arch Street, re-enlisted in the Air Force. William C. Harden, Hyndman, Pa., enlisted in ordnance. Both men signed for three years.

More Pigs Purchased For 4-H Club Project

In preparation for a swine show in the fall at the Cumberland Stock Yards at Triple Lakes, McMullen Highway, ten pigs have been purchased by members of 4-H Boys Clubs to fatten for the event, according to Joseph Steger, assistant county farm agent.

Steger said the pigs will be brought here from Montgomery county today. They include Hampshires and Durocs purchased from George Lechlider at Gaithersburg. He is a breeder of thoroughbred pigs.

The 4-H boys will buy ten more pigs in the near future, Steger said. The ten to be brought here tomorrow have been allotted to Harry Johnson, Jr., Willow Brook Road; Lewis and Homer Schade, Valley Road, and Robert Miller, Midland.

52 Children Examined

Fifty-two Allegany County children were examined yesterday at the opening of a two-day hearing clinic conducted by Dr. M. L. Breitstein, Baltimore specialist, at headquarters of the Allegany County League for Crippled Children. Nineteen were new patients. A similar Garrett County clinic, held Tuesday in Oakland, was attended by 20 children. Clinic hours today will be from 8:30 a. m. until 2 p. m.

this has been made a part of hundreds of textile agreements and has recently been adopted by larger mass production industries.

Payne said no general wage increase was requested by the union in the current contract talks.

The union offered to the company to submit to arbitration all issues in the dispute in an effort to avert a stoppage and the offer was rejected, Payne added.

The union committee, he said, will meet with the company today to work out an orderly shut down of the plant and the union has instructed all of its members to continue on their jobs until the time set by the union for the strike.

There will be a special meeting of all union committeemen this evening at 7:30 o'clock at the union hall, he added.

The last authorized strike at the local textile plant was called in 1940 Strikes also occurred at the Amcelle plant in 1936 and 1939.

The Labor Department, it was announced, said the union filed a strike notice as of May 5 so that the 30-day notice would expire June 5.

Reduction Sought In Medical Care

Reduction in services furnished under the county medical care program will be necessary if the appropriation for the work is to last until the end of the fiscal year June 30, according to Dr. Winter R. Frantz, assistant city and county health officer.

At a meeting last night of the county advisory committee on medical care, it was decided to send letters to doctors and dentist participating in the program, asking them to hold expenditures as low as possible during June.

Dr. Frantz read a letter from Dr. Dean Roberts, chief of the bureau of medical services of the State Department of Health, stating that co-operation is necessary if standard fees for doctors and dentists are to be paid during the remainder of the fiscal year.

Dr. Roberts said that in all Maryland counties, cost of the medical care program totaled $34,920 in March and $33,000 in April. Funds available for May and June medical care bills amount to only $52,000, however, and expenditures in each of those months must average only $26,000 to stay within the appropriation. A total of $300,000 was appropriated to carry on the program during the current fiscal year.

State law prevents using any funds which would be available after July 1 for meeting costs of the program incurred during this fiscal year, Dr. Roberts added. He urged an overall reduction of 21 per cent in medical care services.

The county committee decided to enclose copies of Dr. Roberts' letter in the notices to physicians and dentists, asking their co-operation.

Dr. Frantz pointed out that service to the medically indigent, as well as cases of elective surgery and elective dentistry, have already been dropped from the county program in order to stay within the appropriation.

Paper Drive Hits 34-Ton Mark

Fifteen more tons of wastepaper were collected yesterday as the monthly campaign continued. Yesterday's collection plus 15 tons Tuesday and four yesterday boosted the total to date to 34 tons.

The drive today will cover all sections between Baltimore Street and Baltimore Avenue and Oldtown Road. Despite the Memorial Day holiday, the scheduled collection will be made Friday south of Oldtown Road.

Legion Asked To Form Early Memorial Day

All members of Fort Cumberland Post No. 13, American Legion, were urged last night by Post Commander Phil Fleming to be at the post home tomorrow at 9:45 a. m. to participate in the Memorial Day parade and exercises.

It was also requested that members of the drum and bugle corps of Squadron No. 13, Sons of the Legion, form at post headquarters at 9 a. m. for the parade.

Handling Claims Is Topic Of Institute

Insurance benefits and processing of claims formed the main topics of a Red Cross Home Service Claims Institute held here yesterday with nine Red Cross representatives present from Martinsburg and Berkeley Springs, W. Va., and Hagerstown.

Douglas S. Krick, Red Cross field director of the Veterans Administration regional office in Baltimore, conducted the institute, discussing aid which Red Cross home service workers can give to veterans in insurance, disability, hospitalization, vocational rehabilitation and similar claims.

In the afternoon session, Krick explained the methods by which claims are processed through the VA office in Baltimore, which handles all veterans' claims in this area. He said that during the past 20 months, a total of 5,500,000 claims have come through VA offices throughout the country.

Officials attending from Eastern Area headquarters of the Red Cross in Alexandria, Va., were Miss Evelyn Webb, home service field representative; and Julian Brooks, general field representative.

Beall To Speak At Antietam Ceremony

Rep. J. Glenn Beall of the Sixth Maryland District, is scheduled to be the principal speaker at Memorial Day exercises tomorrow at Antietam Battlefield, Sharpsburg.

Tech. Sgt. Vernon Debnam and Staff Sgt. Murrel W. Brainerd, local Marine Corps recruiters, will take part in the parade at Sharpsburg prior to the speaking program in the afternoon. Members of Ray Carbaugh Detachment, Marine Corps League, Hagerstown, will also take part.

Baseball Bat Victim Has Tongue Paralysis

While attaches at Miners Hospital stated that the condition of Charles Owens, Jr., 35, of Woodland, near Frostburg, remains satisfactory, they said he is still unable to talk, due to temporary tongue paralysis, a condition caused frequently in fractured skull cases. Owens was severely beaten about the head with a baseball bat reportedly wielded by his father, May 16.

Authorities said Charles Owens, Sr., about 65, who lives near his son's home, struck the younger man after the son allegedly fired a shot at him. No charges have been preferred against the father.

Neighbors said Owens returned home from Frostburg, engaged in an argument with his wife over a suit she had purchased for him and then threatened to shoot his family. The man's son ran to his grandfather's home for help and the alleged shooting and bat "slugging" occurred shortly afterwards.

Couple Fined For Disorderly Conduct

Magistrate Oliver H. Bruce, Jr., fined a 34-year-old woman and her brother-in-law $10 in Police Court yesterday after finding them guilty of disorderly conduct charges, preferred after an early Wednesday morning escapade at the Windsor Hotel.

Police said the pair, Mrs. Lillian V. Miller, Willowbrook Road, who is the mother of a 15-year-old daughter, and Raymond L. Miller, Emily Street, registered at the Windsor Hotel as "Mr. and Mrs. Raymond Jones." Officers were summoned to the hotel after Baltimore Street pedestrians noticed the woman disrobing in front of a window of one of the upper floor rooms. Police said found the couple in bed when they arrived but in Police Court, Miller denied having relations with his sister-in-law.

Magistrate Bruce warned the woman before sentencing her that she faced a possible charge of contributing to the delinquency of her 15-year-old daughter. Police also stated that Mrs. Miller was paroled for three years during the January term of court on a charge of stealing a watch from a man on Front Street.

Paul Steinla, North Mechanic Street, and Gerald Atkinson, Route 2, this city, face trial today on disorderly conduct charges. Police said the men were fighting on North Mechanic Street Monday night. Each posted $10 bond.

Democrats Give $74,793

BALTIMORE, May 28.—(AP)—Approximately 600 Democrats contributed $74,793 to help elect Mayor Thomas D'Alesandro and his ticket in the Baltimore municipal election this month, statements filed with the Circuit Court showed.

The defeated Republicans spent approximately $8,800 in contributions.

Contributions to the Democratic campaign chest ran from $2 to $1,800.

District Posts, VFW, Will Meet Here June 8

Eight Units Will Name Area Officers

A meeting of the Fifth District, Department of Maryland, Veterans of Foreign Wars, will be held here Sunday, June 8, for the purpose of electing a district commander and other district officers, it was announced last night by Commander Lee Thrasher of Henry Hart Post No. 1411.

Special arrangements have been made to hold the meeting at 1 p. m. in the third floor meeting hall of the Woodmen of the World Building, Union Street.

The district includes posts at Cumberland, Hagerstown, Frostburg, Mt. Savage, Lonaconing, Oakland, McCoole and Friendsville.

Present district commander is Robert Staglager, who is completing a two-year term. In addition to district commander, delegates to the meeting will ballot for a senior vice commander, junior vice commander, district chaplain, district judge advocate, adjutant and a quartermaster.

With the organization of new posts in the area since the end of World War II, local veterans expressed the hope and belief that the district organization can be completed and activated to the benefit of VFW posts and members of the Western Maryland area. It is also hoped that additional VFW posts can be organized in other Western Maryland communities, Thrasher said.

Among the possibilities mentioned for district commander, is immediate past commander, Raymond Reynolds, of the local post.

Dr. Hawkins Is Named Towson College Head

BALTIMORE, May 28—(AP)—The State Board of Education announced today the appointment of Dr. Earl T. Hawkins, director of instruction, as President of the Towson State Teachers College.

Dr. Hawkins will succeed Dr. M. Theresa Wiedefeld, whose retirement becomes effective August 31.

Dr. Hawkins was graduated from Western Maryland College in 1923, received his master's degree from Columbia in 1927, and his Ph. D. from Yale in 1942. He was principal of the Bel Air High School from 1928 to 1938.

He became state supervisor of high schools in 1938 and director of instruction in 1945.

At the meeting today, Tasker G. Lowndes, president of the state board, and Wendell Allen, Jr., vice president, were re-elected to their positions.

Memorial Observance Planned At Oldtown

Ross Shaw and members of the Cresap Society, will hold a Memorial Day service at the Methodist Cemetery, Oldtown, tomorrow at 9 a. m.

Shaw said last night that a flag, donated by Howard W. Jackson, former mayor of Baltimore, will be placed on the grave of Capt. Michael Cresap, grandson of the founder of Oldtown. Col. Thomas Cresap. Capt. Cresap died September 30, 1788.

Camera Club Holds Monthly Show

At the monthly meeting of the Cumberland Camera Club last night, judges in the photo contest were members of the Gettysburg Camera Club. First prize honors in the black and white competition went to John R. King's "Rosary." In the color entries, William Price won first and second prizes.

Second place in the black and white was "Rhythm and Shadow" by Sam Dooley, third was Richard Sitzler's "Jet," fourth was "Danish Village" by Dorothy Willison, and fifth was a tie between Randolph Millholland's "Portrait" and Gladys King's "Abandoned." Forty six prints were entered in the show.

To stimulate interest among the local high schools, the Camera Club is holding a meeting for all students interested in forming camera clubs at the Public Library June 3 at 7:30 p. m.

Judges from the Gettysburg Club were Dr. Dunning Idle, president of the club, Dr. C. A. Sloat and Paul Pensinger.

Two Army Specialists To Be Here June 3-6

Two Signal Corps specialists from Fort Monmouth, N. J., will be stationed at the local Army recruiting office on temporary duty from June 3 to 6 and will be available for lectures on phases of new Army signal methods to high school graduates of the area.

Army recruiters also signed two men for duty in the Regular Army yesterday. Norman E. Faith, 223 Arch Street, re-enlisted in the Air Force. William C. Harden, Hyndman, Pa., enlisted in ordnance. Both men signed for three years.

More Pigs Purchased For 4-H Club Project

In preparation for a swine show in the fall at the Cumberland Stock Yards at Triple Lakes, McMullen Highway, ten pigs have been purchased by members of 4-H Boys Clubs to fatten for the event, according to Joseph Steger, assistant county farm agent.

Steger said the pigs will be brought here from Montgomery county today. They include Hampshires and Durocs purchased from George Lechlider at Gaithersburg. He is a breeder of thoroughbred pigs.

The 4-H boys will buy ten more pigs in the near future, Steger said. The ten to be brought here tomorrow have been allotted to Harry Johnson, Jr., Williow Brook Road; Lewis and Homer Schade, Valley Road, and Robert Miller, Midland.

52 Children Examined

Fifty-two Allegany County children were examined yesterday at the opening of a two-day hearing clinic conducted by Dr. M. L. Breitstein, Baltimore specialist, at headquarters of the Allegany County League for Crippled Children. Nineteen were new patients. A similar Garrett County clinic, held Tuesday in Oakland, was attended by 20 children. Clinic hours today will be from 8:30 a. m. until 2 p. m.

this has been made a part of hundreds of textile agreements and has recently been adopted by larger mass production industries.

Payne said no general wage increase was requested by the union in the current contract talks.

The union offered to the company to submit to arbitration all issues in the dispute in an effort to avert a stoppage and the offer was rejected, Payne added.

The union committee, he said, will meet with the company today to work out an orderly shut down of the plant and the union has instructed all of its members to continue on their jobs until the time set by the union for the strike.

There will be a special meeting of all union committeemen this evening at 7:30 o'clock at the union hall, he added.

The last authorized strike at the local textile plant was called in 1940 Strikes also occurred at the Amcelle plant in 1936 and 1939.

The Labor Department, it was announced, said the union filed a strike notice as of May 5 so that the 30-day notice would expire June 5.

Reduction Sought In Medical Care

Reduction in services furnished under the county medical care program will be necessary if the appropriation for the work is to last until the end of the fiscal year June 30, according to Dr. Winter R. Frantz, assistant city and county health officer.

At a meeting last night of the county advisory committee on medical care, it was decided to send letters to doctors and dentist participating in the program, asking them to hold expenditures as low as possible during June.

Dr. Frantz read a letter from Dr. Dean Roberts, chief of the bureau of medical services of the State Department of Health, stating that co-operation is necessary if standard fees for doctors and dentists are to be paid during the remainder of the fiscal year.

Dr. Roberts said that in all Maryland counties, cost of the medical care program totaled $34,920 in March and $33,000 in April. Funds available for May and June medical care bills amount to only $52,000, however, and expenditures in each of those months must average only $26,000 to stay within the appropriation. A total of $300,000 was appropriated to carry on the program during the current fiscal year.

State law prevents using any funds which would be available after July 1 for meeting costs of the program incurred during this fiscal year, Dr. Roberts added. He urged an overall reduction of 21 per cent in medical care services.

The county committee decided to enclose copies of Dr. Roberts' letter in the notices to physicians and dentists, asking their co-operation.

Dr. Frantz pointed out that service to the medically indigent, as well as cases of elective surgery and elective dentistry, have already been dropped from the county program in order to stay within the appropriation.

Paper Drive Hits 34-Ton Mark

Fifteen more tons of wastepaper were collected yesterday as the monthly campaign continued. Yesterday's collection plus 15 tons Tuesday and four yesterday boosted the total to date to 34 tons.

The drive today will cover all sections between Baltimore Street and Baltimore Avenue and Oldtown Road. Despite the Memorial Day holiday, the scheduled collection will be made Friday south of Oldtown Road.

Legion Asked To Form Early Memorial Day

All members of Fort Cumberland Post No. 13, American Legion, were urged last night by Post Commander Phil Fleming to be at the post home tomorrow at 9:45 a. m. to participate in the Memorial Day parade and exercises.

It was also requested that members of the drum and bugle corps of Squadron No. 13, Sons of the Legion, form at post headquarters at 9 a. m. for the parade.

Handling Claims Is Topic Of Institute

Insurance benefits and processing of claims formed the main topics of a Red Cross Home Service Claims Institute held here yesterday with nine Red Cross representatives present from Martinsburg and Berkeley Springs, W. Va., and Hagerstown.

Douglas S. Krick, Red Cross field director of the Veterans Administration regional office in Baltimore, conducted the institute, discussing aid which Red Cross home service workers can give to veterans in insurance, disability, hospitalization, vocational rehabilitation and similar claims.

In the afternoon session, Krick explained the methods by which claims are processed through the VA office in Baltimore, which handles all veterans' claims in this area. He said that during the past 20 months, a total of 5,500,000 claims have come through VA offices throughout the country.

Officials attending from Eastern Area headquarters of the Red Cross in Alexandria, Va., were Miss Evelyn Webb, home service field representative; and Julian Brooks, general field representative.

Beall To Speak At Antietam Ceremony

Rep. J. Glenn Beall of the Sixth Maryland District, is scheduled to be the principal speaker at Memorial Day exercises tomorrow at Antietam Battlefield, Sharpsburg.

Tech. Sgt. Vernon Debnam and Staff Sgt. Murrel W. Brainerd, local Marine Corps recruiters, will take part in the parade at Sharpsburg prior to the speaking program in the afternoon. Members of Ray Carbaugh Detachment, Marine Corps League, Hagerstown, will also take part.

Baseball Bat Victim Has Tongue Paralysis

While attaches at Miners Hospital stated that the condition of Charles Owens, Jr., 35, of Woodland, near Frostburg, remains satisfactory, they said he is still unable to talk, due to temporary tongue paralysis, a condition caused frequently in fractured skull cases. Owens was severely beaten about the head with a baseball bat reportedly wielded by his father, May 16.

Authorities said Charles Owens, Sr., about 65, who lives near his son's home, struck the younger man after the son allegedly fired a shot at him. No charges have been preferred against the father.

Neighbors said Owens returned home from Frostburg, engaged in an argument with his wife over a suit she had purchased for him and then threatened to shoot his family. The man's son ran to his grandfather's home for help and the alleged shooting and bat "slugging" occurred shortly afterwards.

Couple Fined For Disorderly Conduct

Magistrate Oliver H. Bruce, Jr., fined a 34-year-old woman and her brother-in-law $10 in Police Court yesterday after finding them guilty of disorderly conduct charges, preferred after an early Wednesday morning escapade at the Windsor Hotel.

Police said the pair, Mrs. Lillian V. Miller, Willowbrook Road, who is the mother of a 15-year-old daughter, and Raymond L. Miller, Emily Street, registered at the Windsor Hotel as "Mr. and Mrs. Raymond Jones." Officers were summoned to the hotel after Baltimore Street pedestrians noticed the woman disrobing in front of a window of one of the upper floor rooms. Police said found the couple in bed when they arrived but in Police Court, Miller denied having relations with his sister-in-law.

Magistrate Bruce warned the woman before sentencing her that she faced a possible charge of contributing to the delinquency of her 15-year-old daughter. Police also stated that Mrs. Miller was paroled for three years during the January term of court on a charge of stealing a watch from a man on Front Street.

Paul Steinla, North Mechanic Street, and Gerald Atkinson, Route 2, this city, face trial today on disorderly conduct charges. Police said the men were fighting on North Mechanic Street Monday night. Each posted $10 bond.

Democrats Give $74,793

BALTIMORE, May 28.—(AP)—Approximately 600 Democrats contributed $74,793 to help elect Mayor Thomas D'Alesandro and his ticket in the Baltimore municipal election this month, statements filed with the Circuit Court showed.

The defeated Republicans spent approximately $8,800 in contributions.

Contributions to the Democratic campaign chest ran from $2 to $1,800.

Borden Mining Co. Completes Plans For Celebration

Firm To Mark 100th Anniversary Saturday

By RUDOLPH NICKEL

FROSTBURG, May 28 — Plan have been completed for the centennial celebration of the Borden Mining Company scheduled for Saturday, May 31, at 5:45 p. m. at Big Savage Inn on Route 40, west of Frostburg.

The celebration will be attended by Albert Greene Borden, New York, president of the company and other officers and directors. The program will include a buffet supper, music by the Arion Band, professional entertainment, and addresses by former Judge D. Lindley Sloan, Judge George Henderson and Congressman J. Glenn Beall.

Among the guests who have been invited are the Mayor and City Commissioners of Frostburg, Commissioners of Allegany County, all the present tenants of the company's properties and numerous persons with whom the company has done business in past years.

A special bus will leave Borden and Zihlman at 5:30 p. m., and another bus will leave Shaft and Midlothian at 5:30 p. m., to transport invited guests to the Big Savage Inn.

Persons attending the centennial celebration may visit Sir John's Rock, one of the historic spots of Western Maryland, occupying a high vantage point on Big Savage Mountain near the inn. The rock, known in early days as Sir John's Rock, has been referred to in recent years as St. John's Rock.

To settle a long standing controversy as to which name is correct, the Borden Mining Company for some time has been making inquiries of various government agencies and historical societies. They learned from the Enoch Pratt Library, Baltimore, that "Maryland in Prose and Poetry", 1909, by Noble and Pratt, states: "Sir John St. Clair came to America in 1755 as deputy quartermaster of the British forces, and built the first road across the mountains of Western Maryland, known as "Braddock Road". He was shot through the body at Braddock's defeat, but soon recovered; his home was in Argyleshire, Scotland, to which he returned late in life."

It must be rather obvious, the Borden Mining Company concludes, that if Sir John built the Braddock Road (which at this point was originally closer to the rock than the present Route 40,) that is prominent observation point, if not originally named after him, must have come to be known by his name, Sir John.

Mrs. Nixon Rites Saturday

Services for Mrs. Virgil G. Nixon, 54, LaVale, who died Wednesday morning in Allegany Hospital, Cumberland, where she had been a patient since last Saturday, will be held Saturday at 2:30 p. m., at the home of her brother, Stanley Chidester, 28 Taylor Street, by Rev. Justus Liesmann, pastor of St. Paul's Lutheran Church, and Rev. W. D. Reese, of Welsh Baptist Church. Burial will be in Allegany Cemetery, Frostburg.

A native of Frostburg, Mrs. Nixon, the former Stella Chidester, was a daughter of the late Charles and Sarah Williams Chidester. She was a member of St. Paul's Lutheran Church, Cumberland, and for many years sang in the church choir. She was also active in many church societies.

Church Buys Property

The congregation of Bible Hall, Assembly of God Church, this city, has purchased a lot at the corner of Maple and Steyer Streets, from Mrs. Leslie Hendley. The lot, 52 by 150 feet, will be the site for a proposed church building. The congregation, affiliated with the General Council of the Assemblies of God, Springfield, Mass., will continue to hold services in Junior Order Hall, Broadway, until the new church is erected. Rev. Kent M. Reckley, Cumberland, is pastor of the church.

P-TA Elects Officers

The Parent-Teacher Association of Hill Street School at the May meeting elected Mrs. Maurice Nelson, president; Mrs. Dorothy Custer, vice-president; Mrs. Llewella Carder, secretary, and Mrs. Catherine Plummer, treasurer. Mrs. Eleanor Martens conducted the installation ceremony.

Mrs. Mary J. Rank, former principal, lauded the association for its work in contributing to the progress of elementary education. Mrs. Elizabeth Arnold read a eulogy for Miss Bessie Gehauf, member of the faculty, who died recently.

Plans for the annual picnic for the children were made.

Personals

Because of the Memorial Day holiday on Friday, garbage collections in the city will be made on Saturday of this week, the Mayor and Council announced tonight.

William Sumners, 45, a son of the late Edward M. and Mary Wellings Sumners, Ocean, is reported critically ill in a Clarksburg, W. Va., hospital. He is suffering from carbon monoxide poisoning, sustained when he was inspecting a fire in a coal mine near Clarksburg two months ago. Sumners, a mine foreman, is a grandson of the late William Wellings, Ocean.

Mrs. M. M. Ward, Linden Street, has returned from Allegany Hospital, Cumberland.

James Engle is home from Columbia University, New York, after completing work on his master's degree.

Mrs. Frederick Garner and Miss Rita Delaney returned to Washington after visiting their aunt, Miss Katie Jack, Broadway.

Mrs. Stanley Watson and infant daughter, Katherine Louise, are visiting the former's parents, Mr. and Mrs. Stanley Hawkins, Beall Street.

William C. Layman is recuperating at his home, 36 Grant Street, following a major operation in Memorial Hospital, Cumberland.

Mrs. George Tippen, Zihlman, has returned home following an operation in Miners' Hospital.

Joyce Sween, daughter of Mrs. Jennie Sween, Zihlman, was treated at Miners Hospital last evening for lacerations of one of her knees, sustained while cutting grass at her home.

John McMahon, Midland, was treated at Miners Hospital last evening for a dislocation of his right ankle.

Mr. and Mrs. Charles Wiebrecht, East Main Street, announce the birth of a daughter Wednesday morning in Miners Hospital.

Graduates Hear Dr. E. H. Sponseller

By LILLIAN H. CRABTREE

HYNDMAN, Pa., May 28—Dr. Edwin H. Sponseller, a Yale graduate and member of the faculty at Hood College, Frederick, Md., used the subject "Choose Ye This Day" as the theme for his address to the 23 graduates of Hyndman High School Tuesday night at the commencement exercises in First Methodist Church.

The class was introduced to the board of directors by Lloyd Keller, principal, and John H. Buffenmyer presented the diplomas to the seniors. Keller awarded first class honors to Robert L. Close and second honors to Shirley B. Bagley and honorable mention to Dorothy M. Swauger. A check of $10 was presented to Robert Bryant for his prize winning essay, "Democracy—Yardstick for Internationa Amity," in the contest sponsored by the Bedford American Legion Post. Shirley Bagley was awarded $5 second prize.

Women's CTP Has Annual May Dinner

The Women's Co-operative Traffic Program of the Baltimore and Ohio entertained 69 members and guests from the Men's CTP at a semi-formal dinner and card party Tuesday night at the Queen City Hotel. Miss Margaret Lynch, supervisor of stewardship service, Chicago, was the principal speaker and outlined the qualifications and duties of the stewards and told of incidents connected with their work. Miss Mildred Dreschler, Baltimore, CTP representative, expressed appreciation for the work accomplished by the Women's CTP.

Mrs. Emily Miller served as toastmaster and introduced Mrs. Elsie Kilroy, who presided. Mrs. Miller also presented corsages to Miss Lynch, Miss Dreschler and Mrs. Kilroy which were pinned on by Mrs. G. A. McGinn, reception chairman, in behalf of the women's group, and one to Mrs. E. J. Clopton, wife of their president, from the men's CTP. Mrs. Elizabeth Nave offered the invocation.

Mrs. Kilroy introduced her staff of officers and special guests including C. N. Wilkinson, county commissioner, and Mrs. Wilkinson, Myers G. Light, city councilman, and Mrs. Light.

A green and yellow color scheme was carried out in the decorations with painted wooden spoons bearing the names in the bowl and a rosebud tied to the handle; green and yellow tapers, fern and a bowl of rosebuds centered the guest table. Candles, fern and large place cards trimmed in green and yellow ribbon and a rose bud centered the other tables.

Bridge, 500 and other games were played after the dinner with Mrs. Harold K. Miller, Mrs. Courtney Kidwell and Mrs. Clopton winning at bridge; Mrs. W. E. Brinkman, Miss Violet Kennedy and Mrs. Ruth Hopcraft, 500; Roy W. Eves, John Kelly and Mrs. Hallie Tracy other games.

Banker's Death Termed Suicide

SOMERSET, Pa., May 28—At an inquest today, a Somerset County coroner's jury ruled that Vernon Wechtenheiser, former Central City bank employe, met death "by his own hands."

Wechtenheiser was found dead in his car May 16 when authorities conducted a search for him after apparently he tried to shoot James Miller, president of the bank where he had been employed.

Dr. A. M. Uphouse, county coroner, was assisted by District Attorney Thomas F. Lansberry in the inquest.

Building Permit Totals Highest In Several Years

Forty-one building permits, the highest number in any one month for several years, were granted during the past month at the city engineer's office, with total estimated cost of construction amounting to $83,475.

Twenty-one of the permits were issued for new construction totaling $73,950. This includes permits for 17 new homes estimated to cost $71,200. The remaining 20 permits were granted for additions and improvements estimated to cost $9,525.

During the same period, 13 applications for occupancy permits were made. Twelve were granted outright, and the other has been appealed to the Board of Zoning Appeals for a hearing.

John B. McFarland, Jr., 507 Pine Avenue, filed an appeal to the Board of Zoning Appeals yesterday for a hearing on his application to use a proposed building at the rear of 503 Pine Avenue as a paint shop and repair shop. His application was denied because the building would be located in a Residential B zoning district.

McFarland said the one-story building would measure 30 by 40 feet, with foundation and walls of concrete block and a composition roof.

Henry C. Dolan has also filed an appeal to the board for a permit to occupy a proposed building to be constructed at 119 Henderson Avenue, at the rear of 120 Columbia Street, as a wallpaper store with an apartment on the second floor.

The building, according to Dolan, would be built on the street line and one foot from the side line, leaving about 27 feet between the back of the structure and the rear of the residence at 120 Columbia Street. It would measure 24 by 48 feet, with concrete block foundation, walls of brick or panel block, and a composition roof. Dolan lives at 120 Columbia Street.

The aplication was denied by the city engineer because the building would be located in a Residential C zoning district and because street line, side line and rear yard specifications are in violation of the building code.

A permit was granted to Blair Thompson to build an open porch on the front of the residence at 449 Pine Avenue, at an estimated cost of $250. The one-story porch, 7 by 18 feet, will have concrete block pillars, frame walls and a composition roof.

William J. Malachowski secured a permit to enclose a 6 by 15-foot porch at 34 South Street with frame walls covered with inselbrick, to make an additional room. Work will be done by the owner at an estimated cost of $200.

A building permit was granted to Thomas P. Wright to construct a five-room frame house on Lot 16 and part of Lot 17 in Block 26, Warwick Avenue, at an estimated cost of $4,200. The one-story structure will measure 26 by 32 feet, with a concrete block foundation and a composition roof. Work will be done by David Ogilvie and Son.

Mrs. Millenson Heads Sisterhood

Mrs. Irving Millenson was elected president of the B'er Chayim Sisterhood at the final meeting before the summer recess yesterday in the vestry rooms. Mrs. Julius Schindler presided.

Her staff includes Mrs. Schindler, first vice president; Mrs. Allan Hirsh, second vice president; Mrs. Clarence Lippel, secretary; Mrs. Sylvia Schwab, treasurer, and Mrs. Marvin Kaplon, financial secretary.

Following the luncheon, yearly reports were given and routine business transacted. Recognition was paid to Mrs. George Millenson who resigned after approximately 10 years' service as treasurer.

Mrs. Harry Beneman, Mrs. Michael Beerman, Miss Flo Abrams, Miss Dinah Abrams, Mrs. Nat Guggenheimer and Mrs. Leonard Kushner were in charge of arrangements.

Scouts Will Hold Field Day And Court Of Honor

Cumberland District Troops Will Compete

The Alvancement Field Day of Cumberland District, Boy Scouts of America, will be held Saturday afternoon in Constitution Park and will be followed by a Court of Honor, granting recognition to troop activities and individual advancement awards during the past few months.

The field day, to be held in the Loop district of the park, will open at 2 p. m. in charge of Henry Shriver, III, and will consist of competition by teams representing various troops of the district.

All troop personnel will take part in the opening ceremony and inspection.

Contests in tenderfoot competition will consist of team contests in a rope rescue race, knot tying relay and signal flag relay.

Second class competition will include a triangular bandage relay, semaphore and wigwag alphabet relays and a compass relay.

First class contests will include a mapping relay, semaphore and wigwag message relays and a fire and flint relay.

Scoring on all contests will be based on the number of teams competing and the winning team will receive 10 points for each team entered in the contest.

Points gained in the field day will be added to the totals troops have gained during the past few months through scout activities including overnight hikes, brush clearing and various activities.

Leading in the contest at present is Troop 6, sponsored by SS. Peter and Paul Church, with Troop T, Rotary Club, trailing in second place.

The Court of Honor, which will be in charge of M. T. Powers, will begin about 4 p. m., at the end of the advancement contests.

Borden Mining Co. Completes Plans For Celebration

Firm To Mark 100th Anniversary Saturday

By RUDOLPH NICKEL

FROSTBURG, May 28 — Plan have been completed for the centennial celebration of the Borden Mining Company scheduled for Saturday, May 31, at 5:45 p. m. at Big Savage Inn on Route 40, west of Frostburg.

The celebration will be attended by Albert Greene Borden, New York, president of the company and other officers and directors. The program will include a buffet supper, music by the Arion Band, professional entertainment, and addresses by former Judge D. Lindley Sloan, Judge George Henderson and Congressman J. Glenn Beall.

Among the guests who have been invited are the Mayor and City Commissioners of Frostburg, Commissioners of Allegany County, all the present tenants of the company's properties and numerous persons with whom the company has done business in past years.

A special bus will leave Borden and Zihlman at 5:30 p. m., and another bus will leave Shaft and Midlothian at 5:30 p. m., to transport invited guests to the Big Savage Inn.

Persons attending the centennial celebration may visit Sir John's Rock, one of the historic spots of Western Maryland, occupying a high vantage point on Big Savage Mountain near the inn. The rock, known in early days as Sir John's Rock, has been referred to in recent years as St. John's Rock.

To settle a long standing controversy as to which name is correct, the Borden Mining Company for some time has been making inquiries of various government agencies and historical societies. They learned from the Enoch Pratt Library, Baltimore, that "Maryland in Prose and Poetry", 1909, by Noble and Pratt, states: "Sir John St. Clair came to America in 1755 as deputy quartermaster of the British forces, and built the first road across the mountains of Western Maryland, known as "Braddock Road". He was shot through the body at Braddock's defeat, but soon recovered; his home was in Argyleshire, Scotland, to which he returned late in life."

It must be rather obvious, the Borden Mining Company concludes, that if Sir John built the Braddock Road (which at this point was originally closer to the rock than the present Route 40,) that is prominent observation point, if not originally named after him, must have come to be known by his name, Sir John.

Mrs. Nixon Rites Saturday

Services for Mrs. Virgil G. Nixon, 54, LaVale, who died Wednesday morning in Allegany Hospital, Cumberland, where she had been a patient since last Saturday, will be held Saturday at 2:30 p. m., at the home of her brother, Stanley Chidester, 28 Taylor Street by Rev. Justus Liesmann, pastor of St. Paul's Lutheran Church, and Rev. W. D. Reese, of Welsh Baptist Church. Burial will be in Allegany Cemetery, Frostburg.

A native of Frostburg, Mrs. Nixon, the former Stella Chidester, was a daughter of the late Charles and Sarah Williams Chidester. She was a member of St. Paul's Lutheran Church, Cumberland, and for many years sang in the church choir. She was also active in many church societies.

Church Buys Property

The congregation of Bible Hall, Assembly of God Church, this city, has purchased a lot at the corner of Maple and Steyer Streets, from Mrs. Leslie Hendley. The lot, 52 by 150 feet, will be the site for a proposed church building. The congregation, affiliated with the General Council of the Assemblies of God, Springfield, Mass., will continue to hold services in Junior Order Hall, Broadway, until the new church is erected. Rev. Kent M. Reckley, Cumberland, is pastor of the church.

P-TA Elects Officers

The Parent-Teacher Association of Hill Street School at the May meeting elected Mrs. Maurice Nelson, president; Mrs. Dorothy Custer, vice-president; Mrs. Llewella Carder, secretary, and Mrs. Catherine Plummer, treasurer. Mrs. Eleanor Martens conducted the installation ceremony.

Mrs. Mary J. Rank, former principal, lauded the association for its work in contributing to the progress of elementary education. Mrs. Elizabeth Arnold read a eulogy for Miss Bessie Gehauf, member of the faculty, who died recently.

Plans for the annual picnic for the children were made.

Personals

Because of the Memorial Day holiday on Friday, garbage collections in the city will be made on Saturday of this week, the Mayor and Council announced tonight.

William Sumners, 45, a son of the late Edward M. and Mary Wellings Sumners, Ocean, is reported critically ill in a Clarksburg, W. Va., hospital. He is suffering from carbon monoxide poisoning, sustained when he was inspecting a fire in a coal mine near Clarksburg two months ago. Sumners, a mine foreman, is a grandson of the late William Wellings, Ocean.

Mrs. M. M. Ward, Linden Street, has returned from Allegany Hospital, Cumberland.

James Engle is home from Columbia University, New York, after completing work on his master's degree.

Mrs. Frederick Garner and Miss Rita Delaney returned to Washington after visiting their aunt, Miss Katie Jack, Broadway.

Mrs. Stanley Watson and infant daughter, Katherine Louise, are visiting the former's parents, Mr. and Mrs. Stanley Hawkins, Beall Street.

William C. Layman is recuperating at his home, 36 Grant Street, following a major operation in Memorial Hospital, Cumberland.

Mrs. George Tippen, Zihlman, has returned home following an operation in Miners' Hospital.

Joyce Sween, daughter of Mrs. Jennie Sween, Zihlman, was treated at Miners Hospital last evening for lacerations of one of her knees, sustained while cutting grass at her home.

John McMahon, Midland, was treated at Miners Hospital last evening for a dislocation of his right ankle.

Mr. and Mrs. Charles Wiebrecht, East Main Street, announce the birth of a daughter Wednesday morning in Miners Hospital.

Building Permit Totals Highest In Several Years

Forty-one building permits, the highest number in any one month for several years, were granted during the past month at the city engineer's office, with total estimated cost of construction amounting to $83,475.

Twenty-one of the permits were issued for new construction totaling $73,950. This includes permits for 17 new homes estimated to cost $71,200. The remaining 20 permits were granted for additions and improvements estimated to cost $9,525.

During the same period, 13 applications for occupancy permits were made. Twelve were granted outright, and the other has been appealed to the Board of Zoning Appeals for a hearing.

John B. McFarland, Jr., 507 Pine Avenue, filed an appeal to the Board of Zoning Appeals yesterday for a hearing on his application to use a proposed building at the rear of 503 Pine Avenue as a paint shop and repair shop. His application was denied because the building would be located in a Residential B zoning district.

McFarland said the one-story building would measure 30 by 40 feet, with foundation and walls of concrete block and a composition roof.

Henry C. Dolan has also filed an appeal to the board for a permit to occupy a proposed building to be constructed at 119 Henderson Avenue, at the rear of 120 Columbia Street, as a wallpaper store with an apartment on the second floor.

The building, according to Dolan, would be built on the street line and one foot from the side line, leaving about 27 feet between the back of the structure and the rear of the residence at 120 Columbia Street. It would measure 24 by 48 feet, with concrete block foundation, walls of brick or panel block, and a composition roof. Dolan lives at 120 Columbia Street.

The aplication was denied by the city engineer because the building would be located in a Residential C zoning district and because street line, side line and rear yard specifications are in violation of the building code.

A permit was granted to Blair Thompson to build an open porch on the front of the residence at 449 Pine Avenue, at an estimated cost of $250. The one-story porch, 7 by 18 feet, will have concrete block pillars, frame walls and a composition roof.

William J. Malachowski secured a permit to enclose a 6 by 15-foot porch at 34 South Street with frame walls covered with inselbrick, to make an additional room. Work will be done by the owner at an estimated cost of $200.

A building permit was granted to Thomas P. Wright to construct a five-room frame house on Lot 16 and part of Lot 17 in Block 26, Warwick Avenue, at an estimated cost of $4,200. The one-story structure will measure 26 by 32 feet, with a concrete block foundation and a composition roof. Work will be done by David Ogilvie and Son.

Mrs. Millenson Heads Sisterhood

Mrs. Irving Millenson was elected president of the B'er Chayim Sisterhood at the final meeting before the summer recess yesterday in the vestry rooms. Mrs. Julius Schindler presided.

Her staff includes Mrs. Schindler, first vice president; Mrs. Allan Hirsh, second vice president; Mrs. Clarence Lippel, secretary; Mrs. Sylvia Schwab, treasurer, and Mrs. Marvin Kaplon, financial secretary.

Following the luncheon, yearly reports were given and routine business transacted. Recognition was paid to Mrs. George Millenson who resigned after approximately 10 years' service as treasurer.

Mrs. Harry Beneman, Mrs. Michael Beerman, Miss Flo Abrams, Miss Dinah Abrams, Mrs. Nat Guggenheimer and Mrs. Leonard Kushner were in charge of arrangements.

Mothers Club To Hold Dinner Meeting Tonight

Firemen To Hold Membership Drive

By KATHERINE FISHER

MOOREFIELD, W. Va., May 28.—A contest will be held among the members of the Moorefield Volunteer Fire Company in the annual associate membership drive which opens Friday morning. Team captains are R. H. Saville and Ralph J. Bean.

A feature of the drive, which will continue through June, is that members have agreed not to shave until each has collected $25 in memberships. The firemen are still in debt to the amount of $5,000.

A donkey baseball game will be held here Saturday, June 14 between members of the local fire company and the Capon Valley Fire Company.

Marriage Announced

Mr. and Mrs. Harry Seymour announce the marriage of their daughter, Wanda Ruth Seymour, to Robert West, Gettysburg, Pa. The ceremony was performed by Rev. Howard S. Fox, May 10, in the Evangelical Reformed Church, York Springs, Pa.

Dorothy Seymour, sister of the bride, was maid of honor, and Harvey A. Miller, Gettysburg, was best man. The bride wore a blue street dress, and carried a corsage of spring flowers. A wedding reception was held following the service at the couple's new home in York Springs, Pa.

Mr. West has been employed as a designer at the furniture factory in Gettysbury for several years. Mrs. West is the granddaughter of Mr. and Mrs. Andrew Wilson of Moorefield, W. Va.

Fire Company Meets

Howard Hawkins, member of the Capon Valley Fire Company, announced at a recent meeting that the siren switch has been moved to the telephone office in the residence of Kenna McKeever. Members were informed that the new fire house would be ready for occupancy within two weeks. Delegates named to attend the Potomac Valley Volunteer Firemen's Association meeting were Clinton Garrett, Howard Hawkins, Guy Baughman and Paul Miller. Alternates were Harry Dietz and Roy Whitmire.

Scouts Will Hold Field Day And Court Of Honor

Cumberland District Troops Will Compete

The Alvancement Field Day of Cumberland District, Boy Scouts of America, will be held Saturday afternoon in Constitution Park and will be followed by a Court of Honor, granting recognition to troop activities and individual advancement awards during the past few months.

The field day, to be held in the Loop district of the park, will open at 2 p. m. in charge of Henry Shriver, III, and will consist of competition by teams representing various troops of the district.

All troop personnel will take part in the opening ceremony and inspection.

Contests in tenderfoot competition will consist of team contests in a rope rescue race, knot tying relay and signal flag relay.

Second class competition will include a triangular bandage relay, semaphore and wigwag alphabet relays and a compass relay.

First class contests will include a mapping relay, semaphore and wigwag message relays and a fire and flint relay.

Scoring on all contests will be based on the number of teams competing and the winning team will receive 10 points for each team entered in the contest.

Points gained in the field day will be added to the totals troops have gained during the past few months through scout activities including overnight hikes, brush clearing and various activities.

Leading in the contest at present is Troop 6, sponsored by SS. Peter and Paul Church, with Troop T, Rotary Club, trailing in second place.

The Court of Honor, which will be in charge of M. T. Powers, will begin about 4 p. m., at the end of the advancement contests.

She blushes from a little box

Those curls that beautify her locks
Come from a beauty parlor's shelf;
She blushes from a little box,
And paints a smile to suit herself;
Her eyes are warm, and gay, and blue—
She puts her lashes on with glue!

Yes, American women spend lots of time—and billions of dollars a year—improving on nature. And the results are easy on the eye.

It's a fact that American women spend more money each year for beauty aids than they spend for the electric service that makes their homes so comfortable. Now this doesn't mean women are cosmetic-crazy. Not at all! *It merely proves that electricity does a lot for a little!*

Every *penny* in your electrical budget buys you plenty of dependable, labor-saving service. It will light a 100-watt bulb for 3 hours. It will bring you the finest radio entertainment for an entire evening. It can swish the dirt from 3 large tubfuls of washing—give you the correct time for 4 days—run your refrigerator for 5 hours! Yes, electricity does many, many more chores for the average home than it did 20 years ago—but it does twice as much for the money as it did then!

What other item in your household budget gives you so much for so little?

She blushes from a little box

Those curls that beautify her locks
Came from a beauty parlor's shelf;
She blushes from a little box,
And paints a smile to suit herself;
Her eyes are warm, and gay, and blue—
She puts her lashes on with glue!

YES, American women spend lots of time—and billions of dollars a year—improving on nature. And the results are easy on the eye.

It's a fact that American women spend more money each year for beauty aids than they spend for the electric service that makes their homes so comfortable. Now this doesn't mean women are cosmetic-crazy. Not at all! *It merely proves that electricity does a lot for a little!*

Every *penny* in your electrical budget buys you plenty of dependable, labor-saving service. It will light a 100-watt bulb for 3 hours. It will bring you the finest radio entertainment for an entire evening. It can swish the dirt from 3 large tubfuls of washing—give you the correct time for 4 days—run your refrigerator for 5 hours! Yes, electricity does many, many more chores for the average home than it did 20 years ago—but it does twice as much for the money as it did then!

What other item in your household budget gives you so much for so little?

Listen to the New Electric Hour—the HOUR OF CHARM. Sundays, 4:30 P. M., EDT, CBS.

Mt. Savage Driver Fined On Two Charges

Arrested by State Trooper William McElfish, Sunday on Mt. Savage Road, Arthur F. Maley, Mt. Savage, was fined $10.75 for exceeding 50 miles per hour and $1.75 for passing another vehicle on a curve after pleading guilty to both charges in Trial Magistrates' Court yesterday.

Gerald Edward Atkinson, Route 2, this city, forfeited $3.45 for passing on a curve in Narrows Park on May 20, and Kenneth L. Ross, Jr., Boynton, Pa., forfeited $6.45 on the same charge. The latter was apprehended Saturday on Route 40 at Clarysville. Trooper William F. Baker made the arrests.

In Police Court, Earl Forbeck, 100 Seymour Street, was given a suspended sentence on a careless driving charge. Officer C. C. Roby said the man's car nearly struck him at the intersection of Frederick Street and Henderson Avenue last Sunday.

Clarence Fulk, Route 5, this city, forfeited $5 for careless driving and a similar count against Walter N. Hedrick, Route 6, was dismissed. Police said their cars collided at the corner of Baltimore and South Centre Street Tuesday afternoon.

Ministers Will Have Joint Picnic Meeting

The Cumberland Methodist Ministers Association will elect officers at its picnic meeting to be held at Cacapon Park, W. Va., June 16. The affair will also be a joint meeting with the Martinsburg sub-district, which includes the Hagerstown area.

The local group is making plans to have Dr. Albert Day, editor of "New Life" magazine, come here next year for a pre-Easter meeting.

John Alden, of Pilgrim "speak for thyself John" fame, was a cooper by trade.

Fort Hill High School concluded its 1947 track and field season yesterday by scoring its eighth consecutive victory.

The Sentinels, outscored in the seven track events by Allegany, 43½ to 41½ points, packed enough punch in the four field contests to win the first city meet since 1942 by rolling up a grand total of 70½ points.

Weight Events Turn Tide

Allegany finished second with 58½ tallies and LaSalle High School, competing in its first meet of the year with little practice, ran last with only two points, both third places in the 440 yards and mile relays.

Coach William P. Hahn's team packed its winning wallop in the two weight events — garnering 18 out of a possible 22 points in the discus and 12 pound shot put. Mervin Cox won both the discus and shot put. In the four field events the Hilltoppers gathered 29 points to Allegany's 15. Tommy Powers accounted for ten of the Campers' points by winning the high and broad jumps.

There were three double winners on the program. Earl "Lefty" Bruce copped the 100 and 220 dashes, Cox took the shot put and discus and Powers grabbed off two jumping events.

The schools split even in the relays, AHS winning the 440 while Fort Hill won the mile. After winning the 440 AHS tried to make it a closer finish by sending Powers, Fennell, Bruce and Lease back in the mile—the last event on the program. The Campers failed, however, to pull the "iron man" stunt successfully.

Individual high point honors went to Earl "Lefty" Bruce of AHS who registered in five events for 16¾ tallies. Tommy Powers also scored in five events for 15¾ points. Cox paced Fort Hill with ten markers.

Win 8th Straight

Prior to yesterday's win Fort Hill won the state meet at Westminster, the Allegany county meet, a triangular meet with Romney and Berkeley Springs, a triangular meet with Bruce and Allegany, a quadrangular meet with Piedmont, Ridgeley and Fort Ashby, a dual meet with Keyser and the University of Maryland meet.

Eugene "Jake" Hopkins was starter for the track events. Other officials included John J. "Bobby" Cavanaugh, Brothers Declan, Thomas and Gregory of LaSalle, Carlton Lapp, Ralph Weimer, Bill Daily, Wonn Reynolds, Joe Craze, William P. Hahn, Walter L. Bowers, Foy A. Curry and Lamar Minnicks.

Beall Battles AHS In Crucial Contest Today At Campobello

Beall High School of Frostburg, seeking its second straight championship in the Tri-County Baseball Conference must win two more games to achieve its goal.

Coach Finzel's tossers come to town today and will be angling for one of those victories when they battle Allegany at Campobello at 4 p. m.

Allegany spilled Fort Hill its last time out and may give the Mountain City boys trouble today.

Beall closes its league season with LaSalle here next Monday.

If Allegany upsets Beall today LaSalle will be tied with the Mountain City team for first place. If Beall wins over AHS the Explorers will have to beat Beall next Monday to get a tie out of it.

Beall's record in the loop is 7-1 and LaSalle 7-2.

Max Stowell and Jim Clingan or Tom Jamison will be today's pitchers.

Century A.C. Scores

FROSTBURG, May 28—The Century A. C. defeated the Eagles, 8-3, and Chubby's defeated Peck's 3-2 in Frostburg Softball League games played today.

In a Tuesday game Stoops' Restaurant won over the Eagles, 5-2.

UNBEATEN IN 440—Allegany High School's crack relay quartet, left to right, Earl "Lefty" Bruce, Noyes "Tommy" Powers, James "Sonny" Lease and Bob Fennell, turned in a perfect record for the season at that distance by winning the event yesterday in the city meet at Fort Hill stadium. The AHS team's victory was the fifth straight, having won at College Park, Westminster, the Fort Hill Invitational and the Allegany County meet. Yesterday's time of 46.7 seconds was the quartet's best of the season. Bruce and Powers each copped two individual events and finished one-two in individual scoring with 16¾ and 15¾ points.

Boston Red Sox Blast Athletics To Tune Of 9-2

Beantown Club Gets Seven Runs In 5th

PHILADELPHIA, May 28—(AP)—The Boston Red Sox, flashing again the power that carried them to the American League championship last year, blasted the Philadelphia Athletics 9-2 today before 13,453.

One big inning won the ball game as the Sox, who snapped a four-game losing streak by thumping the A's last night, shelled starter Jesse Flores and Reliefer Bill McCahan from the hill with a seven-run splurge in the fifth. Wally Moses hit a single and double in the big frame, and Dom DiMaggio and Bobby Doerr each batted in a pair of runs. Box:

Brooklyn Clouts New York Hurlers For 14-2 Victory

Bruce Edwards Leads Dodgers' Offensive

NEW YORK, May 28—(AP)—The Brooklyn Dodgers unlimbered their big guns with a 19-hit assault against a quartet of Giants' pitchers today and bounded past the New Yorkers into a temporary tie for first place with Chicago. The score was 14 to 2. The Cubs met Pittsburgh in a night game.

Ringleader of the Brooks' second straight conquest over the New Yorkers, was stocky Bruce Edwards. The catcher belted a triple with three mates on in the fifth inning off Relief Hurler Bill Voiselle and clouted a three-run homer in the seventh off Bill Ayers, third Giant flinger. Edwards also got a single for a three out of five day. Box:

Manager Derl Keller's VFW tossers from Henry Hart Post sprang an upset yesterday in the City Softball League when they defeated the Amvets by the score of 7 to 3 on the Rolling Mill diamond.

Bill Whiteman went the route for the victors and in snapping the Amvets' six-game winning streak let the opposition down with five hits.

Jake Fisher banged out two doubles and a single, Andy Lewis garnered two hits and Norman Mason batted in three runs for the Vets.

Lacy's Delicatets moved into a first place tie with the Amvets by taking the measure of Astor Cab at Taylor Field by the score of 8-2.

The Delicatets won despite the fact they collected two hits, both of which were credited to Ted Durbin. Five errors played a prominent part in Lacy's run production. Astor got its two runs in the sixth on Taylor's walk, a wild pitch, Underdonk's pinch double and Gaffney's single.

It was announced that the Lacy-American Legion game, set for Memorial Day at Community Park, has been postponed by mutual agreement.

Ray Cleggett, Jimmie Smith and Fred Wheeler collected three hits each as the Concord Clothiers racked up a 7-5 triumph over the Maccabees at Campobello. Whiteman got two hits to top the Bees' attack.

In other games North End edged the Virginia Avenue Merchants at Stitcher Field, 4-3, and Reed's Electricians conquered the American Legion 8-6 at Community Park. Scores:

From where I sit ... by Joe Marsh

Want to Run a "Collective" Farm?

Was reading the other day about the "collective" farms they have in certain countries. It seems the folks who run them have plenty of help . . . good hours . . . and the best equipment.

Sounds pretty nice — till you learn that the "farmer" doesn't own his land, or even farm it, in our sense. He takes orders from the state; produces whatever they want him to produce, at prices they set. Even his off-hours are spent according to state regulations.

No, that would never go here.

We're willing to work hard, but we like to farm the land our own way, put our own value on the crops, and relax as we like—if only with a temperate, companionable glass of beer.

From where I sit, collective farming may produce results. But the American way—freedom to work and relax as we see fit—is what makes this country a great place to live. So let's not change it!

Fort Hill High School concluded its 1947 track and field season yesterday by scoring its eighth consecutive victory.

The Sentinels, outscored in the seven track events by Allegany, 43½ to 41½ points, packed enough punch in the four field contests to win the first city meet since 1942 by rolling up a grand total of 70½ points.

Weight Events Turn Tide

Allegany finished second with 58½ tallies and LaSalle High School, competing in its first meet of the year with little practice, ran last with only two points, both third places in the 440 yards and mile relays.

Coach William P. Hahn's team packed its winning wallop in the two weight events — garnering 18 out of a possible 22 points in the discus and 12 pound shot put. Mervin Cox won both the discus and shot put. In the four field events the Hilltoppers gathered 29 points to Allegany's 15. Tommy Powers accounted for ten of the Campers' points by winning the high and broad jumps.

There were three double winners on the program. Earl "Lefty" Bruce copped the 100 and 220 dashes, Cox took the shot put and discus and Powers grabbed off two jumping events.

The schools split even in the relays, AHS winning the 440 while Fort Hill won the mile. After winning the 440 AHS tried to make it a closer finish by sending Powers, Fennell, Bruce and Lease back in the mile—the last event on the program. The Campers failed, however, to pull the "iron man" stunt successfully.

Individual high point honors went to Earl "Lefty" Bruce of AHS who registered in five events for 16¾ tallies. Tommy Powers also scored in five events for 15¾ points. Cox paced Fort Hill with ten markers.

Win 8th Straight

Prior to yesterday's win Fort Hill won the state meet at Westminster, the Allegany county meet, a triangular meet with Romney and Berkeley Springs, a triangular meet with Bruce and Allegany, a quadrangular meet with Piedmont, Ridgeley and Fort Ashby, a dual meet with Keyser and the University of Maryland meet.

Eugene "Jake" Hopkins was starter for the track events. Other officials included John J. "Bobby" Cavanaugh, Brothers Declan, Thomas and Gregory of LaSalle, Carlton Lapp, Ralph Weimer, Bill Daily, Wonn Reynolds, Joe Craze, William P. Hahn, Walter L. Bowers, Foy A. Curry and Lamar Minnicks.

Beall Battles AHS In Crucial Contest Today At Campobello

Beall High School of Frostburg, seeking its second straight championship in the Tri-County Baseball Conference must win two more games to achieve its goal.

Coach Finzel's tossers come to town today and will be angling for one of those victories when they battle Allegany at Campobello at 4 p. m.

Allegany spilled Fort Hill its last time out and may give the Mountain City boys trouble today.

Beall closes its league season with LaSalle here next Monday.

If Allegany upsets Beall today LaSalle will be tied with the Mountain City team for first place. If Beall wins over AHS the Explorers will have to beat Beall next Monday to get a tie out of it.

Beall's record in the loop is 7-1 and LaSalle 7-2.

Max Stowell and Jim Clingan or Tom Jamison will be today's pitchers.

Century A.C. Scores

FROSTBURG, May 28—The Century A. C. defeated the Eagles, 8-3, and Chubby's defeated Peck's 3-2 in Frostburg Softball League games played today.

In a Tuesday game Stoops' Restaurant won over the Eagles, 5-2.

UNBEATEN IN 440—Allegany High School's crack relay quartet, left to right, Earl "Lefty" Bruce, Noyes "Tommy" Powers, James "Sonny" Lease and Bob Fennell, turned in a perfect record for the season at that distance by winning the event yesterday in the city meet at Fort Hill stadium. The AHS team's victory was the fifth straight, having won at College Park, Westminster, the Fort Hill Invitational and the Allegany County meet. Yesterday's time of 46.7 seconds was the quartet's best of the season. Bruce and Powers each copped two individual events and finished one-two in individual scoring with 16¾ and 15¾ points.

Boston Red Sox Blast Athletics To Tune Of 9-2

Beantown Club Gets Seven Runs In 5th

PHILADELPHIA, May 28—(AP)—The Boston Red Sox, flashing again the power that carried them to the American League championship last year, blasted the Philadelphia Athletics 9-2 today before 13,453.

One big inning won the ball game as the Sox, who snapped a four-game losing streak by thumping the A's last night, shelled starter Jesse Flores and Reliefer Bill McCahan from the hill with a seven-run splurge in the fifth. Wally Moses hit a single and double in the big frame, and Dom DiMaggio and Bobby Doerr each batted in a pair of runs. Box:

Brooklyn Clouts New York Hurlers For 14-2 Victory

Bruce Edwards Leads Dodgers' Offensive

NEW YORK, May 28—(AP)—The Brooklyn Dodgers unlimbered their big guns with a 19-hit assault against a quartet of Giants' pitchers today and bounded past the New Yorkers into a temporary tie for first place with Chicago. The score was 14 to 2. The Cubs met Pittsburgh in a night game.

Ringleader of the Brooks' second straight conquest over the New Yorkers, was stocky Bruce Edwards. The catcher belted a triple with three mates on in the fifth inning off Relief Hurler Bill Voiselle and clouted a three-run homer in the seventh off Bill Ayers, third Giant flinger. Edwards also got a single for a three out of five day. Box:

(All games at 6:30)

Manager Derl Keller's VFW tossers from Henry Hart Post sprang an upset yesterday in the City Softball League when they defeated the Amvets by the score of 7 to 3 on the Rolling Mill diamond.

Bill Whiteman went the route for the victors and in snapping the Amvets' six-game winning streak let the opposition down with five hits.

Jake Fisher banged out two doubles and a single, Andy Lewis garnered two hits and Norman Mason batted in three runs for the Vets.

Lacy's Delicatets moved into a first place tie with the Amvets by taking the measure of Astor Cab at Taylor Field by the score of 8-2.

The Delicatets won despite the fact they collected two hits, both of which were credited to Ted Durbin. Five errors played a prominent part in Lacy's run production. Astor got its two runs in the sixth on Taylor's walk, a wild pitch, Underdonk's pinch double and Gaffney's single.

It was announced that the Lacy-American Legion game, set for Memorial Day at Community Park, has been postponed by mutual agreement.

Ray Cleggett, Jimmie Smith and Fred Wheeler collected three hits each as the Concord Clothiers racked up a 7-5 triumph over the Maccabees at Campobello. Whiteman got two hits to top the Bees' attack.

In other games North End edged the Virginia Avenue Merchants at Stitcher Field, 4-3, and Reed's Electricians conquered the American Legion 8-6 at Community Park. Scores:

From where I sit ... by Joe Marsh
Want to Run a "Collective" Farm?

Was reading the other day about the "collective" farms they have in certain countries. It seems the folks who run them have plenty of help ... good hours ... and the best equipment.

Sounds pretty nice — till you learn that the "farmer" doesn't own his land, or even farm it, in our sense. He takes orders from the state; produces whatever they want him to produce, at prices they set. Even his off-hours are spent according to state regulations.

No, that would never go here.

We're willing to work hard, but we like to farm the land our own way, put our own value on the crops, and relax as we like—if only with a temperate, companionable glass of beer.

From where I sit, collective farming may produce results. But the American way—freedom to work and relax as we see fit—is what makes this country a great place to live. So let's not change it!

Linn And Abe Win Ridgeley Legion Award

Medals, Trophies Go To Fort Ashby, Ridgeley Seniors

Sportsmanship Award Inaugurated By Post

The first winners of the annual "Sportsmanship Awards" inaugurated by Knobley Mountain Post No. 136, American Legion, of Ridgeley, are Alfred Abe, of Ridgeley High School and Donald Linn, of Fort Ashby High School, it was announced yesterday by William T. McCullough, athletic director of the Ridgeley post.

McCullough said that the annual award for each boy selected will be the American Legion Sportsmanship Medal and a trophy, both of which will be donated by Knobley Mountain Post.

Abe, who played football and basketball at Ridgeley High School, received the medal at the graduation exercises of Ridgeley High School last night. The presentation was made by Commander Jack Murrell of Knobley Mountain Post.

Eugene Mulligan, vice-commanded of the Ridgeley American Legion post will present a sportsmanship medal to Linn, Fort Ashby's football, basketball and track star at graduation exercises there tonight.

Trophies have not arrived and will be given to the two seniors at a later date.

The annual awards will be given in honor and memory of the men from the Knobley Mountain District who paid the supreme sacrifice during World War II. A student from the senior class is to receive the awards annually. The winner is to be selected for all-around sportsmanship by the principal and coach of the respective schools.

ATHLETES HONORED—Alfred Abe, left, of Ridgeley High School, and Donald Linn, right, Fort Ashby High School, have been voted the winners of the first "Sportsmanship Awards" of Knobley Mountain Post No. 136, American Legion, of Ridgeley. Both athletes will receive Legion sportsmanship medals and a trophy. Abe starred in football and basketball for the Blackhawks while Linn excelled in track, basketball and football at Fort Ashby. (See story).

Fort Cumberland Club Plans Spring Tourney

The qualifying round in the men's spring tournament of the Fort Cumberland Golf Club will get under way tomorrow, it was announced yesterday by "Buddy" Rice, professional.

The round will end on Saturday June 7 and the players will be divided into flights of eight, according to scores, for match play commencing Sunday, June 8.

Polynesian To Quit

ATLANTIC CITY, N. J., May 28 (AP)—Polynesian is going to quit the race tracks after this season.

Retirement of the five-year-old will deprive the turf of one of its fastest sprinters but as a stud horse owner Peter A. B. Widener hopes to found a great line.

Bullet Proof Is Out Of Belmont Stakes

NEW YORK, May 29 (AP)—Mrs. Mary Elizabeth (Liz) Whitney's Bullet Proof, who became a likely candidate for Saturday's Belmont Stakes with his surprise appearance at Belmont yesterday, was eliminated from consideration as a starter today when he was shipped from the Long Island track.

The pint-sized Virginia-bred colt, who won the Chesapeake Stakes but finished out of the money in the Derby and Preakness, had arrived only yesterday and was immediately given a workout of a mile in 1:45.

Linn And Abe Win Ridgeley Legion Award

Medals, Trophies Go To Fort Ashby, Ridgeley Seniors

Sportsmanship Award Inaugurated By Post

The first winners of the annual "Sportsmanship Awards" inaugurated by Knobley Mountain Post No. 136, American Legion, of Ridgeley, are Alfred Abe, of Ridgeley High School and Donald Linn, of Fort Ashby High School, it was announced yesterday by William T. McCullough, athletic director of the Ridgeley post.

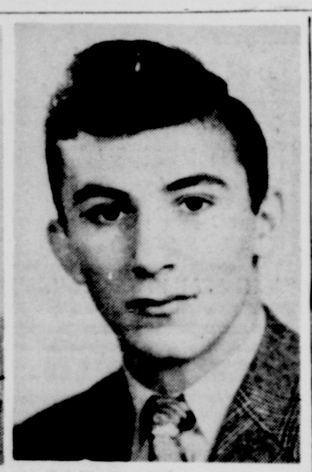
McCullough said that the annual award for each boy selected will be the American Legion Sportsmanship Medal and a trophy, both of which will be donated by Knobley Mountain Post.

Abe, who played football and basketball at Ridgeley High School, received the medal at the graduation exercises of Ridgeley High School last night. The presentation was made by Commander Jack Murrell of Knobley Mountain Post.

Eugene Mulligan, vice-commanded of the Ridgeley American Legion post will present a sportsmanship medal to Linn, Fort Ashby's football, basketball and track star at graduation exercises there tonight.

Trophies have not arrived and will be given to the two seniors at a later date.

The annual awards will be given in honor and memory of the men from the Knobley Mountain District who paid the supreme sacrifice during World War II. A student from the senior class is to receive the awards annually. The winner is to be selected for all-around sportsmanship by the principal and coach of the respective schools.



ATHLETES HONORED—Alfred Abe, left, of Ridgeley High School, and Donald Linn, right, Fort Ashby High School, have been voted the winners of the first "Sportsmanship Awards" of Knobley Mountain Post No. 136, American Legion, of Ridgeley. Both athletes will receive Legion sportsmanship medals and a trophy. Abe starred in football and basketball for the Blackhawks while Linn excelled in track, basketball and football at Fort Ashby. Fort Cumberland Club Plans Spring Tourney

The qualifying round in the men's spring tournament of the Fort Cumberland Golf Club will get under way tomorrow, it was announced yesterday by "Buddy" Rice, professional.

The round will end on Saturday June 7 and the players will be divided into flights of eight, according to scores, for match play commencing Sunday, June 8.

Polynesian To Quit

ATLANTIC CITY, N. J., May 28 (AP)—Polynesian is going to quit the race tracks after this season.

Retirement of the five-year-old will deprive the turf of one of its fastest sprinters but as a stud horse owner Peter A. B. Widener hopes to found a great line.

Bullet Proof Is Out Of Belmont Stakes

NEW YORK, May 29 (AP)—Mrs. Mary Elizabeth (Liz) Whitney's Bullet Proof, who became a likely candidate for Saturday's Belmont Stakes with his surprise appearance at Belmont yesterday, was eliminated from consideration as a starter today when he was shipped from the Long Island track.

The pint-sized Virginia-bred colt, who won the Chesapeake Stakes but finished out of the money in the Derby and Preakness, had arrived only yesterday and was immediately given a workout of a mile in 1:45.

$10,000 Sought In Truck Crash

Jacob Miller, Cresaptown, entered suit in Circuit Court yesterday against Robert T. McLaughlin, 525 Eastern Avenue, local trucker, for $10,000 damages for injuries allegedly suffered in a truck crash on Route 40 at Cash Valley Road east of the city, last February 12.

The suit, entered by William M. Somerville for Miller, claims that a truck owned by McLaughlin and operated by LeRoy Deffenbaugh, Oldtown, attempted to pass the three-quarter ton pick-up truck Miller was driving, and collided with the rear of the smaller truck.

State Trooper Thomas G. Barton investigated the case and reported that Deffenbaugh had passed a school bus and then crashed into Miller's truck when he attempted to cut back into the traffic lane. The trucks were damaged to the extent of $600, the trooper reported.

Three divorce suits were docketed yesterday. Walter Carl Brotemarkle, seeks divorce from Georgia Lee Brotemarkle, Chicago, charging desertion.

Catherine Andrews seeks divorce from James W. Andrews and Neenah T. Stevens seeks divorce from Lloyd H. Stevens.

The dream of many alchemists of the middle ages, that they might transmute baser metals to gold, is now a possibility through atom splitting.

The suit, entered by William M. Somerville for Miller, claims that a truck owned by McLaughlin and operated by LeRoy Deffenbaugh, Oldtown, attempted to pass the three-quarter ton pick-up truck Miller was driving, and collided with the rear of the smaller truck.

State Trooper Thomas G. Barton investigated the case and reported that Deffenbaugh had passed a school bus and then crashed into Miller's truck when he attempted to cut back into the traffic lane. The trucks were damaged to the extent of $600, the trooper reported.

Three divorce suits were docketed yesterday. Walter Carl Brotemarkle, seeks divorce from Georgia Lee Brotemarkle, Chicago, charging desertion.

Catherine Andrews seeks divorce from James W. Andrews and Neenah T. Stevens seeks divorce from Lloyd H. Stevens.

The dream of many alchemists of the middle ages, that they might transmute baser metals to gold, is now a possibility through atom splitting.

Drivers Must Display New License Tags

Maryland State Police have announced that all vehicles with the exception of school buses must now display new license tags. The school bus deadline had been extended to midnight June 3.

In May the mourning dove begins egg laying in earnest. The average clutch of two eggs hatches in two weeks.

share it

Take the person you think the most of to see "THE YEARLING". It's an experience you will want to share with one who really understands.

June is the month for "The Yearling", starring Gregory Peck and Jane Wyman. A Clarence Brown Production, with Claude Jarman, Jr., as "Jody". Based on Marjorie Kinnan Rawlings' novel. Photographed in Technicolor. Directed by Clarence Brown. Produced by Sidney Franklin.

IN MEMORIAM

In loving memory of our dear mother, Mrs. John Jack, who died May 29th, 1939.

Gentle in manner, silent in pain,
Dear Mother, you left us, heaven to gain.
Nature so splendid, actions so kind,
Not in this world your equal we'll find.

HUSBAND and CHILDREN.

In loving memory of our dear mother, Elizabeth Ellen Eyler, who passed away two years ago, May 29, 1945.

Darling, we loved you,
And think of you often,
Though you are gone,
You'll never be forgotten.

Sadly missed by
HER CHILDREN.

IN MEMORIAM

In loving memory of our dear mother, Mrs. John Jack, who died May 29th, 1939.

Gentle in manner, silent in pain,
Dear Mother, you left us, heaven to gain.
Nature so splendid, actions so kind,
Not in this world your equal we'll find.

HUSBAND and CHILDREN.

In loving memory of our dear mother, Elizabeth Ellen Eyler, who passed away two years ago, May 29, 1945.

Darling, we loved you,
And think of you often,
Though you are gone,
You'll never be forgotten.

Sadly missed by
HER CHILDREN.

Market Leaders Gain One To Three Points Or So On Expanding Volume

NEW YORK, May 28—(AP)—Stocks had the benefit of considerable short covering today in preparation for the forthcoming long weekend and market leaders pushed up one to three points or so on expanding volume for the best overall revival in about four months.

Steels, motors, rails and specials were out in front after the opening, extending the recovery move that got under way in the tailend of the preceding session. Dealings slowed at intervals toward the last and extreme gains were reduced in the majority of cases at the close. Transfers of 890,000 shares compared with 660,000 Tuesday and were the largest since last Thursday.

Pleasing dividends lifted Wheeling Steel 2⅜ at 35⅞, Best Foods 2¼ at 24 and Mathieson Alkali one at 25¾. Douglas Aircraft, lately hitting new lows, came back 3½ at 50. Ahead one to better than two were United States Steel at 65¼, Youngstown Sheet 57½, Chrysler 99¾, General Motors 55¼, Goodrich 50⅞, United States Rubber 42¾, Santa Fe 73, Southern Pacific 37⅞, Great Northern Railway 38⅜, Chesapeake and Ohio 44⅝, Atlantic Coast Line 47½, Norfolk and Western 223, American Telephone 163¾, Anaconda 36, Kennecott 44⅝, American Can 89⅝, du Pont 177¾, Allied Chemical 167, Union Carbide 99¾, Johns-Manville 112, J. C. Penney 40, Montgomery Ward 52½ and Pepsi-Cola 30¼.

Lesser plus signs were retained by Bethlehem, Republic Steel, Goodyear, Sears Roebuck, Consolidated Edison, Electric Power and Light, American Smelting, General Electric, New York Central, Pennsylvania Railroad, Northern Pacific, Standard Oil (NJ) and Texas Pacific Land Trust.

Forward curb leaners included Aluminum of America, Cities Service common and preferred, Electric Bond and Share, Fansteel, Middle West Corporation, Salt Dome Oil and United Light. Turnover here was 240,000 shares versus 190,000 yesterday.

Railway issues moved forward decisively in the bond market, the first advance in a week.

In quick response to only modest demand, the carriers tacked on gains of fractions to three points. Volume picked up to $3,560,000 from Tuesday's meager $2,870,000.

United States governments in the over-the-counter market held steady in fairly active dealings. The Victory Loan 2½s of December 1967-72 remained at 103 10-32 bid.

Market Leaders Gain One To Three Points Or So On Expanding Volume

NEW YORK, May 28—(AP)—Stocks had the benefit of considerable short covering today in preparation for the forthcoming long weekend and market leaders pushed up one to three points or so on expanding volume for the best overall revival in about four months.

Steels, motors, rails and specials were out in front after the opening, extending the recovery move that got under way in the tailend of the preceding session. Dealings slowed at intervals toward the last and extreme gains were reduced in the majority of cases at the close. Transfers of 890,000 shares compared with 660,000 Tuesday and were the largest since last Thursday.

Pleasing dividends lifted Wheeling Steel 2⅜ at 35⅞, Best Foods 2¼ at 24 and Mathieson Alkali one at 25¾. Douglas Aircraft, lately hitting new lows, came back 3½ at 50. Ahead one to better than two were United States Steel at 65¼, Youngstown Sheet 57½, Chrysler 99¾, General Motors 55¼, Goodrich 50⅞, United States Rubber 42⅜, Santa Fe 73, Southern Pacific 37⅞, Great Northern Railway 38¾, Chesapeake and Ohio 44⅝, Atlantic Coast Line 47½, Norfolk and Western 223, American Telephone 163¾, Anaconda 36, Kennecott 44⅝, American Can 89⅝, du Pont 177¾, Allied Chemical 167, Union Carbide 99¾, Johns-Manville 112, J. C. Penney 40, Montgomery Ward 52½ and Pepsi-Cola 30¼.

Lesser plus signs were retained by Bethlehem, Republic Steel, Goodyear, Sears Roebuck, Consolidated Edison, Electric Power and Light, American Smelting, General Electric, New York Central, Pennsylvania Railroad, Northern Pacific, Standard Oil (NJ) and Texas Pacific Land Trust.

Forward curb leaners included Aluminum of America, Cities Service common and preferred, Electric Bond and Share, Fansteel, Middle West Corporation, Salt Dome Oil and United Light. Turnover here was 240,000 shares versus 190,000 yesterday.

Railway issues moved forward decisively in the bond market, the first advance in a week.

In quick response to only modest demand, the carriers tacked on gains of fractions to three points. Volume picked up to $3,560,000 from Tuesday's meager $2,870,000.

United States governments in the over-the-counter market held steady in fairly active dealings. The Victory Loan 2½s of December 1967-72 remained at 103 10-32 bid.

Celanese Workers Set Strike Deadline Friday

Negotiations Will Continue Today

Members of Local 1874, Textile Workers Union of America, CIO, at a membership meeting last night, rejected a Celanese Corporation of America offer on a new contract and voted unanimously to strike Friday at 11 p. m. The union has 8,600 members.

Efforts to find a solution to the contract dispute will be continued this morning, however, and James Holden, commissioner of conciliation, said he has arranged a meeting between the union and management for today at 10 a. m.

He added he was hopeful a solution to the dispute can be reached. Holden has been here since May 21.

Both company and union were alerted last night to ensure that all employes would report to work on their regular shifts. The company said operations were quiet and normal on the 11 p. m. shift.

Herbert W. Payne, New York, TWUA rayon director, who has been heading the union negotiating committee during the past two weeks, said the union voted unanimously to strike, effective Friday at 11 p. m., over a dispute involving a new contract it has been negotiating for the past four weeks, and since May 19 on a temporary extension of the agreement.

James Holden, commissioner of conciliation, has been working with the parties, he said, in an effort to solve the contract dispute.

Principal Issues Involved

Payne said the principal issues involved are:

1. Time and one-half pay for work on Saturday; 2. double pay for Sunday work; 3. paid lunch periods for daylight workers (7:30 a. m. to 4 p. m.) which would put them on a par with other people in the plant who receive paid lunch periods; 5. improved vacations; 6. holidays with pay; 7. union shop; 8. right to reopen wage scale once during the life of the contract.

There are a number of other contract provisions which are still in dispute, he added.

The company's concessions to the union during the course of negotiations, Payne said, are:

The company would take over the payment of insurance premiums. (Each person now pays $2 a month for life, sick and accident benefits in the plant), and double time on holidays and adjustments totaling 1.3 cents on hour.

The total costs, according to the company, of the issues they conceded average three cents an hour, Payne said.

The union, he said, points out that on the question of insurance, the item of cost is deductible as business expense under the present tax laws and consequently the cost to the company would be negligible.

It is the union feeling, Payne said, that since the company has constantly been increasing its net profits to the point where its net profit in the first quarter of 1947 amounted to in excess of $6,000,000, an 80 per cent increase over the same period in 1946, the items which the company has refused have not been given serious consideration.

The union points out that there has been constantly increasing operations at the plant on a seven-day schedule which forces the people to forego Saturday and Sunday off and that a great deal of these operations are unnecessary.

Should Receive Premium

It feels, he said, that its request for time and one-half and double time would have a tendency to stop operations over a period of time so that a greater number of people would enjoy Saturday and Sunday with their families.

For those who would necessarily have to work on those days it is the union's definite feeling that they should receive a premium for such unusual schedules, Payne said.

On the holiday pay issue, Payne asserted the union points out that

Celanese, Union Negotiations In Dollars And Cents

According to a statement and figures released late last night by officials of the Celanese Corporation of America, there is a wide difference between the company and the union, on a dollar and cents basis, in their offers and demands.

In the company's offer to the union, an increase in annual payroll of $1,446,000 or an equivalent average increase pay cost per hour of 8.5 cents is shown.

In the demands of Local 1874, an increased annual payroll cost of $3,910,120 is indicated, which is equivalent to 23 cents an hour average additional payroll.

The difference amounts to $2,464,120 annually or 14.5 cents per hour average, it was indicated.

Company Offers

Participating pension plan for company employes at the Amcelle Plant: Company's annual contribution, $900,000 equivalent ot 5.3 cents per hour increase.

Increase of 5 cents per hour for all tradesmen and the equivalent of one cent per hour for special rate adjustment. Company's annual cost, $238,000, equivalent to 1.4 cents hourly.

Payment of all group insurance premiums. Company's cost, $186,000 annually, or equivalent to 1.1 cents per hour increase.

Payment of double time for six national holidays worked. Company's annual cost $122,000, or .7 cents per hour increase.

Union's Demands

Double time for all work on Sundays. Annual cost, $1,771,000, equivalent to 10.4 cents per hour.

Time and one-half for all work done on Saturdays. Company's annual cost, $906,000, equivalent to 5.3 cents per hour.

Paid lunch period for steady day shift workers. Company's annual cost, $337,000, equivalent to 2.0 cents per hour.

Special wage rate adjustments. Annual cost, $316,120, equivalent to 1.9 cents an hour.

Double time for holidays worked, pay for holidays not worked and one extra holiday. Company's annual cost, $226,000, equivalent to 1.3 cents hourly increase.

Employes contribution to group insurance to be paid in full by the company. Annual cost, $186,000, equivalent to 1.1 cents an hour.

Increased vacation pay. Annual cost, $168,000, equivalent to 1.3 cents per hour.

In addition the union demands a union shop agreement.

THEN AND NOW—Miss Dixie Rafter, now Mrs. Carl F. Ballard, wife of a West Side dry cleaner, looks back four years to the 1943 Miss America pageant when, as Miss Washington, D. C., she was fourth runner-up and "lived like a princess." At the left Mrs. Ballard is shown in the kitchen of her home at 64 Greene Street with her three-month-old daughter, Diane. The picture at the right shows Mrs. Ballard when, as Miss Dixie Rafter, she was chosen Miss Washington, D. C., in 1943.

Joseph Johnson, Piedmont, Dies Of Gunshot Wound

Celanese Worker Is Found Dead In Bed

PIEDMONT, W. Va., May 28 — Joseph H. Johnson, 59, an oiler in the celanese acetate block at the Celanese plant, Cumberland, was found dead in bed at his home about 6:30 p. m. today, and Dr. James H. Wolverton, Jr., said death resulted from an accidental, self-inflicted gunshot wound.

The body was discovered by Johnson's 5-year-old grandson, Joseph Lee Stafford, who lives on nearby Erin Street and who was playing at his grandparents' home. The bullet had entered the throat and passed upward through the brain, Dr. Wolverton said.

Members of the family said that Johnson worked as usual yesterday but that he had the day off today. They said he retired to his room after supper, telling them that he planned to take a nap before working in the garden. The family said he was in good spirits and was not despondent.

Vernon E. Rankin, Mineral County, prosecuting attorney, dispatched State Trooper L. E. Proudfoot from the Keyser barracks to investigate the case. Rankin said no inquest will be held unless the family requests it, and that there is no evidence of foul play.

A native of Westernport, Johnson was a son of the late Joseph and Marie Johnson. He was employed at the Celanese plant for 23 years, and belonged to First Baptist Church, Westernport.

His first wife, Mrs. Stella Dawson Johnson, died in 1912. One daughter of that marriage survives, Mrs. Raymond Stevenson, Piedmont. Other survivors are Mr. Johnson's widow, Mrs. Sarah Sampson Johnson, and two daughters, Mrs. Albert Stafford, Piedmont, and Mrs. Robert Kilroy, at home; two brothers, Adam Johnson, Cumberland, and John Johnson, Lonaconing; four sisters, Mrs. Paul Hoffman, Brentwood, Md.; Mrs. A. E. Bitner, Cleveland, O.; Mrs. Bessie Griffin, Philadelphia, Pa.; and Mrs. B. F. Nally, Boston, Mass.; and another grandchild.

A funeral service will be held Saturday at 2 p. m. at the residence, with Rev. Philip M. Cory, pastor of Piedmont Presbyterian Church, officiating, assisted by Rev. Raymond L. Moore, pastor of Piedmont Trinity Methodist Church. Interment will be in Philos Cemetery, Westernport.

Boy Badly Hurt When Hit By Car

Struck by an automobile at Oldtown Road and Grape Alley at 6:30 p. m. yesterday, Robert Bryant, 7, son of Mrs. Anna Bryant, 1017 Gay Street, was reported to be in a fair condition in Memorial Hospital last night.

Police said the boy suffered a possible fractured skull and a fractured right leg.

Detective Thomas J. See, who investigated, said the boy ran from the alley to Oldtown Road and into the death of the eastbound car driven by John F. Cross, 12 Race Street.

Cross stopped and took the boy to the hospital, according to Detective See, who added that no charges have been filed against Cross pending the outcome of Bryant's injuries.

Wilbert Fresh, 21, 212 Greene Street, was treated in Memorial Hospital last night for two mashed fingers on his left hand. He was injured while operating a planer at the Home Shop Lumber Company.

Guard Units Get New GI Uniforms For Parade Friday

Jeeps And Other Equipment Arrive

Members of Headquarters Company and Company C, of the First Battalion, 115th Infantry Regiment, Maryland National Guard, yesterday received their first issue of clothing, and complete summer uniforms were issued last night to enlisted personnel of both units.

Regulation cotton shirts, trousers, ties and caps, helmet liners, combat boots and other GI clothing were fitted, so the two units can appear in uniform in the Memorial Day parade tomorrow.

Maj. Howard H. Dickey, battalion commander, said that all members of the local Guard units will be on hand at the State Armory at 9 a. m. Friday to participate in the Memorial Day parade and exercises at Rose Hill Cemetery. The formation will be considered a regular drill and each man participating will be credited with a weekly drill.

An extra drill period will be held at the State Armory tonight, at 7 o'clock, at which time men who have not received uniforms may obtain them, Maj. Dickey announced.

In addition to the issue of clothing, a number of rifles and other small arms have been received, and two jeeps have been assigned the units here. Several machine guns, field equipment, field kitchens, and complete field communications including radio transmitters and receivers, and field telephones and switchboards have also been received and put into operation for training purposes here.

This will be the first public appearance of the two new National Guard units, Maj. Dickey explained. The two units were officially activated and federalized December 12, and have, since that time, drilled regularly each Wednesday, and have been attempting to increase the strength of the two units.

A total of 200 additional men can be enlisted in the Guard here, and a recruiting campaign, part of a state-wide program, is scheduled to get underway June 1, with a series of programs, public demonstrations, parades, and other activities.

Men 18 years of age or over, who are physically fit, are eligible for enlistment. Drills are held once each week, and enlisted men and officers are paid one day's pay, based on Army rates, for each two-hour drill attended. Men interested in joining this active reserve Army unit, obtaining field and technical training and special schooling in weapons, motors, communications and allied subjects, and at the same time enjoying all the privileges of the State Armory recreation center, may apply at the Armory, South Centre Street, any time, Maj. Dickey stated.

Plan To Increase Supply Of Natural Gas Here Outlined

Officials Explain Expansion Programs

Cumberland and Allegheny Gas Company is included in a broad refinancing and expansion program of companies in the Pittsburgh Group of Columbia Gas System to assure adequate supply of gas by 1948 for all consumers, and to increase the supply by the coming winter.

The Associated Press at Philadelphia reported last night that two subsidiaries of Columbia Gas and Electric Corporation of New York yesterday asked the Securities and Exchange Commission for approval of a series of refinancing transactions to obtain funds for expansion and improvement.

One of the subsidiaries, Cumberland and Allegheny Gas Company, which distributes natural gas in Maryland and West Virginia, said it plans to drill 20 wells this year and costs of that program plus other construction will amount to $556,741.

The second subsidiary, Binghamton Gas Works, which sells manufactured and natural gas principally in Binghamton, N. Y., said its 1947 expansion expenditures will amount to approximately $737,500. Both have headquarters in Pittsburgh.

To Amend Charter

Cumberland proposes to amend its charter to increase authorized capital from $2,000,000 to $2,500,000; to increase and reclassify its authorized common from 20,000 no par shares to 100,000 shares of $25 par common and to reclassify its outstanding 20,000 common shares into 80,000 shares.

Cumberland then proposed to sell 14,600 shares to the $25 per common, aggregating $365,000,000, together with $1,800,000 of promissory notes to its parent, Columbia. Proceeds from the sale will be used toward retirement of $366,864 of six per cent demand notes and $1,800,000 of seven per cent first mortgage bonds, due 1949.

Cumberland also proposes to sell $500,000 of 3¼ per cent notes and to use proceeds for its well drilling program and other construction projects. In addition the company anticipates selling $400,000 of notes to Columbia during 1948 to finance its construction program for that year.

Supply Increased

In a statement direct from the New York and Pittsburgh offices of the Columbia System, it was asserted ysterday by Stuart M. Crocker, president, and George S. Young, director in charge of the system's operations, that about 240,000,000 cubic feet a day more gas will be obtainable next winter.

Despite this increase, however, some shortages in some areas, may be expected in the winter of 1947-48, Young said, but by the following winter, expansion of facilities should relieve the situation for some time. Increased demand for gas is greater than the increased available supply, Young stated.

Young declared the Cumberland and Allegheny Gas Company is one of the natural gas companies figuring in the expansion.

"The additional gas available to this gas company and its affiliated companies, will come from Texas Eastern Transmission Corporation, which took over operation of the Big and Little Inch pipelines on May 1. It will also be obtained from increases in deliveries of natural gas from the Tennessee Gas and Transmission Company; from Columbia's own underground storage operations, and from liquefied petroleum gas-air plants," Young said.

To meet the increased demands, Columbia Gas System has contracted for delivery of up to 350,000,000 cubic feet of natural gas from the Tennessee company's pipelines. Last winter these lines delivered 155,000,000 cubic feet a day into the system. By next winter, Columbia expects to be receiving about 200,000,000 cubic feet a day.

Former Beauty Contestant Urges Local Girls To Enter Pageants

Mrs. Carl Ballard Cites 1943 Contest

"It's a chance of a lifetime for Cumberland girls," Mrs. Carl F. Ballard, 64 Greene Street, said yesterday in commenting on the forthcoming Miss Cumberland and Miss Maryland Pageants to be held here in June and August, respectively, sponsored by the Cumberland Junior Association of Commerce.

Mrs. Ballard, the former Dixie Rafter, daughter of Mr. and Mrs. John V. Rafter, 57 Greene Street, went to Atlantic City as "Miss Washington, D. C." in 1943 and was judged fourth runner-up in the Miss America Pageant.

While working in the FBI offices in Washington, Mrs. Ballard said, she entered the Miss Washington contest "on a dare" made by some of her associates.

"I had no idea of winning, but I did somehow, and it was an experience that I'll never forget," she said.

There were two incidents that almost kept Mrs. Ballard from winning the Washington title. Now the mother of a three-month-old daughter, she laughs as she tells about them.

"Cumberland girls entering our local contest should try to develop patience and poise," she said. "During one of the preliminary auditions in Washington I became impatient, waiting for my turn to be called, and decided to drop out of the contest. I was just ready to leave the audition room when the call came—so I changed my mind and stayed in the running.

"Then there was another difficult situation, and I don't know how I ever went through with it. Just before the Miss Washington finals I discovered a hole in my bathing suit. You see, it had been worn there by riding down a water slide at a swimming pool, and its location was most embarrassing.

"I couldn't find another bathing suit to fit me and I was going to stay away from the finals, but one of my roommates patched the suit and encouraged me to go through with it. That's where the poise came in. Just trying to keep from showing my embarrassment was a job in itself."

As Miss Washington, Mrs. Ballard was "treated royally—just like a princess" at Atlantic City. With a police escort wherever she went, she was interviewed, photographed, met talent scouts and theatrical celebrities and dined at the biggest hotels. She received letters from Congressmen, Senators, advertising agents, and just plain fans. Her picture appeared in such widely separated places as a sophisticated advertisement in Glamour magazine—and a Hawaiian newspaper.

"The Miss America Pageant is a more worthwhile attraction now than it was when I was there," Mrs. Ballard said. "I was 18 years old at the time, and although I received nice prizes as fourth runner-up, they were nothing compared to the $1,500 scholarship that goes to the winner of that position now.

"Wherever you go, you hear people comment on the number of pretty girls in Cumberland, and I've often thought it was a shame they didn't have a chance to get into the Miss America competition. Now that they have the chance, they should make the most of it."

Mrs. Ballard was accompanied on the Atlantic City trip by her mother, Mrs. Doris Rafter, who is in charge of payroll deductions for Savings Bonds at the main office of the Celanese plant.

"I had a wonderful time at Atlantic City," Mrs. Rafter says. "While the contestants were kept busy, we mothers relaxed on the beach, lived in the biggest hotels, and had people going out of their way to accomodate us. It was the life of Riley—and no dishes to wash!"

Mrs. Ballard's father, a machinist for the Hazelwood Construction Company, thinks the Miss Cumberland Pageant is "just what Cumberland needs."

The closing date for entries in the Miss Cumberland Pageant is Saturday, June 14. Girls from 18 to 28, residents of Cumberland and its immediate suburbs, are eligible to compete, and are invited to obtain entry blanks at Room 514, Liberty Trust Building. Miss Cumberland will receive a silver trophy, and there will be other prizes for the winner and runners-up.

Church Notices Are Due Today

Church notices will be published in Friday's edition of The Cumberland News instead of Saturday's because of the Memorial Day holiday. In order to be published, all church notices must be in The News office by 3 p. m. today.

Rubber Workers To Study Changes In Union Contract

Union committeemen, department chairmen and all officers of Local 26, United Rubber, Cork, Linoleum and Plastic Workers of America, CIO, will review suggested revisions, amendments and additions to the union's contract with the Kelly-Springfield Tire Company at a special meeting to be held Tuesday, June 2, at the union hall, A. B. Johnson, president, said yesterday.

Second shift representatives will meet at 1 p. m. and first and third shift officials will meet at 7:30 p. m. to discuss changes to the program as drawn up by a committee composed of Johnson, Roy E. Davy and R. C. Burkhart.

The 2,500 member union has notified the company of its intentions of opening negotiations on changes in the contract.

The present agreement is effective until July 1 but continues in force for yearly periods unless notice of termination is given by either party 30 days or more prior to the expiration of such period. It may terminate by either upon 30 days notice by either party after July 1.

The present contract, with amendments made from time to time, has been in effect since 1941. Previously, the CIO union, formed October 1, 1935, operated under a verbal agreement.

Union officials said negotiations on the contract changes will begin on the earliest possible date after the suggested changes are reviewed by the group next week.

Noted Scientist To Speak Here

The 67th meeting of the Western Maryland Section of the American Chemical Society will be held in City Hall auditorium tonight at 8 o'clock with Dr. W. A. Noyes, Jr., national president of the American Chemical Society, as guest speaker.

Dr. Noyes, who will speak on "Inorganic Photochemistry," is head of the Department of Chemistry at the University of Rochester. He received his A. B. degree from Grinnell College in 1919 and his science doctorate in Paris in 1920.

He taught at the University of California from 1920 to 1922 and later went to the University of Chicago as an associate professor of chemistry at Brown University from 1930 to 1935, at which time he became a professor of chemistry. He joined the staff of University of Rochester in 1938.

Dr. Noyes became chairman of the Department of Chemistry there in 1939. He was a member of the National Defense Research Committee and the Chemical Warfare Service during World War II, and was a lieutenant in the Signal Corps during World War 1.

Dr. Noyes is well known for his research on electro-chemistry, vapor pressure technique, thermal reactions and photo-chemistry.

Cresaptown Legion To Honor War Dead

Miller Post No. 209, American Legion, Cresaptown, will hold Memorial Day service at the Cresaptown Honor Roll tomorrow at 2 p. m. Post Vice Commander Herbert Allison will be in charge, assisted by the Ladies Auxiliary and members of the Cresaptown Boy Scout Troop.

Memorial Services Feature General Holiday Tomorrow

Most Public Places Will Be Closed

Tomorrow will be a holiday generally in Cumberland and the tri-state area as stores, offices and institutions close in observance of Memorial Day.

Two Memorial Day services and a street parade are planned here by veteran organizations. Fort Cumberland Post No. 13, American Legion, will conduct the annual Decoration Day program in Rose Hill Cemetery following a parade of veteran, patriotic and civic units from the State Armory, South Centre Street.

Marshalled by Capt. Thomas P. Conlon, the parade is scheduled to form in five divisions at 10 a. m. and move at 10:30 a. m. It will be escorted by a platoon of City and State Police and led by Fort Hill High School Band, followed by Headquarters Company and Company C, First Battalion, 115th Regiment, Maryland National Guard.

The second division will be led by Allegany High School Band, followed by Spanish-American War Veterans in cars; Military Order of Purple Heart and their Auxiliary Unit; Fort Washington Post No. 2, Disabled Veterans of America.

Henry Hart Post No. 1411, Veterans of Foreign Wars Drum and Bugle Corps will lead the third division, followed by members of the post and the Post Auxiliary Unit.

Fulton Myers Post, American Legion, Drum and Bugle Corps will lead the fourth division, followed by units of the Second Army Recruiting Service, United States Navy Recruiting Service and Naval Reserve Unit.

The fifth division, led by Squadron No. 13, Sons of the Legion Drum Corps, will include marching members of Fort Cumberland Post No. 13, American Legion and their Auxiliary Unit; Voiture No. 164, Forty and Eight, and the Eight and Forty Salon.

Program At Cemetery

At Rose Hill cemetery, William Carscaden, local attorney, will deliver the Memorial Day address. The invocation will be given by Rev. J. F. Zimmerman, and musical selections will be played by Fort Hill High School and Allegany High School Bands. The American Legion ceremony will be conducted with John R. Kelly, Jr., in charge. Paul Weisenmiller, Jr., post chaplain, and John Neff, sergeant-at-arms, will assist. Rev. E. A. G. Snyder will pronounce the benediction.

Immediately following the program, Henry Hart Post VFW, will conduct the VFW service at the grave of Henry Hart. Post Commander Lee Thrasher and post officers will be in charge.

Amvets Observance

A rabbi, priest and Protestant minister will participate in the Memorial Day observance of J. Louis Wolford Post No. 1, American Veterans of World War II, at Hillcrest Burial Park at 1:30 p. m. Friday.

Rabbi Maurice Feuer of B'er Chayim Temple, Father Ervan Maisel of SS. Peter and Paul Church, and Rev. Walter C. Mehrling of the Zion and Evangelical Reformed Church, Frostburg, will take part in the ceremony. Rabbi Feuer and Rev. Mehrling were chaplains in the Army during the war.

A program of organ music and chimes will be held at the singing tower at the cemetery for a half hour preceding the service. Judge George Henderson will deliver the principal address. The Imperial Chorus will sing.

Tonight at 6:45 a program will be presented over Station WTBO by the Amvets with Turner Summers, post chaplain, speaking. The Imperial Chorus and Fort Hill a cappella choir will sing.

General Holiday

The Court House will be closed Friday and the Board of County Commissioners will hold their regular meeting today at 10 a. m. instead. Schools will be closed, while banks, stores and offices and most other public places will also observe the holiday.

Trial Magistrates Court will be closed Friday and Police Court will not be held. The offices of the Chamber of Commerce and the Community Chest will be closed both Friday and Saturday.

The Maryland State Employment Service will be closed on Friday, as will the Unemployment Compensation Division. Francis A. Kenney, manager of the latter office, said yesterday that all claimants normally reporting on Friday will, for this week only, file their claims today. Both the employment and compensation offices also will be closed Saturday.

The holiday falling on Friday this year will make a weekend vacation possible for many people who normally do not work Saturday. Considerable interest is being shown here in baseball schedules at Washington and Pittsburgh, where home teams have double-headers Friday. The Senators will be host to the Boston Red Sox and the Pirates will play the Chicago Cubs. Numerous Cumberlanders are planning to attend the games. On local diamonds several double-headers are scheduled, including games between Westvaco and the Amvets; Barrelville and the Eagles; and the Naval Reserve and Moose.

Postal Windows To Close

Parcel post, stamp and other windows at the Cumberland Post Office will be closed tomorrow, and no deliveries will be made with the exception of special delivery mail. Outgoing mail will be dispatched as usual, however, and incoming mail will be distributed to Post Office boxes.

The Constitution Park swimming pool is scheduled to open for the season tomorrow, according to Commissioner Myers G. Light. The pool will open at 10 a. m. Sundays and holidays and at noon on other days. Prices will be the same as last year.

Commissioner Light said the area surrounding the pool has been improved. He explained it has been impossible to get equipment to install filtration machinery this year, but that it is hoped the step can be taken before next summer.

F. Lee Fresh Named To Lutheran Seminary Board Of Directors

F. Lee Fresh, Windsor Road, The Dingle, well known local food broker, was elected to the hoard of directors of the Lutheran Sehinary at the meeting of the Lutheran Evangelical Synod of Maryland yesterday in Gettysburg, Pa.

Also elected to the same board was Rev. Dr. Lloyd M. Keller, of Baltimore, former president of the Synod.

Rev. John C. Stuff, of St. Luke's Church, Baltimore, was named secretary to the Synod, succeeding Rev. J. Frank Fife, who was moved up to the presidency.

Fresh is superintendent of St. Luke's Lutheran Church Sunday School here and is also a member of the executive board of the Maryland Brotherhood. He has been a lifelong and active member of the church. Fresh was named several weeks ago to fill an unexpired term on the Seminary board, caused by the death of one of the board members, and at the annual meeting now being held, was eleted for a five-year term.

Flood Information Is Obtained At Hyndman

Preliminary information regarding a plan for controlling floods on Big Wills and Little Wills creeks in and near Hyndman, Pa., was obtained by representatives of the United States Engineer Office, Washington, D. C., at a public meeting held yesterday afternoon in Hyndman.

Mayor Thomas S. Post and William H. Marean, assistant city engineer, who represented Cumberland said that the meeting was merely a preliminary one and that if the Hyndman project is carried out, it will not affect flood control plans for this city.

Approximately 50 persons attended the meeting, and several Hyndman residents were questioned by Richard C. Snyder, Bedford, Pa., attorney, regarding past flood conditions in Hyndman.

Col. D. G. White, district engineer, and D. V. C. Birrell, senior engineer, were among the representatives of the United States Engineer Office at the meeting. Others attending were representatives of the Pennsylvania Department of Highways, the Pennsylvania Railroad, the Connellsville division of the Baltimore and Ohio Railroad, and Pennsylvania foresters and conservationists.

Navy Opens Bidding For Armory Work

The Public Works Department at the Norfolk Naval Station has announced that bids will be open until 11 a. m. June 19 for the armory building to be built for the Naval Reserve Unit at Cumberland.

The structure is to consist of three modified prefabricated steel huts, each measuring 40 feet by 100 feet, a front head building, approximately 26 feet wide by 154 feet long, and a single story pump house. Also included is the construction of a paved parking area at the side of the building and a paved road at the rear of the armory.

Tower Is Released On Payment Of $400

Arrested here Monday on a charge of receiving money from an Elkins, W. Va., woman by false pretense, W. Sprigg Tower, LaVale, was released from custody at Elkins Tuesday after paying a total of $400.54, including $350 plus interest of $36.40 to the woman, Mrs. Hazel Smith, according to Cpl. W. W. Murphy, of the West Virginia State Police.

Cpl. Murphy said Tower obtained the money from Mrs. Smith in 1945 on the basis of a contract they signed whereby he was to furnish materials and perform certain work at her home. She filed a complaint nearly two years later, saying she had provided Tower with the money but had received no materials or services.

Besides the $386.40 assessed against Tower he was ordered to pay $10 mileage costs, $3 court costs and $1.14 jail fee, Cpl. Murphy said.

BIRTHS

Mr. and Mrs. Edgar Hollen, 713 Gephart Drive, announce the birth of a daughter in Allegany Hospital Wednesday afternoon.

Mr. and Mrs. Elmer Bierman, Oldtown Road, announce the birth of a son Wednesday morning in Memorial Hospital.

A son was born to Mr. and Mrs. Lewis J. Rizer, Wiley Ford, Wednesday morning in Allegany Hospital.

Stutzman Renamed To AFL Office

BALTIMORE, May 28 (AP)—Harry Cohen, president of the Baltimore Federation of Labor, was elected president of the AFL's Maryland-District of Columbia Regional Federation today at the annual meeting here.

He defeated Frank Bonadio, business agent of the Sheet-Metal Workers, by a vote of 214½ to 191.

The 41st annual conference also re-elected six incumbent vice presidents.

They include Glenn A. Snyder, Baltimore, Butcher Workers Local 149; Carl G. Sholtz, Baltimore, Electrical Workers Local B-28; E. B. Butler, Hagerstown, Teamsters' Local; C. E. Stutzman, Cumberland, Teamsters' Local; C. F. Preller, Washington, I.E.E.W.; and Charles B. McClosky, Washington, Bakers' Local.

Unopposed were Robert Lester, Washington, treasurer; Frank J. Coleman, Washington, secretary; and Vincent McHenry, Baltimore, organizer.

Earlier, Assistant Secretary of Labor Philip Hannah criticized labor legislation pending in Congress.

He recalled the history of the AFL and said the current "corrective legislation" will "wipe out many of labor's hard-earned gains and start this nation down the skid-way to economic depression and chaos."

Earlier, the federation went on record to call for the defeat of Senators Millard E. Tydings and Herbert R. O'Conor when they seek re-election, because of their support of pending "anti-labor" legislation in Congress.

Fort Hill To Hold Class Day Today

Annual Senior Class Day exercises will be held at Fort Hill High School today at 1:30 p. m. in the school auditorium with 114 students participating.

The program will be in the form of a minstrel and will include group dances and songs. Miss Kathleen Cumbee, adviser, is in charge of the performance.

Celanese Workers Set Strike Deadline Friday

Negotiations Will Continue Today

Members of Local 1874, Textile Workers Union of America, CIO, at a membership meeting last night, rejected a Celanese Corporation of America offer on a new contract and voted unanimously to strike Friday at 11 p. m. The union has 8,600 members.

Efforts to find a solution to the contract dispute will be continued this morning, however, and James Holden, commissioner of conciliation, said he has arranged a meeting between the union and management for today at 10 a. m.

He added he was hopeful a solution to the dispute can be reached. Holden has been here since May 21.

Both company and union were alerted last night to ensure that all employes would report to work on their regular shifts. The company said operations were quiet and normal on the 11 p. m. shift.

Herbert W. Payne, New York, TWUA rayon director, who has been heading the union negotiating committee during the past two weeks, said the union voted unanimously to strike, effective Friday at 11 p. m., over a dispute involving a new contract it has been negotiating for the past four weeks, and since May 19 on a temporary extension of the agreement.

James Holden, commissioner of conciliation, has been working with the parties, he said, in an effort to solve the contract dispute.

Principal Issues Involved

Payne said the principal issues involved are:

1. Time and one-half pay for work on Saturday; 2. double pay for Sunday work; 3. paid lunch periods for daylight workers (7:30 a. m. to 4 p. m.) which would put them on a par with other people in the plant who receive paid lunch periods; 5. improved vacations; 6. holidays with pay; 7. union shop; 8. right to reopen wage scale once during the life of the contract.

There are a number of other contract provisions which are still in dispute, he added.

The company's concessions to the union during the course of negotiations, Payne said, are:

The company would take over the payment of insurance premiums. (Each person now pays $2 a month for life, sick and accident benefits in the plant), and double time on holidays and adjustments totaling 1.3 cents on hour.

The total costs, according to the company, of the issues they conceded average three cents an hour, Payne said.

The union, he said, points out that on the question of insurance, the item of cost is deductible as business expense under the present tax laws and consequently the cost to the company would be negligible.

It is the union feeling, Payne said, that since the company has constantly been increasing its net profits to the point where its net profit in the first quarter of 1947 amounted to in excess of $6,000,000, an 80 per cent increase over the same period in 1946, the items which the company has refused have not been given serious consideration.

The union points out that there has been constantly increasing operations at the plant on a seven-day schedule which forces the people to forego Saturday and Sunday off and that a great deal of these operations are unnecessary.

Should Receive Premium

It feels, he said, that its request for time and one-half and double time would have a tendency to stop operations over a period of time so that a greater number of people would enjoy Saturday and Sunday with their families.

For those who would necessarily have to work on those days it is the union's definite feeling that they should receive a premium for such unusual schedules, Payne said.

On the holiday pay issue, Payne asserted the union points out that

Celanese, Union Negotiations In Dollars And Cents

According to a statement and figures released late last night by officials of the Celanese Corporation of America, there is a wide difference between the company and the union, on a dollar and cents basis, in their offers and demands.

In the company's offer to the union, an increase in annual payroll of $1,446,000 or an equivalent average increase pay cost per hour of 8.5 cents is shown.

In the demands of Local 1874, an increased annual payroll cost of $3,910,120 is indicated, which is equivalent to 23 cents an hour average additional payroll.

The difference amounts to $2,464,120 annually or 14.5 cents per hour average, it was indicated.

Company Offers

Participating pension plan for company employes at the Amcelle Plant: Company's annual contribution, $900,000 equivalent ot 5.3 cents per hour increase.

Increase of 5 cents per hour for all tradesmen and the equivalent of one cent per hour for special rate adjustment. Company's annual cost, $238,000, equivalent to 1.4 cents hourly.

Payment of all group insurance premiums. Company's cost, $186,000 annually, or equivalent to 1.1 cents per hour increase.

Payment of double time for six national holidays worked. Company's annual cost $122,000, or .7 cents per hour increase.

Union's Demands

Double time for all work on Sundays. Annual cost, $1,771,000, equivalent to 10.4 cents per hour.

Time and one-half for all work done on Saturdays. Company's annual cost, $906,000, equivalent to 5.3 cents per hour.

Paid lunch period for steady day shift workers. Company's annual cost, $337,000, equivalent to 2.0 cents per hour.

Special wage rate adjustments. Annual cost, $316,120, equivalent to 1.9 cents an hour.

Double time for holidays worked, pay for holidays not worked and one extra holiday. Company's annual cost, $226,000, equivalent to 1.3 cents hourly increase.

Employes contribution to group insurance to be paid in full by the company. Annual cost, $186,000, equivalent to 1.1 cents an hour.

Increased vacation pay. Annual cost, $168,000, equivalent to 1.3 cents per hour.

In addition the union demands a union shop agreement.

F. Lee Fresh Named To Lutheran Seminary Board Of Directors

F. Lee Fresh, Windsor Road, The Dingle, well known local food broker, was elected to the board of directors of the Lutheran Sehinary at the meeting of the Lutheran Evangelical Synod of Maryland yesterday in Gettysburg, Pa.

Also elected to the same board was Rev. Dr. Lloyd M. Keller, of Baltimore, former president of the Synod.

Rev. John C. Stuff, of St. Luke's Church, Baltimore, was named secretary to the Synod, succeeding Rev. J. Frank Fife, who was moved up to the presidency.

Fresh is superintendent of St. Luke's Lutheran Church Sunday School here and is also a member of the executive board of the Maryland Brotherhood. He has been a lifelong and active member of the church. Fresh was named several weeks ago to fill an unexpired term on the Seminary board, caused by the death of one of the board members, and at the annual meeting now being held, was eleted for a five-year term.

Flood Information Is Obtained At Hyndman

Preliminary information regarding a plan for controlling floods on Big Wills and Little Wills creeks in and near Hyndman, Pa., was obtained by representatives of the United States Engineer Office, Washington, D. C., at a public meeting held yesterday afternoon in Hyndman.

Mayor Thomas S. Post and William H. Marean, assistant city engineer, who represented Cumberland said that the meeting was merely a preliminary one and that if the Hyndman project is carried out, it will not affect flood control plans for this city.

Approximately 50 persons attended the meeting, and several Hyndman residents were questioned by Richard C. Snyder, Bedford, Pa., attorney, regarding past flood conditions in Hyndman.

Col. D. G. White, district engineer, and D. V. C. Birrell, senior engineer, were among the representatives of the United States Engineer Office at the meeting. Others attending were representatives of the Pennsylvania Department of Highways, the Pennsylvania Railroad, the Connellsville division of the Baltimore and Ohio Railroad, and Pennsylvania foresters and conservationists.

Navy Opens Bidding For Armory Work

The Public Works Department at the Norfolk Naval Station has announced that bids will be open until 11 a. m. June 19 for the armory building to be built for the Naval Reserve Unit at Cumberland.

The structure is to consist of three modified prefabricated steel huts, each measuring 40 feet by 100 feet, a front head building, approximately 26 feet wide by 154 feet long, and a single story pump house. Also included is the construction of a paved parking area at the side of the building and a paved road at the rear of the armory.

Stutzman Renamed To AFL Office

BALTIMORE, May 28 (AP)—Harry Cohen, president of the Baltimore Federation of Labor, was elected president of the AFL's Maryland-District of Columbia Regional Federation today at the annual meeting here.

He defeated Frank Bonadio, business agent of the Sheet-Metal Workers, by a vote of 214½ to 191.

The 41st annual conference also re-elected six incumbent vice presidents.

They include Glenn A. Snyder, Baltimore, Butcher Workers Local 149; Carl G. Sholtz, Baltimore, Electrical Workers Local B-28; E. B. Butler, Hagerstown, Teamsters' Local; C. E. Stutzman, Cumberland, Teamsters' Local; C. F. Preller, Washington, I.B.E.W.; and Charles B. McClosky, Washington, Bakers' Local.

Unopposed were Robert Lester, Washington, treasurer; Frank J. Coleman, Washington, secretary; and Vincent McHenry, Baltimore, organizer.

Earlier, Assistant Secretary of Labor Philip Hannah criticized labor legislation pending in Congress.

He recalled the history of the AFL and said the current "corrective legislation" will "wipe out many of labor's hard-earned gains and start this nation down the skid-way to economic depression and chaos."

Earlier, the federation went on record to call for the defeat of Senators Millard E. Tydings and Herbert R. O'Conor when they seek re-election, because of their support of pending "anti-labor" legislation in Congress.

Fort Hill To Hold Class Day Today

Annual Senior Class Day exercises will be held at Fort Hill High School today at 1:30 p. m. in the school auditorium with 114 students participating.

The program will be in the form of a minstrel and will include group dances and songs. Miss Kathleen Cumbee, adviser, is in charge of the performance.

THEN AND NOW—Miss Dixie Rafter, now Mrs. Carl F. Ballard, wife of a West Side dry cleaner, looks back four years to the 1943 Miss America pageant when, as Miss Washington, D. C., she was fourth runner-up and "lived like a princess." At the left Mrs. Ballard is shown in the kitchen of her home at 64 Greene Street with her three-month-old daughter, Diane. The picture at the right shows Mrs. Ballard when, as Miss Dixie Rafter, she was chosen Miss Washington, D. C., in 1943.

Joseph Johnson, Piedmont, Dies Of Gunshot Wound

Celanese Worker Is Found Dead In Bed

PIEDMONT, W. Va., May 28 — Joseph H. Johnson, 59, an oiler in the celanese acetate block at the Celanese plant, Cumberland, was found dead in bed at his home about 6:30 p. m. today, and Dr. James H. Wolverton, Jr., said death resulted from an accidental, self-inflicted gunshot wound.

The body was discovered by Johnson's 5-year-old grandson, Joseph Lee Stafford, who lives on nearby Erin Street and who was playing at his grandparents' home. The bullet had entered the throat and passed upward through the brain, Dr. Wolverton said.

Members of the family said that Johnson worked as usual yesterday but that he had the day off today. They said he retired to his room after supper, telling them that he planned to take a nap before working in the garden. The family said he was in good spirits and was not despondent.

Vernon E. Rankin, Mineral County, prosecuting attorney, dispatched State Trooper L. E. Proudfoot from the Keyser barracks to investigate the case. Rankin said no inquest will be held unless the family requests it, and that there is no evidence of foul play.

A native of Westernport, Johnson was a son of the late Joseph and Marie Johnson. He was employed at the Celanese plant for 23 years, and belonged to First Baptist Church, Westernport.

His first wife, Mrs. Stella Dawson Johnson, died in 1912. One daughter of that marriage survives, Mrs. Raymond Stevenson, Piedmont. Other survivors are Mr. Johnson's widow, Mrs. Sarah Sampson Johnson, and two daughters, Mrs. Albert Stafford, Piedmont, and Mrs. Robert Kilroy, at home; two brothers, Adam Johnson, Cumberland, and John Johnson, Lonaconing; four sisters, Mrs. Paul Hoffman, Brentwood, Md.; Mrs. A. E. Bitner, Cleveland, O.; Mrs. Bessie Griffin, Philadelphia, Pa.; and Mrs. B. F. Nally, Boston, Mass.; and another grandchild.

A funeral service will be held Saturday at 2 p. m. at the residence, with Rev. Philip M. Cory, pastor of Piedmont Presbyterian Church, officiating, assisted by Rev. Raymond L. Moore, pastor of Piedmont Trinity Methodist Church. Interment will be in Philos Cemetery, Westernport.

Tower Is Released On Payment Of $400

Arrested here Monday on a charge of receiving money from an Elkins, W. Va., woman by false pretense, W. Sprigg Tower, LaVale, was released from custody at Elkins Tuesday after paying a total of $400.54, including $350 plus interest of $36.40 to the woman, Mrs. Hazel Smith, according to Cpl. W. W. Murphy, of the West Virginia State Police.

Cpl. Murphy said Tower obtained the money from Mrs. Smith in 1945 on the basis of a contract they signed whereby he was to furnish materials and perform certain work at her home. She filed a complaint nearly two years later, saying she had provided Tower with the money but had received no materials or services.

Besides the $386.40 assessed against Tower he was ordered to pay $10 mileage costs, $3 court costs and $1.14 jail fee, Cpl. Murphy said.

BIRTHS

Mr. and Mrs. Edgar Hollen, 713 Gephart Drive, announce the birth of a daughter in Allegany Hospital Wednesday afternoon.

Mr. and Mrs. Elmer Bierman, Oldtown Road, announce the birth of a son Wednesday morning in Memorial Hospital.

A son was born to Mr. and Mrs. Lewis J. Rizer, Wiley Ford, Wednesday morning in Allegany Hospital.

Boy Badly Hurt When Hit By Car

Struck by an automobile at Oldtown Road and Grape Alley at 6:30 p. m. yesterday, Robert Bryant, 7, son of Mrs. Anna Bryant, 1017 Gay Street, was reported to be in a fair condition in Memorial Hospital last night.

Police said the boy suffered a possible fractured skull and a fractured right leg.

Detective Thomas J. See, who investigated, said the boy ran from the alley to Oldtown Road and into the death of the eastbound car driven by John F. Cross, 12 Race Street.

Cross stopped and took the boy to the hospital, according to Detective See, who added that no charges have been filed against Cross pending the outcome of Bryant's injuries.

Wilbert Fresh, 21, 212 Greene Street, was treated in Memorial Hospital last night for two mashed fingers on his left hand. He was injured while operating a planer at the Home Shop Lumber Company.

Guard Units Get New GI Uniforms For Parade Friday

Jeeps And Other Equipment Arrive

Members of Headquarters Company and Company C, of the First Battalion, 115th Infantry Regiment, Maryland National Guard, yesterday received their first issue of clothing, and complete summer uniforms were issued last night to enlisted personnel of both units.

Regulation cotton shirts, trousers, ties and caps, helmet liners, combat boots and other GI clothing were fitted, so the two units can appear in uniform in the Memorial Day parade tomorrow.

Maj. Howard H. Dickey, battalion commander, said that all members of the local Guard units will be on hand at the State Armory at 9 a. m. Friday to participate in the Memorial Day parade and exercises at Rose Hill Cemetery. The formation will be considered a regular drill and each man participating will be credited with a weekly drill.

An extra drill period will be held at the State Armory tonight, at 7 o'clock, at which time men who have not received uniforms may obtain them, Maj. Dickey announced.

In addition to the issue of clothing, a number of rifles and other small arms have been received, and two jeeps have been assigned the units here. Several machine guns, field equipment, field kitchens, and complete field communications including radio transmitters and receivers, and field telephones and switchboards have also been received and put into operation for training purposes here.

This will be the first public appearance of the two new National Guard units, Maj. Dickey explained. The two units were officially activated and federalized December 12, and have, since that time, drilled regularly each Wednesday, and have been attempting to increase the strength of the two units.

A total of 200 additional men can be enlisted in the Guard here, and a recruiting campaign, part of a state-wide program, is scheduled to get underway June 1, with a series of programs, public demonstrations, parades, and other activities.

Men 18 years of age or over, who are physically fit, are eligible for enlistment. Drills are held once each week, and enlisted men and officers are paid one day's pay, based on Army rates, for each two-hour drill attended. Men interested in joining this active reserve Army unit, obtaining field and technical training and special schooling in weapons, motors, communications and allied subjects, and at the same time enjoying all the privileges of the State Armory recreation center, may apply at the Armory, South Centre Street, any time, Maj. Dickey stated.

Plan To Increase Supply Of Natural Gas Here Outlined

Officials Explain Expansion Programs

Cumberland and Allegheny Gas Company is included in a broad refinancing and expansion program of companies in the Pittsburgh Group of Columbia Gas System to assure adequate supply of gas by 1948 for all consumers, and to increase the supply by the coming winter.

The Associated Press at Philadelphia reported last night that two subsidiaries of Columbia Gas and Electric Corporation of New York yesterday asked the Securities and Exchange Commission for approval of a series of refinancing transactions to obtain funds for expansion and improvement.

One of the subsidiaries, Cumberland and Allegheny Gas Company, which distributes natural gas in Maryland and West Virginia, said it plans to drill 20 wells this year and costs of that program plus other construction will amount to $556,741.

The second subsidiary, Binghamton Gas Works, which sells manufactured and natural gas principally in Binghamton, N. Y., said its 1947 expansion expenditures will amount to approximately $737,500. Both have headquarters in Pittsburgh.

To Amend Charter

Cumberland proposes to amend its charter to increase authorized capital from $2,000,000 to $2,500,000; to increase and reclassify its authorized common from 20,000 no par shares to 100,000 shares of $25 par common and to reclassify its outstanding 20,000 common shares into 80,000 shares.

Cumberland then proposed to sell 14,600 shares to the $25 per common, aggregating $365,000,000, together with $1,800,000 of promissory notes to its parent, Columbia. Proceeds from the sale will be used toward retirement of $366,864 of six per cent demand notes and $1,800,000 of seven per cent first mortgage bonds, due 1949.

Cumberland also proposes to sell $500,000 of 3¼ per cent notes and to use proceeds for its well drilling program and other construction projects. In addition the company anticipates selling $400,000 of notes to Columbia during 1948 to finance its construction program for that year.

Supply Increased

In a statement direct from the New York and Pittsburgh offices of the Columbia System, it was asserted ysterday by Stuart M. Crocker, president, and George S. Young, director in charge of the system's operations, that about 240,000,000 cubic feet a day more gas will be obtainable next winter.

Despite this increase, however, some shortages in some areas, may be expected in the winter of 1947-48, Young said, but by the following winter, expansion of facilities should relieve the situation for some time. Increased demand for gas is greater than the increased available supply, Young stated.

Young declared the Cumberland and Allegheny Gas Company is one of the natural gas companies figuring in the expansion.

"The additional gas available to this gas company and its affiliated companies, will come from Texas Eastern Transmission Corporation, which took over operation of the Big and Little Inch pipelines on May 1. It will also be obtained from increases in deliveries of natural gas from the Tennessee Gas and Transmission Company; from Columbia's own underground storage operations, and from liquefied petroleum gas-air plants," Young said.

To meet the increased demands, Columbia Gas System has contracted for delivery of up to 350,000,000 cubic feet of natural gas from the Tennessee company's pipelines. Last winter these lines delivered 155,000,000 cubic feet a day into the system. By next winter, Columbia expects to be receiving about 200,000,000 cubic feet a day.

Former Beauty Contestant Urges Local Girls To Enter Pageants

Mrs. Carl Ballard Cites 1943 Contest

"It's a chance of a lifetime for Cumberland girls," Mrs. Carl F. Ballard, 64 Greene Street, said yesterday in commenting on the forthcoming Miss Cumberland and Miss Maryland Pageants to be held here in June and August, respectively, sponsored by the Cumberland Junior Association of Commerce.

Mrs. Ballard, the former Dixie Rafter, daughter of Mr. and Mrs. John V. Rafter, 57 Greene Street, went to Atlantic City as "Miss Washington, D. C." in 1943 and was judged fourth runner-up in the Miss America Pageant.

While working in the FBI offices in Washington, Mrs. Ballard said, she entered the Miss Washington contest "on a dare" made by some of her associates.

"I had no idea of winning, but I did somehow, and it was an experience that I'll never forget," she said.

There were two incidents that almost kept Mrs. Ballard from winning the Washington title. Now the mother of a three-month-old daughter, she laughs as she tells about them.

"Cumberland girls entering our local contest should try to develop patience and poise," she said. "During one of the preliminary auditions in Washington I became impatient, waiting for my turn to be called, and decided to drop out of the contest. I was just ready to leave the audition room when the call came—so I changed my mind and stayed in the running.

"Then there was another difficult situation, and I don't know how I ever went through with it. Just before the Miss Washington finals I discovered a hole in my bathing suit. You see, it had been worn there by riding down a water slide at a swimming pool, and its location was most embarrassing.

"I couldn't find another bathing suit to fit me and I was going to stay away from the finals, but one of my roommates patched the suit and encouraged me to go through with it. That's where the poise came in. Just trying to keep from showing my embarrassment was a job in itself."

As Miss Washington, Mrs. Ballard was "treated royally—just like a princess" at Atlantic City. With a police escort wherever she went, she was interviewed, photographed, met talent scouts and theatrical celebrities and dined at the biggest hotels. She received letters from Congressmen, Senators, advertising agents, and just plain fans. Her picture appeared in such widely separated places as a sophisticated advertisement in Glamour magazine—and a Hawaiian newspaper.

"The Miss America Pageant is a more worthwhile attraction now than it was when I was there," Mrs. Ballard said. "I was 18 years old at the time, and although I received nice prizes as fourth runner-up, they were nothing compared to the $1,500 scholarship that goes to the winner of that position now.

"Wherever you go, you hear people comment on the number of pretty girls in Cumberland, and I've often thought it was a shame they didn't have a chance to get into the Miss America competition. Now that they have the chance, they should make the most of it."

Mrs. Ballard was accompanied on the Atlantic City trip by her mother, Mrs. Doris Rafter, who is in charge of payroll deductions for Savings Bonds at the main office of the Celanese plant.

"I had a wonderful time at Atlantic City," Mrs. Rafter says. "While the contestants were kept busy, we mothers relaxed on the beach, lived in the biggest hotels, and had people going out of their way to accomodate us. It was the life of Riley—and no dishes to wash!"

Mrs. Ballard's father, a machinist for the Hazelwood Construction Company, thinks the Miss Cumberland Pageant is "just what Cumberland needs."

The closing date for entries in the Miss Cumberland Pageant is Saturday, June 14. Girls from 18 to 28, residents of Cumberland and its immediate suburbs, are eligible to compete, and are invited to obtain entry blanks at Room 514, Liberty Trust Building. Miss Cumberland will receive a silver trophy, and there will be other prizes for the winner and runners-up.

Church Notices Are Due Today

Church notices will be published in Friday's edition of The Cumberland News instead of Saturday's because of the Memorial Day holiday. In order to be published, all church notices must be in The News office by 3 p. m. today.

Rubber Workers To Study Changes In Union Contract

Union committeemen, department chairmen and all officers of Local 26, United Rubber, Cork, Linoleum and Plastic Workers of America, CIO, will review suggested revisions, amendments and additions to the union's contract with the Kelly-Springfield Tire Company at a special meeting to be held Tuesday, June 2, at the union hall, A. B. Johnson, president, said yesterday.

Second shift representatives will meet at 1 p. m. and first and third shift officials will meet at 7:30 p. m. to discuss changes to the program as drawn up by a committee composed of Johnson, Roy E. Davy and R. C. Burkhart.

The 2,500 member union has notified the company of its intentions of opening negotiations on changes in the contract.

The present agreement is effective until July 1 but continues in force for yearly periods unless notice of termination is given by either party 30 days or more prior to the expiration of such period. It may terminate by either upon 30 days notice by either party after July 1.

The present contract, with amendments made from time to time, has been in effect since 1941. Previously, the CIO union, formed October 1, 1935, operated under a verbal agreement.

Union officials said negotiations on the contract changes will begin on the earliest possible date after the suggested changes are reviewed by the group next week.

Noted Scientist To Speak Here

The 67th meeting of the Western Maryland Section of the American Chemical Society will be held in City Hall auditorium tonight at 8 o'clock with Dr. W. A. Noyes, Jr., national president of the American Chemical Society, as guest speaker.

Dr. Noyes, who will speak on "Inorganic Photochemistry," is head of the Department of Chemistry at the University of Rochester. He received his A. B. degree from Grinnell College in 1919 and his science doctorate in Paris in 1920.

He taught at the University of California from 1920 to 1922 and later went to the University of Chicago as an associate professor of chemistry at Brown University from 1930 to 1935, at which time he became a professor of chemistry. He joined the staff of University of Rochester in 1938.

Dr. Noyes became chairman of the Department of Chemistry there in 1939. He was a member of the National Defense Research Committee and the Chemical Warfare Service during World War II, and was a lieutenant in the Signal Corps during World War 1.

Dr. Noyes is well known for his research on electro-chemistry, vapor pressure technique, thermal reactions and photo-chemistry.

Cresaptown Legion To Honor War Dead

Miller Post No. 209, American Legion, Cresaptown, will hold Memorial Day service at the Cresaptown Honor Roll tomorrow at 2 p. m. Post Vice Commander Herbert Allison will be in charge, assisted by the Ladies Auxiliary and members of the Cresaptown Boy Scout Troop.

Memorial Services Feature General Holiday Tomorrow

Most Public Places Will Be Closed

Tomorrow will be a holiday generally in Cumberland and the tri-state area as stores, offices and institutions close in observance of Memorial Day.

Two Memorial Day services and a street parade are planned here by veteran organizations. Fort Cumberland Post No. 13, American Legion, will conduct the annual Decoration Day program in Rose Hill Cemetery following a parade of veteran, patriotic and civic units from the State Armory, South Centre Street.

Marshalled by Capt. Thomas P. Conlon, the parade is scheduled to form in five divisions at 10 a. m. and move at 10:30 a. m. It will be escorted by a platoon of City and State Police and led by Fort Hill High School Band, followed by Headquarters Company and Company C, First Battalion, 115th Regiment, Maryland National Guard.

The second division will be led by Allegany High School Band, followed by Spanish-American War Veterans in cars; Military Order of Purple Heart and their Auxiliary Unit; Fort Washington Post No. 2, Disabled Veterans of America.

Henry Hart Post No. 1411, Veterans of Foreign Wars Drum and Bugle Corps will lead the third division, followed by members of the post and the Post Auxiliary Unit.

Fulton Myers Post, American Legion, Drum and Bugle Corps will lead the fourth division, followed by units of the Second Army Recruiting Service, United States Navy Recruiting Service and Naval Reserve Unit.

The fifth division, led by Squadron No. 13, Sons of the Legion Drum Corps, will include marching members of Fort Cumberland Post No. 13, American Legion and their Auxiliary Unit; Voiture No. 164, Forty and Eight, and the Eight and Forty Salon.

Program At Cemetery

At Rose Hill cemetery, William Carscaden, local attorney, will deliver the Memorial Day address. The invocation will be given by Rev. J. F. Zimmerman, and musical selections will be played by Fort Hill High School and Allegany High School Bands. The American Legion ceremony will be conducted with John R. Kelly, Jr., in charge. Paul Weisenmiller, Jr., post chaplain, and John Neff, sergeant-at-arms, will assist. Rev. E. A. G. Snyder will pronounce the benediction.

Immediately following the program, Henry Hart Post VFW, will conduct the VFW service at the grave of Henry Hart. Post Commander Lee Thrasher and post officers will be in charge.

Amvets Observance

A rabbi, priest and Protestant minister will participate in the Memorial Day observance of J. Louis Wolford Post No. 1, American Veterans of World War II, at Hillcrest Burial Park at 1:30 p. m. Friday.

Rabbi Maurice Feuer of B'er Chayim Temple, Father Ervan Maisel of SS. Peter and Paul Church, and Rev. Walter C. Mehrling of the Zion and Evangelical Reformed Church, Frostburg, will take part in the ceremony. Rabbi Feuer and Rev. Mehrling were chaplains in the Army during the war.

A program of organ music and chimes will be held at the singing tower at the cemetery for a half hour preceding the service. Judge George Henderson will deliver the principal address. The Imperial Chorus will sing.

Tonight at 6:45 a program will be presented over Station WTBO by the Amvets with Turner Summers, post chaplain, speaking. The Imperial Chorus and Fort Hill a cappella choir will sing.

General Holiday

The Court House will be closed Friday and the Board of County Commissioners will hold their regular meeting today at 10 a. m. instead. Schools will be closed, while banks, stores and offices and most other public places will also observe the holiday.

Trial Magistrates Court will be closed Friday and Police Court will not be held. The offices of the Chamber of Commerce and the Community Chest will be closed both Friday and Saturday.

The Maryland State Employment Service will be closed on Friday, as will the Unemployment Compensation Division. Francis A. Kenney, manager of the latter office, said yesterday that all claimants normally reporting on Friday will, for this week only, file their claims today. Both the employment and compensation offices also will be closed Saturday.

The holiday falling on Friday this year will make a weekend vacation possible for many people who normally do not work Saturday. Considerable interest is being shown here in baseball schedules at Washington and Pittsburgh, where home teams have double-headers Friday. The Senators will be host to the Boston Red Sox and the Pirates will play the Chicago Cubs. Numerous Cumberlanders are planning to attend the games. On local diamonds several double-headers are scheduled, including games between Westvaco and the Amvets; Barrelville and the Eagles; and the Naval Reserve and Moose.

Postal Windows To Close

Parcel post, stamp and other windows at the Cumberland Post Office will be closed tomorrow, and no deliveries will be made with the exception of special delivery mail. Outgoing mail will be dispatched as usual, however, and incoming mail will be distributed to Post Office boxes.

The Constitution Park swimming pool is scheduled to open for the season tomorrow, according to Commissioner Myers G. Light. The pool will open at 10 a. m. Sundays and holidays and at noon on other days. Prices will be the same as last year.

Commissioner Light said the area surrounding the pool has been improved. He explained it has been impossible to get equipment to install filtration machinery this year, but that it is hoped the step can be taken before next summer.
